

## CONFEREES VOTE RETALIATORY DUTY ON MANY ITEMS

Restore Countervailing Rates on Coal, Autos, Cement, Bicycles, Paper and Chemicals.

## SENATE HAD STRUCK THEM OUT

They Provide for Levy in Case Some Foreign Country Imposes Tariff on Like Articles.

By the Associated Press. WASHINGTON, April 18.—Restoration to the tariff bill of all countervailing duties now in effect or authorized on coal, automobiles, cement, wood pulp, printing paper, bicycles, and certain chemicals was agreed upon today by the conferees on the measure. The countervailing clauses, which permit the levying of duties on the products named, provided foreign countries tax similar commodities from the United States, were struck out of the bill by the Senate at the request of the State Department.

Many protests followed the action, particularly from coal interests of Pennsylvania, which feared Canada, with a duty of 50 cents a ton on American coal, would make inroads into New England markets if free entry were allowed.

Reconsidering the watch duties, which were increased last week, the conferees reduced the rate previously agreed upon for cheaper watches and left the duty on luxury or high priced watches the same as now in effect.

Between 20 and 25 per cent was taken off the rates on watches having less than 13 jewels, and a cut of about 27 per cent was made in the rate on 16 and 17 jewel watches.

This action was taken, it was announced, because it was feared the rates previously fixed in some instances went outside the limits of the duties that went to conference for adjustment and would be subject to points of order on the floor.

The conferees today agreed on the Senate rate on cases, increasing the duty from 2 1/2 to 3 1/2 cents a pound.

The House group receded from its stand for the present duty, thus obviating the necessity for a separate vote in the House proper on the item, over which the conferees have been deadlocked.

Casins is a skimmed milk product used in the manufacture or finishing of paper, and the higher duty was advocated by dairy interests to protect domestic producers against Argentine competition.

After settling the casin dispute, the conferees completed the adjustment of differences between the Senate and House bills over the free list.

The conferees agreed to the Senate's free listing of gobelin tapestries, now dutiable at 50 per cent, but rejected the House provision to permit free entry of Venetian glass mosaics and accepted the Senate increase in duty from 55 to 60 per cent.

Reports on Work Discussed. Whether the administrative phase will be taken up now or a part report made to each house on the work thus far accomplished was discussed, but not settled.

The conferees struck out of the bill a Senate provision which would have denied the courtesy of the port, free entry or other special privileges in examination of baggage to returning Federal officials, Senators or Congressmen.

This provision was placed in the bill in the Senate on motion of Senator Harrison (Dem., Miss.) one of the conferees.

The conferees accepted the Senate amendment providing that returning American tourists shall not take advantage of the right to bring in \$100 worth of goods free of duty more than once within 30 days.

A Senate provision striking out would have permitted free entry to scientific instruments imported for research work and not for sale.

Articles on Free List. Among the articles approved for the free list were waste rope, horses and mules imported for immediate slaughter, kleserite, muzzle-loading shotguns and rifles, Kapok seed, rubber seed, olive, palm kernel, rapeseed, sunflower, and sesame oil rendered unfit for food or for manufacturing purposes, London purple, violins made in 1800 or prior years.

The 10 per cent duty on Christmas trees, which the Senate had placed on the free list, was restored.

Fade for horses, now free, were placed in the leather paragraph with a rate of 15 or 35 per cent.

Playing With Pistol, Shoots Friend. A revolver with which William Rhin, 19 years old, was demonstrating the "Texas twist" in his room at 910A North Twentieth street, yesterday was accidentally discharged and the bullet struck Arrol J. Sweeney, 17, 1217 Benton street, who was watching the demonstration. In the left arm, Sweeney was treated at a physician's office and taken home.

## Tennis Queen Exhibits Drawings

MRS. FREDERICK S. (HELEN WILLIS) MOODY. WITH her drawing of Bobby Hines of South Africa, one of her many tennis action drawings, on exhibition at the Grand Central Art Galleries, New York. As an artist, she says, she remains Helen Willis, but she will appear on the tennis courts henceforth under her husband's name, that is, as Mrs. Frederick S. Moody.

## TIDE IS TURNING AGAINST DUNK, SAYS LEADER OF WETS

Continued From Page One.

come back here and testify on the 19th or 20th.

"The Judge is also going to reach Senator Wadsworth in Cuba by phone and ask him to break up his vacation and come back for the same purpose."

"I cannot ask you too strongly to impress upon Gen. Atterbury that Judge Graham thinks the three above mentioned things of vast importance to the cause."

Tells of Publicity Efforts. Questioned about newspapers which used publicity of his organization, Curran named two in Montana—the Butte Miner and "The Anaconda Something."

The Butte Miner went out of existence several years ago, Senator Walsh (Dem.), commented. Several in the audience applauded.

Curran also named several papers along the Atlantic seaboard which used the publicity.

Many of the small town papers "betrayed" the publicity, he said, adding: "The editors would have to leave town if they used it."

Senator Robinson (Rep.), Indiana, placed in the record a letter sent by John J. Raskob, chairman of the Democratic National Committee, and a director of the association, last December to 494 persons who contributed to the Democratic campaign fund. It brought 12 contributions totaling \$375, the records showed.

Letter From Raskob. The letter said in part: "I am writing under the assumption that, with many others of our citizens, you are in favor of a change in the prohibition laws, and in sympathy with the sound, progressive, energetic and highly successful measure that our association is taking to remove them."

"From my observation of conditions throughout the country, it is my opinion, and probably yours, that there exists a clear majority of voters opposed to the cruel and absurd laws on the statute books."

"Final success in our great enterprise can be achieved when it is possible to unite all our members and those of our citizens who endorse our view of prohibition in elections or other political contests untrammelled by any other issues."

The letter added: "Failure to enforce prohibition during the last 10 years—which failure was inevitable from the beginning—has been accompanied by an orgy of graft, corruption and lawlessness such as our nation has never seen before. In my opinion this can only be ended by an adequate expression of the will of the people impressed upon Congress by votes."

L. du Pont Wrote Republicans. A similar letter was sent by Lamont du Pont to 12 Republican campaign contributors and it brought in five contributions totalling \$2125.

Senator Robinson read from records of the association that \$17,017 had been spent in Massachusetts recently by the Liberal Civic League.

The records included \$5000 for a meeting addressed by Gov. Ritchie of Maryland and totalling \$17,017.

Robinson said \$13,835 had been raised from local contributions. Curran said the remainder was about what the association contributed.

Robinson said \$5,000 had been contributed by Pierre duPont and was characterized as a "duPont subsidiary."

"What is a duPont subsidiary," Curran asked. "I'd rather say that it was a duPont racket," the Indiana replied.

"Well, I guess you've got one" in Indiana," Curran retorted.

Waiting a moment, Curran asked

## SENATE ORDERS INVESTIGATION OF POSTAL LEASES

Blaine Resolution Provides for Inquiry by Committee of 5 Into Charges of Fraud.

By the Associated Press. WASHINGTON, April 18.—The Senate today ordered an investigation of equipment leases of postoffice buildings. The Blaine resolution providing a sweeping inquiry into conditions surrounding leases in connection with which fraud and corruption have been charged was adopted by a viva voce vote.

Senator Blaine (Rep.), Wisconsin, had insisted on the investigation, charging that fraud was rampant in the postoffice leases.

Congressman Maas (Rep.), Minnesota, had singled out the Paul commercial postoffice lease as an example of the fraud he also contended was to be found in the leases of postal buildings.

The investigation will be made by a special committee of five Senators, authorized to act through a subcommittee holding sessions wherever it is deemed necessary. The committee has an initial authorization to spend \$10,000 under the resolution, and authority to subpoena witnesses and documents.

The House subcommittee recommendation on the subject will be made next Thursday.

## WICHITA "JAKE PARALYSIS" LAID TO LEAD POISONING

Sample of Liquid Drunk by One of Victims Is Analyzed by Chemists.

By the Associated Press. WICHITA, Kan., April 18.—Lead poisoning is thought by two Wichita chemists to be responsible for the epidemic of "jake paralysis" here, which public health officials say has made charitable assistance for about 100 persons necessary.

Curtis Anderson and Earl Snyder last night said they found considerable lead in a sample of Jamaica ginger from which a 40-year-old paralysis victim admitted drinking.

Fifteen penniless victims of the malady are being cared for at the county poor farm. Others are receiving aid at their homes.

Only a few victims appeared yesterday to bathe their afflicted limbs in the petroleum refinery curative value of the lime.

Golovin, Russian Painter, Dies. DETSKOIE, U. S. S. R., April 18.—Alexander Golovin, one of the best known of modern Russian painters, died here yesterday. He was 67 years old. The Soviet Government recently conferred on him the title of "The People's National Artist."

## SLOT MACHINE BUSINESS AGAIN AS USUAL HERE

Pollnow Brothers Said to Have Set Up Vending Device Seized by Police on North Grand.

The re-entry of the Pollnow Brothers into the profitable slot machine field here was indicated when the police gambling squad seized a machine in the restaurant of Steve Camatos, 307 North Grand boulevard, yesterday afternoon.

The machine had been installed three weeks ago by the Central Vending Machine Co., 2124 California avenue, Camatos told the raiders.

Fred F. Pollnow, head of the Central Co. and chief lieutenant of Jake Katz of Chicago in managing a slot machine pool which operated in St. Louis in 1928, has not served a day of the sentence of six months in jail voted against him by a jury three and a half years ago, although it is more than a year since the Missouri Supreme Court affirmed the sentence. Following the discovery of this, his \$1000 appeal bond was forfeited last January and police received a general order to arrest him on sight.

It is understood Pollnow, while returning to the California avenue address for occasional visits, has stayed out of the city most of the time. He has attended to the company's slot machine business in other places and at carnivals, fairs and circuses, leaving the local situation in charge of his brother, Caesar Pollnow. The conviction of Fred Pollnow was followed by depression to the slot machine industry, but business as usual now seems to be the order.

Fred Pollnow was convicted Oct. 26, 1926, of setting up a gambling device. A few months later Caesar Pollnow was acquitted of a similar charge.

The slot machines are of various types, but all designed to attract school children and adults alike. The one seized at the Grand boulevard restaurant was in plain view on a counter. A member of the police gambling squad walked in, asked to play the machine and gave a marked \$1 bill, receiving six tokens and 75 cents change. The "mint vending" machine discharged no mints while he played it, but he finished six tokens ahead and cashed the 12 tokens with the proprietor for 50 cents, he reported. The marked bill was recovered from the cash register.

A warrant will be applied for against Camatos.

The placing of slot machines in the vicinity of East St. Louis schools has aroused protests. It was estimated that 200 machines have been set up in a five-block radius.

## WOMAN STRUCK BY BUS ON DELMAR NEAR SKINKER

Unidentified Victim Taken to St. Luke's Hospital; Injuries Are

An unidentified woman about 40 years old was seriously injured shortly after 9 o'clock today when struck by a Peoples motorbus on Delmar boulevard west of Skinker boulevard. She was taken to St. Luke's Hospital, suffering from a skull injury.

The bus chauffeur said the woman stepped into the path of his bus from behind a westbound street car.

## Wickersham Asks Editors to Use Power for Dry Law Observance

Addressing Society in Washington, He Asserts Individual Has No Inalienable Right to Buy and Consume Liquor.

By the Associated Press. WASHINGTON, April 18.—Chairman Wickersham of the Hoover Law Enforcement Commission today told the American Society of Newspaper Editors that the individual had no inalienable right to procure and consume liquor.

He said there was no pretense that such a right was protected by the Constitution but that the excuse was offered that the prohibition amendment "constitutes an inexcusable invasion of personal liberty."

He said a "strange confusion of ideas is apparent in the exposition of the protesters against the national prohibition law."

"It is comparatively venial for one to break the law, with one's eyes open to possible consequences," he continued. "But to unite with others in openly aiding and abetting the violation of any law, upon the plea that it ought not to have been enacted and cannot be enforced, is inviting revolution and anarchy."

After reviewing the long fight waged to prohibit liquor, Wickersham said opinions differ as to whether it may be found desirable to modify the eighteenth amendment.

"But I appeal to you, and through you to the press of America," he said, "to aid in demonstrating that so long as the law stands as it does now, no patriotic

American should advocate flouting its provisions, or boast of violating its commands."

The law enforcement chairman asked the editors: "Will you not choose to exercise your power in behalf, not of unrestricted license, but of observance of the law?"

He said experience has demonstrated that when there is a widespread popular demand for a change in the Constitution it is not difficult to secure amendment.

"On the other hand," he continued, "no minority, however militant and clamorous, can modify or change the fundamental law, except through the supine indifference or apathy of the majority."

"If any considerable body of citizens object to any part of the Constitution, it is their right to organize and work for its change by methods provided in the Constitution itself."

"There is no reserved right in individual citizens to select particular laws which run counter to their tastes, wishes, habits or interests, and preach systematic disregard for or violation of those laws. And there is no inalienable right in the individual to procure and consume intoxicating liquor."

"It is not too late," Wickersham said, "now to begin a campaign of education concerning the evils of intoxicating liquor."

## MAYOR MILLER WON'T OBJECT TO VAN SWERINGEN DEAL

Tells Service Board He Has No Objection to Holding Company's Acquiring Missouri Pacific.

By the Associated Press. ST. LOUIS, April 18.—Mayor Miller of St. Louis and Mayor Smith of Kansas City notified the Missouri Public Service Commission today that they had no objection to the application of the Allegheny Corporation, holding company of the Van Sweringen interests of Cleveland, for authority to acquire stock control of the Missouri Pacific Railroad Co., and would not be represented in a hearing on the application here Monday.

Mayor Miller, in acknowledging a notice from the commission, said he had been advised that President Baldwin of the Missouri Pacific considered the move would be in the public interest. The mayor said he had such confidence in President Baldwin in so far as the interests of the public and the Missouri Pacific were concerned that the city of St. Louis would offer no objections to the transfer of control of the railroad to the holding company.

Mayor Smith wrote a brief letter, stating that, so far as he knew, there was no objection in Kansas City to granting the application if the commission approved it.

## \$125,000 FOR BRIDGE RAILS

City to Construct Interlocking System at Southern Approach.

Appropriation of \$125,000 to construct an interlocking system of railroad tracks, at the foot of the Southern approach to the Free Bridge, was authorized by the Board of Estimate and Apportionment today.

The board instructed E. R. Kinsey, president of the Board of Public Service, to introduce the bill, which will provide for construction of switches, signal towers and other necessary apparatus where the tracks of the Missouri Pacific Railroad intersect municipal tracks.

## PACIFIC COPPER CO. BOOKS ARE SEIZED AT LOS ANGELES

Grand Jury Investigating Alleged Pool Agreement, District Attorney Takes Records.

By the Associated Press. LOS ANGELES, Cal., April 18.—Books and records of the Pacific Copper Co. were seized today by investigators from the District Attorney's office, where it was stated the grand jury was investigating information concerning an alleged pool agreement "which may equal" that brought to light in the Julian Petroleum Corporation stock issue.

## BANDITS KILL MEXICAN GENERAL

Hold Up Bus and Rob Several Passengers.

By the Associated Press. MEXICO CITY, April 18.—El Universal Grafico says Gen. Jose Gutierrez Casares, commander of the Sixteenth Mexican Cavalry Regiment, was killed by bandits who held up a passenger bus on which he was traveling from Celaya to the army camp at Sarabia.

Several other passengers on the bus were robbed, but later were allowed to proceed.

## BOY IS HELD JUSTIFIED IN KILLING HIS FATHER

Inquest Verdict Is Theodoric Malone, 17, Fired in Defense of Mother.

A Coroner's verdict of justified homicide was returned today in the case of Stanley Malone, 42-year-old laborer and former saloonkeeper, who was shot and fatally wounded by his 17-year-old son, Theodoric, at their home, 2013A North Ninth street, Sunday night.

The verdict read that Theodoric shot his father "while protecting his mother." The youth did not testify, but accounts of the killing were given by his mother and sister, Stella, on the witness stand.

Malone, according to his wife and daughter, habitually went on week-end sprees. Sunday night, he awoke up his family and struck his mother, son and daughter.

"Our Lord will punish you for acting this way during the Easter season," Mrs. Malone warned her husband.

"I'll feed you bullets for Easter," he retorted.

When he pointed a revolver at the mother, according to the testimony, and threatened to kill her, she grabbed the weapon and shot the father in the abdomen.

The mother testified she was in her forehand and arm in support of her testimony that Malone had mistreated her during their 12 years of married life.

## RALPH CAPONE DEPOSITED \$1,851,840 IN SIX YEARS

This Is Testimony at Income Tax Trial of "Scarface Al's" Brother.

By the Associated Press. CHICAGO, April 18.—Deposits totaling \$1,851,840 were made in single checks in a six-year period by Ralph Capone, younger brother of "Scarface Al," the gang chief, a Government agent testified today in the younger Capone's trial for alleged violation of Federal income tax laws.

The evidence was introduced by Archie L. Martin, special agent in the Intelligence Unit of the Internal Revenue Bureau.

Government witnesses also have shown numerous deposits made by Capone under various aliases, the figures being admitted by Judge James H. Wilkinson after strenuous objections by defense counsel.

St. Louis Machine Campaign. Anyways, orders to close were delivered to William Gleason, one of the principal owners, who is said to have boasted that he had everything lined up. Chief of Police Leahy also announced today that he would begin a campaign against slot machines in East St. Louis.

The Southern Club got its name from the Southern Hotel, Third and Broadway, where it was located until several months ago, when it moved to its present quarters on one of the more important sections of the business district, Collinsville avenue and East Broadway.

Younan Fishman, a Younan man, are understood to be the principal owners with several associates.

Assistant State's Attorney Roberts said he had issued orders to investigate the Southern Club and the Police Department and Sheriff's office on occasions in the past and once had sent the police search warrant which was returned with the notation "nothing found."

Under Indictment. Gleason is under Federal indictment charged with perjury in sworn statement made when he testified as a bondsman for six men charged with liquor conspiracy. It is charged that he stated "we not a surety on any bonds, although he was at the time a co-surety on the bond of Earl and Bernie Shelton, East St. Louis gangsters, in the Collinsville mail robbery case."

Roberts said he decided to act Monday after a conversation with representatives of the Vandervoort bank, which had sued the First National Bank of East St. Louis to recover bank accounts in the name of Fishman and McMurtre in the rounds that Chalmers, the Frisco embezzler, used those names as aliases to hide money.

It is understood the East St. Louis bank has an account in the name of Younan Fishman with a balance of about \$400.

Assistant Cashier Phillips of the Vandervoort bank embezzled \$21,000 and Chalmers, before they were caught, in their confessions they named the Southern Club as one of the places where they lost the stolen money gambling.

YOUTH UPSET MAIL BOXES Held for U. S. as Result of "Little Fun." Two youths, who amused themselves at 1 a. m. today by overturning two heavy mail boxes and tearing down a sign on in front of a dentist's office near Fourth and Warren streets, were arrested by Patrolman Martin.

The youths, who explained they were "having a little fun," said they were Herbert Garlsland, 18, 1408 Wright street, and Ed Brady, 18, 1441 St. Louis avenue.

## SPRING GAMBLING HOUSECLEANING IN ST. CLAIR COUNTY

Southern Club Gets Deluge of Orders to Close From City and County—Dark First Time in Two Years.

INQUIRY INTO ALL FORMS OF GAMING

State's Attorney Promises Prosecution of Dice, Cards, Handbook and Weather Ticket Operators

A thorough investigation of gambling conditions in St. Clair County, to be made by Sheriff Charles Ahrens and his deputies, was ordered today by State's Attorney H. C. Lindauer as the result of recent disclosures in connection with two St. Louis embezzlement cases in which \$154,000 was stolen.

The Southern Club, East St. Louis gambling resort, frequented by Oliver D. Chalmers, former manager of the Frisco Railroad, and Marvin E. Phillips, assistant cashier of Vandervoort-Barney Bank, was dark last night under closing orders after operating unmolesied for more than two years.

Lindauer, at Belleville, said he ordered the Sheriff to "investigate everything, craps games, cards, dice, handbooks and even down weather tickets and baseball tickets" with a view to preparing orders complaining of which prosecutions may be based.

The Southern Club, at 320 East Broadway, consisting of a racing book shop on the first floor and a gambling room on the second floor, was deluged with closing orders yesterday. Lindauer announced that he had ordered Chief of Police James Leahy of East St. Louis to close the place. Leahy had issued an order on his own initiative. Assistant State's Attorney Roberts at East St. Louis said he had ordered Chief Deputy Sheriff Arthur Kraessig to close the club, and Kraessig said he acted on Roberts' suggestion after obtaining the approval of his superior, Sheriff Ahrens.

Slot Machine Campaign. Anyways, orders to close were delivered to William Gleason, one of the principal owners, who is said to have boasted that he had everything lined

## RECEIVER SOUGHT FOR AGRICULTURAL CREDIT COMPANY

Stockholder Alleges Notes Were Purchased at Huge Loss From Compton Co. and Land Bank.

Suit for a receiver for the St. Louis Agricultural Credit Corporation, with offices in the American Trust Building, was filed in Circuit Court yesterday by Earl F. Nelson, an attorney, who owns \$2500 of its stock.

Nelson also asks for removal from the company's board of directors of William R. Compton, William R. Compton Jr., L. I. Beavers, Ben S. Lang and Guy E. Holmes, alleging they abused their powers in permitting the company to purchase at great loss certain real estate notes, farm land mortgages, bonds and other property from the William R. Compton Co. and the St. Louis Joint Stock Land Bank. All three companies were controlled by the same group of officers, it was alleged.

The two Comptons, Beavers, Lang, Holmes and William R. Humphrey, E. R. Bruce, H. H. Hopkins, D. M. Hardy and Eugene W. Sloan, also associated in the enterprises, are named as co-defendants. The petition was presented to Judge Percy, who granted an order to show cause returnable Thursday. Accounting Is Demanded.

The suit shows that the defendant corporation was organized in February, 1925, and has an authorized capitalization of \$800,000, with \$400,000 paid up. It is alleged that due to mismanagement the assets have shrunk to less than \$100,000 and an accounting is sought from the defendants. According to Hyman G. Stein of the law firm of Dubinsky, Dugan & Stein, representing Nelson, the amount demanded in the accounting will run to approximately \$300,000.

Reviewing the organization of the St. Louis Agricultural Credit Corporation, the petition states that about the time it was formed and for two years thereafter the value of farm lands was at a low level and farms were not readily saleable. It appears from the petition that the William R. Compton Co., an investment concern, and the St. Louis Joint Stock Land Bank had investments through loans and otherwise in farms and plantations in various states, which were transferred to the new company after it was formed, thereby, it is alleged, placing the loss sustained from such investments on the agricultural credit corporation and avoiding loss for the original investors. Other such investments said to have been owned by the old companies also were conveyed in the same way, it is alleged. The bulk of these transactions were with the Compton Co., the petition shows.

Denies Irregularity. Another allegation is that in 1925 the directors of the corporation wrongfully advised its stockholders that the company's earnings had been large and declared a dividend of \$9000, but the fact was the business suffered an actual loss of several thousand dollars. It is alleged that books and other records of the company were improperly kept. Attorney Stein said at least 50 persons are stockholders in the company, with the group named as defendants owning about \$100,000.

William R. Compton Jr. declared that the Agricultural Credit Co. was being liquidated in accordance with a decision reached at a recent stockholders' meeting and there was no need for a receivership. He denied the charges of irregularity in the activities of officers. The Compton Co. itself was purchased last October by the Chatham Phenix Corporation of New York.

## DIVORCES DENTIST WHO SCARED HER WITH HORRIBLE STORIES

Wife of Stamford (Conn.) Man Says Her Health Was Injured by Them.

By the Associated Press. BRIDGEPORT, Conn., April 18.—The charge that he had a passion for telling morbid stories is one of the allegations of cruelty on which Mrs. Haskell W. Wall, wife of a Stamford dentist, obtained a divorce here yesterday.

Mrs. Wall testified that her husband delighted in relating details of sudden and horrible deaths which preyed on her nerves and affected her health, that he made her sleep on the floor, and kept his sick rooster in the house.

## \$24,900,000 EQUIPMENT TRUST AUTHORIZATION IS SOUGHT

By the Associated Press. WASHINGTON, April 18.—Applications of two Van Sweringen railroads, the Chesapeake & Ohio and the Pere Marquette, to issue \$24,900,000 of equipment trust gold certificates to be used in the purchase of new equipment costing \$23,357,699, were made today to the Interstate Commerce Commission. The Chesapeake & Ohio would assume obligation and liability for \$19,800,000 of the certificates to purchase equipment costing \$23,357,699 and the Pere Marquette \$5,100,000 to buy equipment costing \$5,100,000.

## DRUG STORE ROBBER GETS 10 YEARS; PLEADS GUILTY

George Hutchings, 23 years old, pleaded guilty to two charges of robbery with a deadly weapon and was sentenced to 10 years in the penitentiary today by Circuit Judge Hamilton.

Hutchings was arrested March 19, when Patrolman Paschke of the Newstead Avenue District interrupted him in the act of robbing the drug store of Walter McCormack at Sarah and McPherson avenues. Hutchings resisted arrest and was wounded in the arm and chest by shots from the policeman's revolver.

On the previous night Hutchings had held up Milton Sick, clerk in the Greengard drug store at Lindell boulevard and Whittier street, and several customers. He took \$84 and six watches.

## CAMPAIGN FUNDS COMMITTEE CALLED TO PLAN HEARINGS

Group Finally Completed With Appointment of Senator Dale of Vermont.

WASHINGTON, April 18.—The Senate Campaign Funds Investigating Committee was called into session for late today to organize and outline its program.

The personnel of the committee was finally completed with the appointment of Senator Dale (Rep.) Vermont, as the fifth member. Chairman Nye immediately called for organization and he is looking ahead to early work on the Illinois and Pennsylvania primary contests.

Other members of the committee are Senators Patterson (Rep.) Missouri, and Dill, Washington, and Wagner, New York, Democrats.

## DECAPITATED BODY IS FOUND ON MISSOURI PACIFIC TRACK

Unidentified Man Wore Overalls, Blue Shirt, Blue Coat, and Gray Cap.

The decapitated body of an unidentified man about 27 years old was found early today lying between the rails of the westbound Missouri Pacific track west of Geyer road, Kirkwood. The man wore overalls, a blue work shirt, blue coat, and gray cap. He was about 5 feet, 7 inches tall, and weighed about 150 pounds.

The body is at Bopp's undertaking establishment in Kirkwood.

Emporia (Kan.) Glider Club. EMPORIA, Kan.—Emporians have organized a glider club with 30 members, and have ordered a glider.

## U. S. ARMY SURGEON INDICTED FOR POISON MURDER OF WIFE

True Bill Returned by Federal Grand Jury at Topeka, Kan.

TOPEKA, Kan., April 18.—Charles J. Shepard, 59-year-old Army medical corps officer, indicted by a Federal grand jury here today on a charge of first degree murder for the alleged poisoning of his 37-year-old second wife at Fort Riley, Kan., last summer.

Railway Station Held Up. By the Associated Press.

CHARLESTON, Ill., April 18.—Binding and gagging three attackers, two unmasked men robbing the Big Four Railroad station at \$200 at 5 o'clock this morning escaped.

\$3.50; 1 to 6... (Second Floor.)

## LETTERS INDICATE MISSING SEATTLE MAN DIED HERE

Hotel Guest Known as  
Thomas Reynolds  
Thought to Be Thomas  
Gittins, Lumber Dealer.

Papers found today in the effects of a penniless man who died at the City Hospital Jan. 18, under the name of Thomas Reynolds, identify him as Thomas Gittins, prominent Seattle, Wash., lumberman who disappeared last October in Victoria, B. C.

An unmailed letter, written Dec. 11, last, at the New Carleton Hotel, 6 North Eighth street, from where he was taken to the hospital five days later suffering from alcoholism, told his wife of his whereabouts and stated that he disappeared because "I was held up and robbed and was too much of a coward to face the music." It threatened suicide.

Information from Seattle states that Gittins, a lumberman in the Pacific Northwest for 40 years, disappeared under mysterious circumstances in Victoria, B. C., while in partnership with M. G. Thomie, former Washington legislator, in a lumber deal. Gittins, who had \$500 for immediate expenses, was to supply the experience and Thomie the capital.

**Bill of Sale Found.**  
The last word from him until December was a letter to his wife, written in Victoria, Oct. 18, the day he was to meet his partner. One of the transactions in Victoria was disclosed in a bill of sale found in the effects of "Reynolds." It is signed by Thomas Gittins for the purchase of a launch on Oct. 10 and involves a cash payment of \$250. A blueprint, showing cedar, spruce, pine and hemlock footage in the vicinity also was found.

His disappearance was not reported for three weeks, as it was thought he had gone into logging camps in the woods. British Columbia and Seattle police then started a search which was finally abandoned. Several bodies recovered at different times were at first thought to be that of the missing Gittins.

Mrs. Gittins admitted today, according to word from Seattle, having heard that her husband was ill in St. Louis under the name of "Reynolds," and writing to him under that name, signing the name of H. P. Gordon, her name by a

previous marriage. She said that she does not know positively that the man who died in City Hospital was her husband, although several messages are on file there from H. P. Gordon referring to his death. One message directs that the body be held "until further notice," but when no definite arrangements were made for its shipment it was buried here.

Efforts were made also to induce the Odd Fellows to send the body to Seattle. The Rev. M. A. Mathews, pastor of the First Presbyterian Church, Seattle, wired the grand secretary here that he was acting on behalf of the widow, and that Reynolds' real name was Gittins, a former grand master of the order. The widow was destitute, he said, and required aid. Records of the order, however, failed to disclose that anyone by the name of Gittins or Reynolds had ever held that office.

Hospital authorities were puzzled when they received a request from "H. P. Gordon" to return self-addressed air mail envelopes addressed to "Reynolds" from his wife, which went unanswered because he was unable to write or speak coherently.

**Suicide Letter Not Mailed.**  
One letter, with an envelope for reply addressed to "Mrs. H. Walcott, 432 Bellevue Court, Seattle"—the same address given by "H. P. Gordon"—apparently from the wife, acknowledges receipt of a letter which he evidently substituted for the one carrying a suicide threat found in his effects.

The wife promised to send him \$5 as soon "as I hear from you," and after his death wrote to the hospital requesting \$600 which she claimed he had. Reynolds, however, was penniless, and had sold most of his spare clothes the day before he was taken to the hospital. The unmailed letter to his wife tells of being robbed and then driving here with friends and of a futile search for work "because I am too old and they all want young men." Gittins was 63 years old. He concludes by saying "I changed my name to Thomas Reynolds."

**Was Looking for Work.**  
Penciled addresses of employment agencies in an account book disclose a long search for work, while he lived at the hotel for a month, contrasted with another page bearing an expense account recorded last May, when he was apparently prospering. It shows personal expenditures for the month of more than \$300.

W. B. Wright, proprietor of the hotel, said that "Reynolds" had been drinking heavily for several days before it was necessary to remove him to the hospital.

**Baby Named "Census Taken."**  
By the Associated Press.  
ATHENS, Ga., April 18. — A census taker visited a Negro home here soon after the birth of a child. "Census Taken" is the name the baby will carry through life.

## NONSTOP TOKIO-TO-SEATTLE FLIGHT NEXT MONTH PLANNED

It Will Be Made by Pilot After Proposed Record Nonfueling Attempt.  
By the Associated Press.  
LOS ANGELES, Cal., April 18. — Charles P. Rockville, vice president of the Enco Aircraft Corporation, today announced plans for a nonfueling endurance flight next week in a new "Flying Wing" monoplane in an effort to beat the German record of 65 hours, 20 minutes. The flight will be made at Long Beach, Cal.

Immediately after the endurance flight, Rockville said, the plane will be crated and shipped to Tokyo, Japan, from which place it will take off on a nonstop flight to Seattle, Wash. Rockville, a veteran pilot, said he would be at the controls on the Japan-to-America flight. A co-pilot has not been named.

The plane is unique in type. Its 300-horsepower motor and two open cockpits are in a nacelle, or body, which extends only two feet behind the wings. It has a wing spread of 60 feet.

## FRAZIER ACCUSES WILBUR OF 'PASSING THE BUCK'

Senator Charges "Bureaucratic Methods" Are Used in Dealings With the Indians.  
By the Associated Press.  
WASHINGTON, April 18. — Attacking Secretary of Interior Wilbur for "passing the buck," Senator Frazier (Rep.), North Dakota, chairman of the Senate Indian Affairs Committee, today complained on the floor of the Senate against "bureaucratic methods" of the Indian Bureau. He also assailed what he termed a movement to lease the Flathead power site to the Rocky Mountain Power Co.

Frazier said Wilbur was "passing the buck" on the question of getting justice for Mrs. Minnie L. Ward, commission file clerk, who was recently discharged after clashing with F. E. Bonner, executive secretary of the commission. "These same methods," Frazier added, "are used in dealing with the Indians." He then named Indian reservation supervisors whose usefulness, he said, had "come to an end."

## TWO CONJUNCTIONS OF VENUS AND MERCURY THIS MONTH

Both Planets Will Be Visible in Western Sky on April 22 and 27.

By The Associated Press.

WILLIAMS BAY, Wis., April 18.—The planets Venus and Mercury will be in conjunction twice this month.

The planets are said to be in conjunction when in their east and westward movements they pass each other, as seen from the earth. These meetings of the planets will occur on the evenings of April 22 and April 27.

On April 22 and 27, Venus will serve to point out the position of Mercury, which will be 2 1/2 degrees north of Venus, or about five widths of the moon, on each of these dates.

Although of the first magnitude, Mercury is seldom seen by most persons, as it is too near the sun. The planets will set in the northwest at about 8:10 p. m. central standard time. Venus will be visible to the naked eye shortly after 7 o'clock. Between April 22 and 27 Mercury will move eastward from Venus and will be slightly higher in the sky, but after the second conjunction, Mercury will move rapidly toward the sun and soon will be lost in the twilight.

Henry Campbell Close Put to Death at Trenton, N. J., for Killing Bigamous Wife.

Special to the Post-Dispatch.

TRENTON, N. J., April 18.—Henry Campbell Close was put to death in the electric chair in State Prison last night for the murder last year of his bigamous mail-order bride, Mrs. Mildred Mowrie, near Cranford.

He died as Henry Campbell Close, but the widow and three children who survive him knew him as Henry Collin Campbell. Close in 1926 made \$25,000 as an advertising manager in Chicago, but in 1927 lost heavily in a real estate deal. At his trial he insisted that he had applied to two matrimonial agencies for a business partner, not a wife. Through one of the agencies he met Mrs. Mowrie, who had \$10,000, but that was not enough to help him and in order to be rid of her he killed her.

## TWO NEGROES HOLD UP GROCERY AND GET \$639

Alfred Kuhn, 6980 Hancock, Robbed Shortly After Opening Store.

Alfred Kuhn, proprietor of a grocery and meat market at 6980 Hancock avenue, was held up and robbed of \$639 in receipts shortly after opening his store at 6:30 a. m. today.

Kuhn said he had placed his roll of bills and checks on a shelf preparatory to making a bank deposit. Two Negroes entered and, without saying a word, one took the money while the other guarded Kuhn with a revolver. After throwing the checks on the floor, the Negroes departed.

Thomas Knapp, a roomer at the home of Mrs. Delores Clark, 4248 W. Page boulevard, was held up in front of the house at 8:30 o'clock last night by three men who forced him to enter the house ahead of them.

"We want something to drink," the men told Mrs. Clark. One flourished a revolver. Informed there was nothing to drink, the men began ransacking the house. Mrs. Clark locked herself in a bedroom, broke a window and called for help. The men fled.

Other holdups: Western Union branch office, 3507 Chouteau avenue, 11:15 a. m.; filling station, 1032 McCausland avenue, 1:15 p. m.

Theft of \$16.50 and jewelry valued at \$360 from his home was reported by Albert Miller, 4973 Marcel avenue. Henry H. Spencer, attorney, 2416 Rowan place, reported his private watchman's badge and pistol were stolen from his automobile at a garage downtown.

Posed as O'Brien to Pass Checks.

By The Associated Press.

KANSAS CITY, Mo., April 18.—Leonard D. Mitchell, 24 years old, arrested on a charge of attempting to pass a worthless check, told police he had posed as Forrest O'Brien, who, with Dale Jackson, established an endurance flight record. He declared he had passed checks only in Kansas City and said he had not been in other cities.

## FRENCH DEPUTIES OBJECT TO SCHOOL FIGHT ON WINE

Protest So Vehement That  
Minister of Education  
Promises to Stop Pledge-  
Signing Campaign.

HE WILL FORCE  
TEXT BOOK CHANGE

Speaker Calls Attention to  
Posters That Refer to  
"Great Dry America's"  
Dominance in Sport.

Special Cable to Post-Dispatch and  
New York World.

Copyright, 1930, by the Press and Publisher  
Publishing Co. (The New York World  
and Post-Dispatch.)

PARIS, April 18.—Some of the  
Deputies in Parliament are excited  
over the reports that the Anti-Al-  
coholic League of France is induc-  
ing children of nine and 10 years  
to sign the pledge.

The 1,500,000 wine growers of  
France are deluging the Deputies  
with demands to stop the employ-  
ment of W. C. T. U. tactics in  
French rural regions. An impor-  
tant debate in Parliament was  
halted to give Edouard Barthe,  
Socialist Deputy, for the wine  
growing department of the Herault,  
a chance to demand an explanation  
from Minister of Education  
Marraud.

Aroused by protests from every  
part of the Chamber, in which the  
party lines were forgotten, M.  
Marraud hastily arose and an-  
nounced that attacks in the public  
schools on the consumption of  
wine would be stopped immedi-  
ately and that, if necessary, school  
masters permitting such propa-  
ganda would be removed.

"You may count on me," he said,  
"to put a stop to this campaign.  
I am from a wine country myself.  
Any attempt to inculcate hostility  
to the glorious wines of France is  
more than deplorable and I, as a  
minister and representative of the  
Government, disavow it. I am  
about to take steps either to ban  
the school manuals into which such  
heretical doctrine has been al-

lowed to creep or have the pub-  
lishers amend them in such a way  
as to restore to wine drinking its  
true character in the eyes of school  
children. Wine should be one of  
our national glories."

The campaign is making of  
French public schools a hotbed of  
agitation against wine cultiva-  
tion, which is one of the major  
industries of France.

M. Barthe, who, in addition to  
being a Deputy, is also president  
of the International Office of  
Wines, called attention to the fact  
that school masters are permitting  
large posters to be placed in school  
rooms declaiming, "Alcoholism is  
the ruin of the individual" and are  
citing the example of "Great dry  
America's" preponderance in the  
world of sport.

He cited a textbook called "The  
Natural Sciences," which is widely  
used and in which the following  
phrases appear:

"Pure wine being already dan-  
gerous, it is easy to imagine how  
much more so are distilled liquors  
through their large proportion of  
alcohol."

"Cognac in one centigram doses  
can kill a large dog."

In conclusion Barthe quoted Pas-  
ter, who said: "Wine is the most  
healthy and hygienic of beverages."

### VICOMTE DE SIBOUR AND WIFE IN KENYA COLONY

They Plan to Settle Down on Their  
Farm There After Flight From  
England.

By the Associated Press.

NAIROBI, April 18.—After two  
months of an adventurous flight  
from England, the Vicomte and the  
Vicomtesse de Sibour, who is the  
only daughter of Gordon Selfridge,  
American department store owner  
in London, have settled down on  
their farm in Kenya Colony. The  
pair had to sell their plane in  
Abyssinia and traveled from Djibuti  
to Nairobi by boat and train, the  
first time in four years they had  
used a train for transportation.

They were allowed to enter Aby-  
ssinia in their Gipsy moth plane on  
condition that they sell the ma-  
chine, which they agreed to do.  
The Negus then let the flyers go  
anywhere in the country they  
wished. They had two forced land-  
ings while flying from Port Sudan  
to Djibuti. Once they landed  
among a cannibal tribe, but after  
giving assurances of the friendly  
nature of their descent, they were  
allowed to resume their flight un-  
molested.

During their stay in Abyssinia  
they visited a remote part of the in-  
terior at the invitation of the King,  
and when they departed their host  
ordered a special gold coin struck  
in honor of their visit. One side of  
the coin bore the head of the mon-  
arch and on the other was an air-  
plane.

#### MOTHER FINDS DAUGHTER DEAD, SON DYING IN HOME

Children Had Been Overcome by  
Fumes of Insecticide Used  
to Fumigate.

SEATTLE, Wash., April 18.—Coming into her apartment early today, Mrs. Ida Stiehler found her 6-year-old daughter, Ruth, dead, and her son, Leonard, 8, dying from fumes of an insecticide used to fumigate their apartment yesterday. A third child, Edward, 10, asleep in an apartment next door, was unharmed. The mother was taken to Police Headquarters hooked on an open charge and jailed.

#### HOUSE COMMITTEE APPROVES RIVER PROGRAM AT PITTSBURG

Outlay for \$3,615,000 in Locks and  
Docks Added to Omnibus  
Bill.

WASHINGTON, April 18.—The House Rivers and Harbors Committee today added a project calling for an outlay of \$3,615,000 for the reconstruction of three locks and dams on the Allegheny River above Pittsburgh, Pa., to the Rivers and Harbors Omnibus Bill.

At the request of the Canadian Government the committee also adopted a project for a channel 27 feet deep on the St. Lawrence River from Lake Ontario to Ogdensburg, N. Y., at an estimated cost of \$1,500,000, of which the Canadian Government is to contribute half.

An item calling for an outlay of \$219,690 for a dam in the upper Mississippi at Hastings, Minn., which is already under construction, was allowed.

#### 5000 DESTITUTE AFTER FIRE

12 Negroes Perish in Philippines;  
Loss \$2,500,000.

MANILA, April 18.—Twelve burned bodies were recovered from areas of northern occidental Negroes province, devastated by fires that began Tuesday and burned two days, according to dispatches from Iloilo. Five thousand persons were reported destitute, needing food and shelter. The damage was estimated at \$2,500,000.

#### RALPH BUDD TO ADVISE RUSSIA

Great Northern Road to Aid in Re-  
building Railways There.

CHICAGO, April 18.—Ralph Budd, president of the Great Northern Railroad, will sail for Europe June 1 to advise the Russian Soviet Government on the rehabilitation and reconstruction of its railroads.

#### Publisher Found Shot to Death

NEW YORK, April 18.—Percival L. Harden, 60 years old, former publisher of the Club Fellow and Washington Mirror, society journals, was found dead in a room at the George Washington Hotel today with a bullet through his heart. Police said he killed himself, having been in poor health.

#### SHOTS HUSBAND TO DEATH

Chicago Woman Had Made Un-  
founded Complaints Against Him.

CHICAGO, April 18.—Mrs. Bella Chenoweth, 45 years old, told police her husband had tried to poison her. She made the same report three different times. They reported the complaints unfounded. She made the last complaint two weeks ago and vowed she would get a divorce. She retained an attorney.

Yesterday Mrs. Chenoweth told her attorney she had killed her husband. The attorney went to his clerk and a policeman to the Chenoweth home. The husband, clad in his pajamas, was found on a bed, dead. He had been shot twice. A coroner's jury recommended that she be held for trial on a charge of murder. She is in jail.

## AGAINST FEDERAL WRITS TO PREVENT STATE RATE CUTS

Supreme Court Indicates  
Only I. C. C. Can Set  
Aside Public Service  
Boards' Order.

By the Associated Press.  
WASHINGTON, April 18.—The Supreme Court indicated today that it looked with disfavor on injunctions by Federal courts restraining state railroad commissions from placing in effect reduced state rates.

The controversy arising from protest of commissions in 37 states reached the highest court in an appeal by the North Dakota commissioners to set aside an injunction obtained by the Great Northern and other railroads restraining reduced state class rates on freight going into effect in North Dakota.

State's Contentment Appeared.  
Reduced rates, ordered by the State commission in 1929, were enjoined by the railroads pending a final order by the Interstate Commerce Commission adjusting interstate and intrastate rates over the country. Public service commissions protested that unless this action was set aside they might as well cease to function.

When the case was reached today for oral argument, counsel for the Railroad Commissioners, after explaining questions at issue, was stopped by the Court, which indicated that it accepted his contention that the Interstate Commerce Commission alone had the right to set aside state rates and then only when it found that the state rates discriminated against interstate commerce.

Expected to Be Set Aside.  
The Court called on counsel for the railroads to show where Federal courts obtained jurisdiction to enjoin a state from putting in effect reduced rates pending action by the Interstate Commerce Commission.

Chief Justice Hughes said it would not be necessary for counsel representing North Dakota and the public service commissions to present any further argument. This was taken to mean, in the practice of the Court, that the injunction will be set aside on an early opinion day.

ENGAGEMENT BROKEN, YALE  
GRADUATE ENDS HIS LIFE  
John N. Douglas, 24, Hangs Self in  
Room at Y. M. C. A. in New  
York.

By the Associated Press.  
NEW YORK, April 18.—After receiving a letter from his fiancée, breaking off their engagement, John N. Douglas, 24 years old, hanged himself yesterday in his room in the West Side branch of the Young Men's Christian Association.

Douglas, son of Dr. John N. Rindlaub, surgeon of the Pasadena General Hospital, Pasadena, Cal., was graduated at Yale last year. He took his mother's name when she divorced Rindlaub in Fargo, N. D., in 1912.

He had been dead several hours when his body was found suspended from a steam pipe by a length of electric wiring stripped from a reading lamp. On a table was a letter addressed to Douglas and signed, "Dana," which declared, "The only thing I can do, John, is to break our engagement." "I don't seem to be your main interest," it added.

Police said the writer of the letter was Marjorie Dana Frame, formerly of New York. The letter was postmarked at Fargo, N. D., where police said Miss Frame is living with her parents.

MEASURES FOR ORDER DURING  
MOSLEM FEAST IN JERUSALEM  
Nebi Musa Pilgrimage Easter and  
Passover Days Occur at Same  
Time.

By the Associated Press.  
JERUSALEM, April 18.—The Jewish Telegraph Agency reports that exceptional measures to preserve order in Jerusalem during the return of the Nebi Musa pilgrims here today, tomorrow and Sunday, have been taken by the Government. The Nebi Musa feast is an important event on the Mohammedan religious calendar.

Despite the fact that the first two days of the Moslem feast, the Christian Easter and the Jewish Passover holidays, which almost coincide, passed off quietly, the Government is taking no chances. The main streets of Jerusalem are manned with machine guns, and armed soldiers are on guard in front of the former Russian compound, now the courthouse. A party of Jewish residents who wanted to drive to Amman, in Transjordan, to see the Nebi Musa procession were barred by the authorities, who could not guarantee their safety.

NEW LAWS IN PORTO RICO  
By the Associated Press.  
SAN JUAN, Porto Rico, April 18.—The annual legislative session in Porto Rico ended yesterday with most of the legislation urged by Gov. Theodore Roosevelt passed, except the bill to reorganize municipal government.

The bills approved include those providing for extension of the island's chief judicial appointments from four to 10 years, a new university act, and the creation of a Bureau of Commerce. The gasoline tax was increased to 6 cents a gallon.

AND JURY TO INVESTIGATE  
SALE OF NAPOLEON NECKLACE  
New York Prosecutor Seeks Details  
of Transaction Involving Pay-  
ment of \$60,000.

NEW YORK, April 18.—Circumstances surrounding the recent sale of the Napoleon necklace to a Fifth Avenue jeweler of the diamond necklace which Napoleon Bonaparte gave to the Empress Maria Louise after the birth of their son will be taken before the grand jury today. Assistant District Attorney Harold W. Hastings announced today.

The Archduchess Maria Theresa of Austria charges that Townsend and the necklace for \$60,000 to David M. Michel, New York jeweler, without her authorization. The necklace was returned to her search, the Archduchess partly repensing Michel.

Townsend, who said he was former agent in the British Secret Service, disappeared after the sale. He was the agent of the Archduchess when the necklace was brought to this country and offered for sale, but she later requested his authority. Townsend is said to have left the United States for India.

YACHT OVER COLUMBUS' ROUTE  
Foot Yacht in the Bahamas for  
Repairs to Mast.

the Associated Press.  
NASSAU, Bahamas, April 18.—Fifty-one days from the Canary Islands with its mast snapped eight feet from the deck, the 12-ton 46-foot sailing yacht Carlmark was undergoing repairs today following completion of a journey over the trail of Columbus.

The craft is in command of Carl Koenig, Cornell graduate and amateur yachtsman, and manned by a crew of two. Dudley Scholes and Joe Rumber. Their course was from Tenerife, Canary Islands, to the island of Inagua, in the Bahamas group, after which they followed the chain of islands to St. Salvador, landing place of Columbus.

WARDS TO MARINE FLYERS  
Distinguished Flying Crosses  
for Work in Nicaragua.

WASHINGTON, April 18.—Decorations for their activities in Nicaragua against forces of Gen. Somoza, the rebel leader, have been awarded to six Marine Corps aviators.

Distinguished Flying Crosses go to Major Louis M. Bourne Jr., Asheville, N. C.; First Lieutenant Frank H. Lamon-Scribner, Washington, and Frank D. Weir, Brooklyn, N. Y., Master Technical Sergeant Albert S. Unruh, Bethesda, Md.; First Lieutenant Vernon M. Layman, Rexburg, Ida., and Clarence J. Chappell Jr., Macon, Ga., to receive Navy crosses. The announcement also said a letter of commendation had been written to Capt. Harold D. Campbell, Waterbury, Ver.

VIET TO UNITE FISHERMEN  
MOSCOW, April 18.—Encouraged by the great strides made in the conversion of small farms into state-controlled collective farms, the Russian Government yesterday decided to adopt the same principle with regard to the hundreds of thousands of fishermen in the land of the Soviets.

With a view to higher productivity, the fishermen will be grouped into so-called "artels," pooling their resources and equipment. Neither Kulaks (rich peasant proprietors) nor disfranchised persons will be accepted as members of "artels," whose principal aim is to unite the poor and the middle class fishermen.

ORPHAN REPORTED MISSING  
Police have been asked to search for Miss Viva Webb, 15 years old, who disappeared Wednesday from the home of Mr. and Mrs. Harry Laney, 5022A Maple avenue. The girl, an orphan, had made her home with the Delancys since last fall. She left a note saying: "I don't have to worry about me anymore." She is slender and has short bobbed hair.

Corra Brown, 2940 Madison street, has asked police to search for her husband, Joseph, a huckster, who left home in his truck last Saturday, and has not been heard from since.

WORKER'S HOME BOMBED  
ASHTABULA, O., April 18.—The 1,000 home of M. C. Robinson and his family, was bombed early today, but no one was injured. The explosion blew out a large part of the foundation and shattered windows. Mr. and Mrs. Robinson and their two children were in the home at the time.

Robinson was unable to give an account of the bombing. He has been a prominent dry worker, but did not ascribe the bombing to his activities against bootleggers.

BRAND WIFE WITH HOT IRON  
CHICAGO, April 18.—Fifteen-year-old 24-year-old wife of Edwin Bandit, a red-hot iron, a laborer by day and musician at night, today went to jail for three months.

A police court matron told Judge that the initial "B" was placed upon Mrs. Bandit's left breast when the branding resulted from her husband's jealousy. She has two babies.

Robbed Ted Lewis; Gets 7 Years  
LOS ANGELES, Cal., April 18.—Jack Noonan, brother of Ed O'Neill, actor, was sentenced today to seven years in Folsom prison by Superior Judge Schaefer following property stolen from Hollywood home of Ted Lewis. Extra leader, last July. He pleaded guilty. Probation was denied because Noonan had been convicted of forgery in Santa Clara County, Feb. 22, 1925.

GRAND JURY TO INVESTIGATE  
SALE OF NAPOLEON NECKLACENew York Prosecutor Seeks Details  
of Transaction Involving Pay-  
ment of \$60,000.NEW YORK, April 18.—Circum-  
stances surrounding the recent sale  
of Charles L. Townsend to a Fifth  
avenue jeweler of the diamond  
necklace which Napoleon Bona-  
parte gave to the Empress Maria  
Louise after the birth of their son  
will be taken before the grand jury  
today, Assistant District Attor-  
ney Harold W. Hastings announced.  
The Archduchess Maria Theresa  
of Austria charges that Townsend  
sold the necklace for \$60,000 to  
David M. Michel, New York jew-  
eler, without her authorization. The  
necklace was returned to her in  
Paris, the Archduchess partly re-  
compensating Michel.  
Townsend, who said he was a  
former agent in the British Secret  
Service, disappeared after the sale.  
He was the agent of the Arch-  
duchess when the necklace was  
brought to this country and  
offered for sale, but she later re-  
voked his authority. Townsend is  
said to have left the United States  
and for India.

## YACHT OVER COLUMBUS' ROUTE

40-Foot Yacht in the Bahamas for  
Repairs to Mast.NASSAU, Bahamas, April 18.—  
Just one day from the Canary  
Islands with its mast snapped eight  
feet from the deck, the 12-ton 46-  
foot sailing yacht Carlmark was  
undergoing repairs today follow-  
ing completion of a journey over  
the trail of Columbus.The craft is in command of Carl  
Weinert, Cornell graduate and  
yachtman, and manned  
by a crew of two, Dudley Scholes  
and Joe Rumber. Their course was  
from Tenerife, Canary Islands, to  
the island of Inagua of the Baha-  
man group, after which they fol-  
lowed the chain of islands to St.  
Salvador, landing place of Colum-  
bus.

## AWARDS TO MARINE FLYERS

Four Distinguished Flying Crosses  
for Work in Nicaragua.WASHINGTON, April 18.—Deco-  
rations for their activities in Nic-  
aragua against forces of Gen. San-  
dino, the rebel leader, have been  
awarded to six Marine Corps  
pilots.Distinguished Flying Crosses go  
to Major Louis M. Bourne Jr.,  
Asst. Lieut. N. C. First Lieutenants  
Frank H. Lamson-Scribner, Wash-  
ington, and Frank D. Weir, Brook-  
lyn, N. Y. Master Technical Ser-  
geant Albert S. Unsch, Bethlehem,  
Pa.—First Lieutenants Vernon M.  
Ferman, Rexburg, Ida., and Clar-  
ence J. Chappell Jr., Macon, Ga.,  
are to receive Navy crosses. The  
announcement also said a letter of  
commendation had been written to  
Capt. Harold D. Campbell, Water-  
bury, Ver.

## SOVIET TO UNITE FISHERMEN

MOSCOW, April 18.—Encour-  
aged by the great strides made in  
the conversion of small farms into  
state-controlled collective farms,  
the Russian Government yesterday  
pledged to adopt the same princi-  
ple with regard to the hundreds of  
hundreds of fishermen in the land  
of the Soviets.With a view to higher produc-  
tion, the fishermen will be  
grouped into so-called "artels,"  
pooling their resources and equip-  
ment. Neither Kulaks (rich peas-  
ant proprietors) nor disfranchised  
persons will be accepted as mem-  
bers of "artels," whose principal  
aim is to unite the poor and the  
middle class fishermen.

## ORPHAN REPORTED MISSING

Police have been asked to search  
for Miss Viva Webb, 15 years old,  
who disappeared Wednesday from  
the home of Mr. and Mrs. Harry  
Webb, 3622 Maple avenue. The  
girl, an orphan, had made her  
home with the Delaneys since last  
fall. She left a note saying: "You  
won't have to worry about me any  
more." She is slender and has  
dark, wavy hair.Mrs. Vera Brown, 2940 Madison  
avenue, has asked police to search  
for her husband, Joseph, a huck-  
ster, who left home in his truck  
last Saturday, and has not been  
heard from since.

## DRY WORKER'S HOME BOMBED

ASHTABULA, O., April 18.—The  
home of M. C. Robinson,  
a dealer, was bombed early to-  
day, but no one was injured. The  
explosion blew out a large part of  
the foundation and shattered win-  
dows. Mr. and Mrs. Robinson and  
their two children were asleep in their  
upstairs bedrooms at the time.  
Robinson was unable to give any  
reason for the bombing. He has  
been a prominent dry worker, but  
not ascribe the bombing to his  
activities against bootleggers.

## BRANDIED WIFE WITH HOT IRON

CHICAGO, April 18.—For  
branding his 24-year-old wife,  
Robert, with a red-hot iron, An-  
drew Bandik, 26, laborer by day  
and musician at night, today was  
sent to jail for three months.  
A police court matron told the  
judge that the initial "B" was  
marked upon Mrs. Bandik's left hip.  
The wife said the branding resulted  
from her husband's jealousy. She  
has two babies.Rabbi Ted Lewis: Gets 7 Years.  
LOS ANGELES, Cal., April 18.—  
Joe Noonan, brother of Sally  
O'Neill, actress, was sentenced to  
seven years in Folsom prison to-  
day by Superior Judge Schauer for  
branding property stolen from the  
Rabbi's home of Ted Lewis, or-  
ganizer, leader, last July. He plead-  
ed guilty. Probation was denied  
because Noonan had been convicted  
of forgery in Santa Clara County  
in 1923.FIRED, NEGRO TAKES BOSS'  
TRUCK AND GOES IN BUSINESSGives Vehicle Coat of Paint and  
Cuts Off Part of License;Angeled because he was dis-  
charged, a Negro truck driver stole  
his employer's dump truck, re-  
painted it, put his name and tele-  
phone number on it, and went in  
business for himself, according to  
a confession Mapewood police an-  
nounced today they had obtained  
from Edward Jackson, 32 years  
old, a Negro, 3219 Market street.  
Jackson was arrested when po-  
lice found in his yard a repainted  
truck, identified as one taken from  
the Siemens Coal & Material Co.,  
3808 Greenwood boulevard, Maple-  
wood, March 22.BESIDES REPAINTING THE TRUCK  
JACKSON HAD CUT OFF THE FIRST  
NUMBER ON THE LICENSE TAG, POLICE SAID,  
AND HAD MADE OUT A FICTITIOUS BILL  
OF SALE. HE SAID HE HAD BEEN BEEN  
MAKING THREE OR FOUR DOLLARS A DAY  
WITH THE TRUCK.

## DRUG SMUGGLER CONVICTED

Jacob Bloom Found Guilty in  
\$300,000 Plot.NEW YORK, April 18.—A ver-  
dict of guilty on four counts charg-  
ing conspiracy and violation of the  
Miller-Jones and Harrison narcotic  
laws was returned by a Federal  
Court jury today against Jacob  
Bloom.Bloom was tried on a charge of  
attempting to smuggle \$300,000  
worth of narcotics into this coun-  
try.ILLINOIS REPUBLICANS AND  
DEMOCRATS PLAN CAMPAIGNBrief Formal Meetings Held at  
Springfield; Gov. Emmerson  
Temporary Chairman of One.SPRINGFIELD, Ill., April 18.—  
In brief formal sessions here to-  
day, members of the State Central  
Committees of both Republican and  
Democratic parties launched pre-  
liminary plans for the November  
campaign which will have as its  
dominant contest the race between  
Ruth Hanna McCormick and James  
Hamilton Lewis for United States  
Senator.The Republicans adjourned their  
convention until June 19, while the  
Democrats went into recess until  
Aug. 20.  
The Republicans elected as thetemporary chairman Gov. Louis L.  
Emmerson and as temporary secre-  
tary John Q. Ogilby.Thomas F. Donovan, chairman of  
the State Central Committee, called  
the Democratic group to order.  
Permanent organization will not be  
perfected until the adjourned meet-  
ing at the State Fair. At that time  
James Hamilton Lewis will make  
the keynote address and the cam-  
paign will be officially started.Senator N. T. Cave to Retire.  
FULTON, Mo., April 18.—Sen-  
ator Nick T. Cave, Democratic  
floor leader in the Fifty-fifth Gen-  
eral Assembly and president pro  
tem of the Missouri Senate in the  
Fifty-fourth Session, announced  
today that he would not be a can-  
didate for re-election this year.

## PAIR FOUND SHOT TO DEATH

New Yorker Apparently Killed  
Wife and Himself.NEW YORK, April 18.—During  
the 15 years of their married life,  
Jacob Periman, 55 years old, and  
his wife, Rose, 35, quarreled fre-  
quently and bitterly because he, as  
a salesman, could never make as  
much money as she made in the  
millinery business.  
Today they were found dead,  
amid trunks and packing cases, in  
their partly dismantled apartment.  
Periman apparently had shot his  
wife and himself. Mrs. Periman's  
brother, Robert Reiffin, told police  
that, wearied with the repeated  
quarrels over the differences in  
their incomes, Mrs. Periman had  
announced that she was leaving her  
husband for good.

# Picture yourself in a suit that fits like this

You've read pages on "new Easter fashions" and "smart color ensembles" and "tremendous savings". We realize all these things are important — our large, moderately-priced selections prove that. But we believe they count for very little without the right answer to your inevitable question, "how does it fit"?

Here at Bond's, we never take chances in supplying that right answer! We insist that every tailor in every Bond store be a graduate of our own factory. They've made Bond clothes. They know how to fit them to meet your individual needs. They know how to shape a collar so that it hugs your neck. They've been taught to model a shoulder so that the sleeve hangs smooth and comfortable. Chasing back wrinkles is their hobby. When a pair of trousers leaves their hands, it is just right from snug waist-band to smartly creased cuff.

And as you stand before the mirror, and actually "see yourself in a suit that fits like this," you'll have the added pleasure of knowing it's going to stay that way. Handsome fabrics from renowned British and American weavers take care of that! All of which indicates that you get much more than a cash saving through the Bond policy of controlling every step "from the loom to you."

## Use Bond Ten Payment Budget Service

## CHICAGO'S 'SECRET SIX' TO COMBAT NEW GANG LINEUP

Association of Commerce Committee Organizer Cognizant of 'Scarface' Al Capone's Combine.

**ALREADY AT WORK ON THE PROBLEM**

**Aldermen Tell of Attempt to Force Through Measure Creating Municipal Plumbing Bureau.**

By the Associated Press. CHICAGO, April 18.—Col. Robert Isham Randolph, president of the Chicago Association of Commerce, who is in Houston, Tex., sent word today that the association's "Secret Six" already had taken steps to combat the new alliance of Chicago gangs under "Scarface" Al Capone.

"The 'Secret Six' is fully cognizant of the situation," Randolph said. He is touring the Southwest with a Chicago "good will" group. "These organized enemies of society are no more formidable as a single unit than as scattered outlaw bands. In fact, the new alliance may make them a simpler object of attack."

The secret "Committee of Six," whose members are serving, each without the identities of the others, was organized several weeks ago to wipe out organized crime in Chicago.

Under the reported outlaw agreement, the principal gangs of the city have cast aside rivalries and pooled interests in liquor, gambling and vice.

Virtually unheard from since he came back from a Pennsylvania prison a month ago, Capone was credited by City Councilmen yesterday for a gesture toward forcing the establishment of a City Bureau of Plumbing which he and labor leaders could control.

Capone, according to various councilmen, is trying to force the passage of an ordinance to create the bureau and give labor leaders control of the city plumbing employees. The aldermen said certain labor business agents were seeking to control the patronage now held by councilmen. They cited Mike Corrozo, boss of six unions, who they said controls the jobs of 3000 union city employees.

Establishment of a plumbing bureau, the aldermen said, would place every plumber, plumber's helper and seasonal employee in the Water Department under the control of labor business agents, who the city councilmen said have retained Capone to aid their efforts at establishing the bureau.

Capone Aid Convicted of Liquor Possession at Miami, Fla. By the Associated Press.

MIAMI, Fla., April 18.—Frankie Newton, said to be one of the reported caretakers of "Scarface" Al Capone's winter residence at Miami Beach, was convicted of possession of liquor by Criminal Court jury here yesterday.

Charges of vagrancy against Al Capone, brother of "Scarface" Al, "Diamond Lou" Cowen, publisher of a Cicero, Ill., newspaper, and L. J. Brennan on charges of vagrancy growing out of a raid on the Capone home, were delayed.

John Capone was acquitted of charges of illegal possession of liquor last night by a Criminal Court jury.

**DARROW CONSIDERS AIDING DEFENSE IN MARCHAND KILLING**  
Says Course in Behalf of Indian Women Depends on Task Not Requiring Too Much Time.

By the Associated Press. BUFFALO, N. Y., April 18.—Announcement was made today by Raymond J. Marchand, president of the Seneca nation, that word had been received from Clarence Darrow at Chicago that he has been much touched by the plea of Western New York Indians to aid in the defense of Lila Jimerson and Nancy Bowen, two Indian women accused of the murder of Mrs. Henri Marchand.

The attorney sent word he might take up the defense of the Indians if, in so doing, too much of his time and energy are not required.

Lila Jimerson already has pleaded guilty to a charge of second degree murder accepted just before time for sending her case to the jury, but some lawyers have expressed an opinion that the action was illegal.

**GREAT-GRANDMOTHER WINS BREACH OF PROMISE SUIT**

Mrs. Mary Nelson, 66, of Atlantic, Ia., Gets \$5000 Verdict Against Man 58.

By the Associated Press. ATLANTIC, Ia., April 18.—Mrs. Mary Nelson, 66 years old, a great-grandmother, won a \$5000 breach of promise verdict in District Court yesterday.

Mrs. Nelson charged that Alexander Roe, 58 years old, had proposed marriage several times and had "made ardent love" to her until last June. She asked for \$15,000 damages.

## 30-FOOT PYTHON ESCAPES FROM CAGE, GONE FIVE DAYS

Huge Snake Found by Bathers at Long Beach (Cal.) Pier.

By the Associated Press. LONG BEACH, Cal., April 18.—Katinka, 30-foot Sumatra python, absent since Saturday night, is home again.

The snake disappeared from its cage in a concession on the water front. A reward of \$50 was offered for its return. Searchers poked, cautiously, into holes and corners of the pier, but could not find it.

Yesterday bathers saw it, curled up on the rocks of a pier, digesting

a 60-pound pig fed a day before its escape. Twenty-five men carried Katinka on their shoulders back to its cage.

## TWO INDICTED FOR MURDER OF C. A. SWEENEY IN HOLDUP

Harry Johnson, Ex-Convict, and George Faheen Identified in Tire Shop Killing.

Harry Johnson, 27 years old, an ex-convict, and George Faheen, 18, were indicted for first-degree murder yesterday in the death of Clarence A. Sweeney, manager of the Sweeney Tire Co., 1501 North Grand boulevard, who was shot in a hold-up March 9.

Johnson and Faheen are in jail.

having been identified by a witness shot Sweeney and Faheen as whose name is withheld. A third lookout, Johnson served a prison term for a cigar store hold-up has been identified as the man who was released April 7, 1929.

# EASTER

THAT MEANS NEW CLOTHES  
FOR THE NEW SEASON

Clothing purchased Saturday will be delivered to you for Easter. Our tailors have volunteered to stand by their posts until the last suit is altered. Our delivery boys too have cancelled all dates for Saturday night, so if you're feeling kinda glum because you neglected to buy your Easter suit early, be of good cheer! There are still thousands of suits to choose from at the price you wish to pay... and our tailors and delivery men will "fight it out on this line if it takes all" night. \* \* \*

HATS... New shapes and proportions for every type of face. Pearl, silver pearl and rich and mellow shades of gray and tan... \$8.50

Others who demand the very finest in ready-for-service suits (from the best imported fabrics and smartest styling down to the last minute detail of hand stitching and shaping will find pleasure in inspecting Boyd HANDCRAFT SUITS at \$60 and HICKEY FREEMAN SUITS at \$65 and more.

There is no weakness in any department of our carefully planned spring selection of men's suits. In fabrics, models and colors every new and worthy style thought is to be found. In addition this tremendous selection includes suits for men of all sizes, types and preferences.

SPRING SUITS \$35, \$39, \$44, \$50, \$60 and more

## LIVING DISINFECTANTS USED IN BONE DISEASES

Johns Hopkins Surgeon Describes New Treatment Employing Live Maggots.

WASHINGTON, April 8.—Dr. William Stevenson Baer of Johns Hopkins University, chief surgeon of the Orthopedic section of the American Expeditionary Forces during the World War, has made public results in the treatment of bone diseases by the application of live maggots.

At a special session of the House Veterans' Committee, Dr. Baer reported that the treatment, an outgrowth of his battlefield experiences, and consisting simply of placing live antiseptic maggots to feed on inflammation of bone and marrow osteomyelitis, was reported as having proved completely successful in 200 cases over a period of two years.

"Living disinfectants," Baer termed the treatment, which he worked out in his private laboratory in his children's hospital on the outskirts of Baltimore, and later introduced in all hospitals in which he operates.

Miss Elizabeth Kane Knight, laboratory technician, who devotes her entire time to raising the antiseptic maggots, with a daily output for several Baltimore hospitals, demonstrated her technique: flies in immaculate cheesecloth cages fed on milk, bread, honey, yeast and water; eggs, laid on liver, sterilized with bichloride acid, hatched in sterile media, dispensed in sterile test tubes.

Dr. Sebastian Karrer, physicist of the Maryland Academy of Sciences, explained an automatically controlled constant-temperature, constant-saturation-point maggot incubator—his invention.

Dr. S. K. Livingston, assistant to Dr. Baer, told of the treatment—every five days when wounds are dressed the "living disinfectants" are put in, and held by a bandage of fine screen, he described the "hungry scavengers" heads down, tails up, consuming all remaining infected tissue, so that "after about three applications the appearance is 'pink and healthy' in contrast to the 'angry red' of untreated osteomyelitis.

## SECRETARY STIMSON TO SPEAK TO ASSOCIATED PRESS BY RADIO

Address From London Next Monday Will Be Broadcast Over Networks.

NEW YORK, April 18.—Secretary of State Henry L. Stimson, speaking by radio from London, will address the annual luncheon of the Associated Press at the Hotel Commodore Monday. When he accepted the invitation he expected

to attend the luncheon. His duties as head of the American delegation at the Naval Conference in London, however, precluded the possibility of attending and arrangements were made for the radio address.

The speech, scheduled for 1 p. m. St. Louis time, will be brought to New York from London by short wave radio to the studios of the National Broadcasting Co. and sent over telephone lines to amplifiers in the dining room. The National Broadcasting Co. will rebroadcast the speech over both its networks.

# CHICAGO WOMAN SOUGHT, ADMITTED KILLING HUSBAND

Mrs. Belle Chenoweth Informed Attorney of Shooting and Then Disappeared.

By the Associated Press.

CHICAGO, April 18.—Police reported last night that Mrs. Belle Chenoweth, 45 years old, shot and killed her husband and that she may have killed herself.

Mrs. Chenoweth went to the office of Frank P. Zaleski, an attorney, yesterday morning and told him that she killed her husband. He did not believe her and she left. Later Zaleski sent a friend, Vincent T. Connor to the police and officers found the husband, Claude Chenoweth, 42, dead in the living room. Neighbors said they heard shots about midnight.

The attorney said Mrs. Chenoweth was highly excited. She left her husband three weeks ago, police learned, after a quarrel in which she accused him of having hired men to attack her. She also told police that he had tried to poison her.

## AS OUR GUESTS

Spend fifteen minutes with us and learn about home movie magic.

As a matter of fact there's no magic whatever about movies. The Ciné-Kodak makes them—all you do is aim the camera and press a lever. Actually, that's all there is to it the easy Eastman way.

But the pictures you get are precious. Life-like movies of your loved ones that you can show with a Kodascope on your home screen at the snap of a switch.

At your convenience, anytime, enjoy a free exhibition of home movies in our comfortable projection room.

# MOVE FOR IMPROVED STATE PARKS STARTED

St. Louis Business Men Meet With Representatives of Ozarks Chamber of Commerce.

A resolution pledging continued support of the movement to obtain improvements in the state parks of Missouri was adopted yesterday by 50 St. Louis business men meeting with representatives of 25 Ozark counties at Mhaska, Albert Von Hoffman's country home near Bourbon, Mo. The statement also directed attention to the possibility of creating a national park or forest preserve in the Missouri Ozarks.

The meeting, called by F. W. A. Vesper, chairman of the state parks committee of the Missouri Ozarks Chamber of Commerce, was presided over by Roy F. Britton, president of the Automobile Club of Missouri.

Lon Sanders, vice president of the organization, reported that while a letter from Congressman Cochran seems to eliminate the Ozarks as a site for a national park under present rules of the national park service, there is always a possibility of a change in the rules. He quoted Senator Hawes as advocating that the Missouri Legislature remove the limitation it established when a recent statute stipulated that not more than 2000 acres can be set aside in any county for the purpose of creating a national forest preserve.

Present state parks, Sanders described as "little more than wild tracts of land, inaccessible and lacking conveniences for the tourists and casual visitors." He urged the start of work provided for in the \$75,000,000 road bond issue of 1928 designed to furnish highways connecting state parks.

The resolution presented by W. L. Cole of Union calls for the appointment of a committee of 15 to co-operate with the state toward opening roads and another group of 15 to aid in getting a national park or forest preserve.

Lieutenant-Governor E. H. Winter and Martin A. Lewis, chief of parks of the State Fish and Game Department, were among the speakers.

## 5 KILLED IN TOWER CRASH

Buenos Aires Workmen Crushed by Metal Wireless Structure.

By the Associated Press.

BUENOS AIRES, April 18.—Five persons were killed and one was seriously injured in the collapse of a metal wireless tower, 120 feet high, under construction at a place called Florida, near here.

The tower had been shaken by a severe windstorm, which increased in velocity later yesterday. When the tower began to sway dangerously, a group of workmen on the top became panic stricken. In their rush to get down, they further shook the structure, and before all of them had reached the ground it crashed.

# Men and Boys! It's Not Too Late to Buy for Easter

Note! Any Garment of Men's and Boys' Wear Bought Saturday, Delivered for Easter

## Curlee Suits

For Men's Easter Wear

**\$35**

If you haven't worn them you will be delighted with their appearance and value. All full-fashioned, pure silk and reinforced with lisle.

Hosiery Shop and Alice Taylor—First Floor.  
Shoe Salon—Second Floor.

## ARMY PLANE STEERED BY MECHANICAL PILOT

Device Tested on Flight From  
Sacramento to San Fran-  
cisco and Back.

By the Associated Press.

SAN FRANCISCO, April 18.—The feasibility of waging war in the air without the use of human pilots and of sending huge planes, piloted by machinery, on cross-country trips, has been demonstrated by the army air corps.

A big army bomber took off from Mather Field, Sacramento, last night carrying four men and a queer-looking machine about the size of a bathtub. When the plane was well in the air the pilot, Maj. Hugh Knerr, turned the controls over to the little machine, which flew the ship on a straight line to San Francisco.

Over San Francisco Knerr touched a button and the machine guided the 15,000-pound plane in circles for 20 minutes and then headed it back for Sacramento.

Except for the take-off and landing, the machine did all navigating, keeping the plane on an even keel through the rough air and maintaining the course with mechanical precision.

Besides Knerr the plane carried Hans Adamson, representing the Assistant Secretary of War for Aviation; Lawrence B. Sperry, inventor of the automatic pilot, and Sgt. Budoff, radio operator.

The purpose of the flight, army officials said, was to prove the feasibility of using automatically piloted planes as huge instruments of destruction against an enemy without the aid of human hands.

While the flight was in progress Budoff sent a message to Mather Field that the automatic pilot was "giving a perfect demonstration of its usefulness." Just before landing he sent a message that the experiment had been "highly successful."

Sperry's invention consists of two gyroscopes. The instrument weighs less than 50 pounds and was installed in the forward cockpit. Delicately sensitive, it detects every movement of the plane and automatically rights the ship whenever it strays from its course.

When Knerr left the control of the plane to the automatic pilot he retired to a rear cockpit and except for going forward to press the buttons for turns, remained in the back.

## TWO DIE OF TRICHINOSIS

24 Others Ill Due to Spoiled Pork at Placerville, Cal.

By the Associated Press.

PLACERVILLE, Cal., April 18.—The aid of state officials was invoked today to fight trichinosis, an illness caused by improperly prepared pork, which has caused two deaths and made 24 persons ill here.

The second victim, Frieda Wunschell, 13 years old, died yesterday. George A. Wunschell died Tuesday. The infection was caused by pork prepared for a picnic about 19 days ago.

## WOMAN IS FOUND GUILTY OF PART IN BANK ROBBERY

Convicted of Aiding in \$17,500  
Holdup in Michigan, at Her  
Second Trial.

By the Associated Press.

DETROIT, Mich., April 18.—After fighting the charge in two states, Barbara Dalton, 25 years old, formerly of St. Louis, was convicted in Circuit Court here yesterday of taking part in a \$17,500 bank robbery at New Boston, Mich., in October, 1924. The trial was her second on the charge, a previous jury having failed to reach a verdict.

The principal witness against Miss Dalton was Floyd Drennan, who pleaded guilty to the robbery charge and brought about the woman's arrest in Miami, Fla., as his accomplice. While admitting that she had been living with Drennan and that she had driven the automobile which carried him to the bank, Miss Dalton denied that she knew anything about the robbery until after it was committed. She sat at the wheel of the car while Drennan held up the bank and drove him away with the stolen money. Drennan asserted that she had known of the robbery plans and that she had helped spend the money.

Miss Dalton sought to prevent extradition from Florida. At her first trial she changed her story and said that she had been threatened into silence by Drennan after learning that he had committed the robbery.

## Oil Man's Own Story: Bandits Marched 36 Hours With Soldiers in Pursuit

J. E. Bristow Collapsed Twice During Climb  
Up Mountain to Lava-Inclosed Square  
in Which Captors Took Refuge.

This is the sixth installment of the story of J. E. Bristow of San Angelo, Tex., who was held 30 days by Mexican outlaws. The story was told by Bristow to Merle Blakely of the Oklahoma City Times. Blakely accompanied Bristow's son, Obie Bristow, and another American, when they went into Mexico to pay the ransom.

SAN ANGELO, Tex., April 18.—Back home in San Angelo, the events of the last few weeks seem nothing more than a dream, but they were real enough when the drama was being enacted in one of the wildest sections of the earth—when I was playing a leading role with a supporting cast of outlaws who value human life at nothing.

After about two weeks of captivity the situation had grown tense at our camp in a mountain canyon in the wilds of Nayarit. No word had come from any of the messengers we had sent out. Federal troops had surrounded the outlaws were in a dangerous position and knew it. That knowledge didn't help their dispositions. The bandits held another of their conferences. I couldn't understand all that was said but phrases told me enough to realize that Delgado the chief, was saying that if the ransom didn't come within two days he would release me.

Other members of the band protested. Finally Flores stepped up with a scroll and started reading. I could understand that he was reading from the bylaws of the Order of Cristeros. And I could understand that it was written that when ransom is not paid in money it shall be paid in blood.

At that time I braced myself to accept as courageously as possible whatever might come. It looked like a chance in a million. One person fighting against a tide of barbarism. At that time I didn't have the comfort of knowing that my son Obie and E. W. Eaton, the American Consul at Mazatlan, were working their heads off trying to make contact with the bandits. I didn't know that the Oklahoma City Times was sending a man into Mexico by airplane to do whatever he could to help Obie and Eaton. Nothing happened that night but

I was worried. Next morning I noticed that Delgado was looking admiringly at my boots. In fact he had looked the same way at them before. I figured it wouldn't be bad diplomacy to give them to him. I did. He was tickled to death and gave me his Sunday shoes as a return gift. They were an old tan pair with the toes slit. The chief was proud of his new boots and strutted up and down in them for half an hour. After that he wore them only on special occasions.

Three days passed and another of their conferences was called. I was nervous but had resigned myself to whatever might happen. They got up and motioned for me to follow.

We were camped at the bottom of a mountain which reared itself up at least 2500 feet. We started marching up the mountain under a tropical sun. I was on foot and bareheaded. I hadn't the slightest inkling of whether I was marching to liberty or death.

About two-thirds up the mountain I collapsed from intense heat. Delgado, who had been marching in the rear of the column, carrying a stick and wiping out my tracks in the trail, came up to me. They carried me into the shade and poured water on my head. Then they put me on a mule and rode the rest of the way. We marched until midnight. We reached the crest of the mountain and descended into a wooded valley on the other side.

There we joined another group of Cristeros, making the band number about 30 in all. All were armed. Our band expected contact with Federal soldiers.

We sat down for food. I had had nothing since morning and was famished. They gave me a piece of cheese and some coffee. It wasn't a feast but it was as much as any of them had. I have to say for the bandits that they never ate and threw me the scraps. I had the best it was in their power to give. Sometimes I fared better than they.

My natural impression when I saw the large group assembled was that the Cristeros had gathered for a momentous decision. I figured that they had decided to execute me and had chosen this wooded place as the spot.

I maintained a calm and rather surly attitude and tried to get close to the weapons. I had decided that if the time had come to die I would go out at the highest possible price, taking some outlaws with me.

However, after we had finished our coffee, I realized that the Cristeros were there for the purpose of resisting the soldiers. They, apparently, had the same idea I had about "selling out for the highest possible price."

Finally they gathered up their weapons and we resumed our march. They put me in the front rank. I figured they expected combat with the soldiers and wanted me to carry the "honor" position of front scout.

We traveled three or four miles across the prospective battlefield. Then we halted and they sent me forward with two men. All of us were mounted on donkeys.

Nothing happened so we continued our march through the night. I suffered a great deal for water but they would stop for nothing. Just at the break of day we arrived on the side of Ceboruco, the old volcano near Ahuscatlan.

In its active days this volcano had thrown two vast columns of lava across the valley. Where these formation met was an inclosed square, almost inaccessible. My 60 years were too much to stand up under an enforced march of 36 hours. I collapsed on the ground and fell asleep. Flores was laughing at me and threatening me as I went to sleep. I was too tired to care.

(Copyright, 1930.)

In the next installment Bristow describes how, as the clan gathered on the side of the volcano, they threatened to cut off his head.

### WAXING FLOORS Is Child's Play! No Polishing! No Rubbing!

Thanks to DRI-BRITE, the amazing new liquid WAX, there is no more drudgery in waxing floors. Just spread DRI-BRITE on the floor—wait 10 minutes and a velvety brilliance will appear. No polishing or rubbing is needed. The glossy finish is hard and long-lasting—a real protection to the surface. Get a can of DRI-BRITE WAX and see for yourself how this miraculous product works. Hardware, drug, furniture and grocery stores have it.

## Two-Pants Suits

In All the New Styles—  
In All the New Patterns

\$25

The most critical survey of these Suits reveals the most  
satisfactory facts. You have but to feel the materials to know  
that they are exceptionally fine... examine the tailoring  
of the collar or a pocket to realize that a high type of craft-  
manship went into their making. And, then, the colors are  
those most pleasing to the eye.

Among the Noteworthy Spring Fabrics  
Are Worsteds... Tweeds... Serges...  
Cheviots... Twists... Cassimeres in  
Wanted Color Variation.

If you are accustomed to wear more expensive Suits, you  
will wonder why you ever paid more, when this superior  
quality is obtainable at \$25.00... and if you intended to pay  
less, you will realize the advantage of buying this particular  
make of Suit. The two-trousers alone argue for its desir-  
ability at \$25.00.

4-Piece Golf Suits Included at \$25!

10 Pay Plan is available to you—pay \$5 cash and the  
balance in 10 equal payments at no extra charge.

ite when the coat is not worn.

SINCLAIR CONSOLIDATED OIL  
EARNED \$2.81 ON COMMON

Net Income for 1929 Was \$16,599,  
837, Against \$13,447,347  
in 1928.

By the Associated Press  
NEW YORK, April 18.—The an-  
nual report of the Sinclair Con-  
solidated Oil Corporation, made public  
today, showed 1929 net income of  
\$16,599,837, equal after preferred  
dividends to \$2.81 a common share,  
as compared with \$1.447,347, or  
\$2.70 a share, in 1928.

In his report to stockholders,  
Harry F. Sinclair, chairman, said  
that to meet competition negotia-  
tions had been under way for some  
months for the consolidation of  
other properties with those of the  
Sinclair organization. No specific  
companies were mentioned.

"These negotiations are neces-  
sarily complicated and prolonged,"  
Mr. Sinclair said, and the fact  
"that such transactions are dis-  
cussed and considered does not  
necessarily mean that they will or  
will not be carried out after all the  
facts are ascertained and consid-  
ered."

The company's funded debt and  
preferred stock outstanding were  
reduced last year by \$5,359,909, of  
which amount \$4,078,700 was re-  
tired and \$1,281,200 acquired and  
held in the treasury. Current as-  
sets Dec. 31 exceeded current li-  
abilities by \$47,569,322. Inventories  
of crude and refined oils were car-  
ried at \$25,746,899.

The company's net production of  
crude oil in the United States last  
year, excluding royalty and part-  
nership oil, totaled 16,181,960 bar-  
rels, as compared with 15,629,075  
barrels in 1928.

Sanhuber, who hid in garrets for 19  
years in order to be near Mrs. Wal-  
burga Oesterreich, and Mrs. Oester-  
reich, were indicted jointly yester-  
day for the murder of her husband,  
Fred Oesterreich, retired Milwau-  
kee (Wis.) garment manufacturer,  
who was killed Aug. 22, 1922.

Sanhuber pleaded not guilty by  
reason of insanity. His trial was  
set for April 21, the date fixed for  
Mrs. Oesterreich's arraignment.  
Both were remanded to jail with-  
out bail, and two alienists were ap-  
pointed to examine Sanhuber.WIDOW AND SUITOR INDICTED  
FOR OESTERREICH MURDER

LOS ANGELES, April 18.—Otto  
Sanhuber, who hid in garrets for 19  
years in order to be near Mrs. Wal-  
burga Oesterreich, and Mrs. Oester-  
reich, were indicted jointly yester-  
day for the murder of her husband,  
Fred Oesterreich, retired Milwau-  
kee (Wis.) garment manufacturer,  
who was killed Aug. 22, 1922.

Sanhuber pleaded not guilty by  
reason of insanity. His trial was  
set for April 21, the date fixed for  
Mrs. Oesterreich's arraignment.  
Both were remanded to jail with-  
out bail, and two alienists were ap-  
pointed to examine Sanhuber.FIRE WRECKS OFFICE  
OF JUSTICE OF PEACE

Charles Weaver, Florissant,  
Suspects Arson—Coal Shed  
Also Burns—Loss \$18,000.

A six-room frame residence at  
6517 Florissant avenue, St. Louis  
County, used as the office of Jus-  
tice of the Peace Charles Weaver  
of St. Ferdinand Township, was  
destroyed by fire last midnight  
with a loss of about \$18,000. The fire  
spread to the adjoining coal sheds  
of the Polar Wave Ice and Fuel  
Co., causing \$10,000 damage there.  
Weaver believes the fire was of  
incendiary origin. Attempts to  
burn the building have been made  
on three other occasions within the  
last month, he said. Once coal oil  
was poured around the baseboards,  
and twice newspapers were ignited  
inside the building. He said he  
knew no one who might be respon-  
sible.

Three engines from St. Louis as-  
sisted the volunteer fire department  
of Jennings and Pine Lawn in  
fighting the blaze, but it had  
gained too great headway when the  
firemen arrived.

The building was valued at \$4000  
and its contents at an equal  
amount. Legal files of Weaver and  
Constable Rudy Baumer were de-  
stroyed. The Polar Wave company  
shed contained 150 tons of coal,  
most of which was consumed.

# GERMANY INSISTS NEW CRUISER WOULD STAY IN TREATY LIMITS

\$725,000 Only a Small Part of \$161,000,000 Appropriated for Defense.

BERLIN, April 18.—It was semi-officially explained yesterday that the first installment of \$725,000 for the armored cruiser "B," put in the budget by the Reichstag and approved by the cabinet Wednesday, did not constitute a fresh addition to budget expenditure, but was wholly offset elsewhere in naval expenditure.

That meant, it was added, that naval authorities considered certain outlays provided for maneuvers less important than the laying down of a new cruiser.

Further, it was pointed out, the \$725,000 represents only a small part of the \$161,000,000 appropriated for defense, and Germany is fully determined to proceeding on naval construction within the limits of the Versailles treaty. The fundamental question, the semi-official statement adds, is whether the country considers maintenance of the fleet useless.

The new ship, if the Reichstag approves the appropriation, will be of the "pocket battleship" type which has aroused much comment in naval circles of other nations. This type, while staying within treaty limits, is powerful and speedy.

# HOOVER'S SISTER LOSES RACE FOR D. A. R. POST

President's Work for Naval Parley Praised in Address by Ex-Ambassador Child.

By the Associated Press.

WASHINGTON, April 18.—A hearty endorsement of the work of President Hoover toward bringing about a reduction in naval armaments of the world, coupled with a demand that America remain "unshackled" by affiliation with the world court was made last night before the Daughters of the American Revolution by Richard Washburn Child, former Ambassador to Italy.

Speaking before the Thirty-ninth Continental Congress, Child, referring to the results of the London-Naval Conference said: "A gain has been made to the credit of this administration. It is unintelligent not to recognize that parity with another naval power cannot be more than a pretense when a superior merchant marine can be converted into ships of war."

He named the Bremen and the Europa as "potentially unbeatable."

Opposes World Court.  
He spoke in direct opposition to the World Court for which President Hoover urged endorsement Monday night in an address. Child was applauded.

He quoted President Hoover as saying, "I believe it is clear that the United States can more effectively and wisely work for peace without commitments to use coercion and to enforce settlements."

But Child warned: "We may not only commit ourselves in advance to use coercion in the sense of armed forces and economic boycotts, but we might commit ourselves to a minority association with a pool or a little League of Nations using the coercion of political propaganda." He advised waiting until assured "it is a court unhampered by the mastery of any machinery of the old political internationalism."

The continental congress, which had passed sweeping defense and Americanism resolutions, yesterday added a declaration against entangling alliances. It ordered printed and circulated a report by Mrs. William Sherman Walker, national defense chairman, endorsing the stand of former President Coolidge who was quoted as saying "ambiguities had already been reduced to the danger point."

**HOOVER'S SISTER-IN-LAW DEFEATED.**  
Mrs. Theodore Jesse Hoover of Palo Alto, Cal., sister-in-law of President Hoover, failed of election as one of eight vice presidents general. Mrs. Hoover's total was 26 votes below that of Mrs. Ralph Eyerist Bristol of Ogden, Utah, who was eighth on the list of those elected. The others elected are: Mrs. Benjamin Leslie Hart, Kansas City, Mo.; Mrs. James Charles Peabody, Boston, Mass.; Mrs. Matthew Brewster, New Orleans; Mrs. Francis Cushman Wilson, Santa Fe, N. M.; Mrs. David D. Caldwell, Washington; Mrs. Martin L. Sigmon, Monticello, Ark.; Mrs. Chas. Herbert Carroll, Concord, N. H.

Mrs. Lyman B. Stockey was elected reporter-general to the Smithsonian Institution.

Their Father's "Way of '76." Nine daughters of the Revolutionary War soldiers still live in this year 1936, four fewer than there were last year.

The nine are Annie K. Gregory,

Pennsylvania; Mrs. Adella C. Hatch, Massachusetts; Mrs. Frances W. B. Holbrook, New York; Mrs. Caroline P. Randall, New Hampshire; Mrs. Angelina Avery, Connecticut; Mrs. Mary Pool Newcomb and her sister, Miss Sarah Poole, Georgia; Mrs. Maria B. Allen, Ohio, and Mrs. Helen M. Barrett, Michigan.

**Central College Candidates.**  
Special to the Post-Dispatch.  
PAYETTE, Mo., April 18.—Candidates for offices in the 1936-37 student body were named by a Central College nominating committee yesterday. ## ANTIQUES IN PALMYRA COLLECTION SOLD

Buyers From Various Cities at  
Auction of Property of Late  
Mrs. Minnie Miller.

Special to the Post-Dispatch.  
PALMYRA, Mo. — Through an  
auction held here recently the per-  
sonal effects and household furni-  
ture of the late Mrs. Minnie Logan  
Miller, collector of antiques, have  
been distributed into many differ-  
ent parts of the country. The sale  
netted \$2,600.  
One buyer was here from Phil-  
adelphia, another from New Or-  
leans, and other from Chicago.  
The sale was made in order to  
settle the estate.

Mrs. Miller having made several  
bequests, chief among which is a  
trust fund of \$12,000 for the sup-  
port of Gene Forsee, a 17-year-old  
boy who made his home with her  
for several years.  
In her will Mrs. Miller set out  
that whether the trust continues  
depends on Forsee's fulfillment of  
certain requirements she had made  
known by letter to a physician of  
St. Louis. The contents of this let-  
ter, however, have not been made  
public. If the conditions in the  
letter are not fulfilled the \$12,000  
fund is to go to an orphan's home  
in St. Louis where young Forsee  
was an inmate.

Gillette Asks for Details of Suit.  
By the Associated Press.  
WILMINGTON, Del., April 18.—  
The Gillette Safety Razor Co. has  
asked the Federal court to order  
the Automatic Safety Razor Co. to  
file particulars of its allegations in  
its suit against Gillette charging in-  
fringement of a patent on improve-  
ments on razors and blades. The  
motion will be argued Tuesday.

## RADIO MONOPOLY IS YOUNG'S PLAN, SENATOR CHARGES

Dill Declares R. C. A. Deal  
Is Step to World-Wide  
Trust Linked With Inter-  
national Bank.

By PAUL Y. ANDERSON,  
A Staff Correspondent of the Post-  
Dispatch.

WASHINGTON, April 18.—A  
world-wide monopoly in communi-  
cations was declared to be the  
goal of Owen D. Young, head of  
the General Electric Co. in a  
speech made on the floor of the  
Senate yesterday by Senator Dill  
(Dem., Wash.). He alluded  
to the latest deal involving an ex-  
change of patents and stock among  
the Radio Corporation of America,  
General Electric and the Westing-  
house Electric and Manufacturing  
Co.

Dill renewed his demand for an  
investigation of the transaction by  
the Department of Justice, and  
warned the Senate that, unless  
positive steps were taken to pre-  
vent it, the communications busi-  
ness of the world might presently  
be lodged in the hands of a small  
group of international financiers,  
connected with the International  
Bank for which provision is made  
under the Young plan.

Pointing out that Owen D. Young  
is the author of that plan, that he  
was instrumental in the organiza-  
tion of the Radio Corporation,  
which now has exclusive contracts  
with more than 30 foreign coun-  
tries, and that under the new ar-  
rangement the General Electric,  
headed by Young, will virtually  
control the Radio Corporation, Dill  
predicted the organization of a  
holding company to control radio  
communication and radio manu-  
facturers throughout the world,  
along the lines of the Electric Bond  
& Share Co., which now dominates  
the electric power industry in this  
country.

"Mr. Young will then be in a po-  
sition to connect his power and ra-  
dio control with the International  
Bank, and to make special use of  
the exclusive contracts existing be-  
tween the Radio Corporation and  
the various foreign countries," he  
said. "There has never been anything  
like this combination in the history  
of mankind, and the worst of it  
is that it ties up the whole future  
development of communications."

Alluding to the proposed merger  
of radio communications with the  
wire and wireless system of the In-  
ternational Telephone & Telegraph  
Co., Dill declared it was plain that  
Young was aiming at a complete  
monopoly in the field of communi-  
cation.

He made pointed reference to the  
fact that the radio deal was an-  
nounced immediately after David  
Sarnoff, president of the Radio  
Corporation, had called on Presi-  
dent Hoover, and accused Sarnoff  
of attempting to convey an impres-  
sion that the President had ap-  
proved the transaction. Dill said  
he was unwilling to believe that  
the President would indorse a radio  
monopoly.

## HUNGARIAN IS ARRESTED FOR SMUGGLING TO U. S.

Brought in Narcotics and Liquor;  
Also Suspected of Part in  
Murder.

By the Associated Press.  
VIENNA, April 18.—Gabor  
Munk, Hungarian citizen, a former  
resident of the United States, was  
arrested yesterday charged with  
smuggling narcotics and alcohol in-  
to the United States. Police said  
that Munk had returned to Europe  
and bought houses in Vienna and  
Baden and with his wife and daugh-  
ter made frequent journeys abroad.  
He possessed a Hungarian and  
Czechoslovak passport and police  
are investigating his alleged co-  
operation with smugglers.

Dr. Dornauer, police inspector,  
following a communication from  
New York, is investigating Munk's  
suspected connection with the mys-  
terious death of a smuggler named  
Koester in New York some years  
ago, after which Munk disap-  
peared.

Munk, who is 50 years old, lived  
in the United States 14 years and  
the police say he was connected  
with a large ring of drug smugglers  
there. Munk owns a palatial resi-  
dence at Baden, near Vienna, and  
moved in the wealthiest circles.

## Sparta Rotarians Elect Officers.

Special to the Post-Dispatch.  
SPARTA, Ill., April 18.—Leo F.  
Campbell, manager of the Illinois  
Power and Light Corporation, and  
secretary of the Egyptian Hustlers,  
has been elected president of Ro-  
tary Club. He succeeds Prof. Rush  
Carley, whose term will expire July  
1. Other officers elected were: N.  
R. Lesley, first vice president; W.  
H. Elwyn, second vice president;  
A. J. Stephenson, secretary, and  
N. R. Lesley, treasurer. The new  
board of directors: Prof. R. Carley,  
L. F. Campbell, W. H. Elwyn,  
Ralph Emons, Will Kieley, N. R.  
Lesley and H. V. Morgan.

## Negro Drug Peddler Fined On.

A Negro known as Johnnie  
Jones sold five grains of morphine  
to an informer of Narcotic In-  
spector Staley and two city detec-  
tives in an alley near Fourteenth  
street and Franklin avenue yester-  
day. When the officers ap-  
proached to arrest Jones, he fled  
and escaped. Staley fired two  
shots at him.

## AUTO CRASHES THROUGH GATES, HIT BY TRAIN; TWO KILLED

Three Others Injured in Accident  
on North Shore Right of  
Way at Washington.

By the Associated Press.  
WAUKEGAN, Ill., April 18.—Two  
persons were killed and three in-  
jured early today when their auto-  
mobile crashed through the guard  
gates at the Glen Flora crossing  
and was struck by a northbound  
North Shore electric train.

The dead are Louis Koppel, 30  
years old, and Harold Ginsky, 26,  
both of Chicago. Mrs. Louis Kop-  
pel, a Mrs. Lump, and Bernard  
Reinschreiber, all of Chicago, were  
seriously injured.

Either disregarding or failing to  
see the guard gates, the driver of  
the automobile sent the machine  
directly into the train's path. The  
motor car was demolished.

## Steamers Collide in Fog.

By the Associated Press.  
LEWES, Del., April 18.—The  
steamers F. J. Luckenbach, Phila-  
delphia for New York, and the Sa-  
laria, Buenos Aires via New York  
for Philadelphia, were in collision  
off the Delaware Capes last night.  
One member of the crew of the  
Luckenbach was injured and was  
brought here. Both vessels were  
damaged, but proceeded to the  
Delaware breakwater here. The  
collision was due to fog.

## CALLS TILSON "WATER BOY OF WALL STREET COMMITTEE"

Senator Brookhart So Describes His Party's National Executive Body.

By the Associated Press.  
WASHINGTON, April 18.—(Rep.) Representative Tilson, of Connecticut, the House Republican leader, was described by Senator Brookhart, (Rep.) Iowa, in the Senate today as "the water boy for this Wall street committee which calls itself the Republican National Committee."

The Iowa made the assertion after referring to a statement by Tilson issued this week through the Republican National Committee, which assailed those advocating the export debenture plan as "inconsistent." Vice President Curtis called Brookhart's attention to the rule prohibiting a Senator from casting any reflection on a member of the other legislative branch. The Iowa then said he would "not reflect on Mr. Tilson" but only on the statement.

RIGHT OF TRIAL  
BY JURY UP IN  
LEVEE HEARING

Government Contends  
Flood Control Act Blocks  
Both This Procedure or  
Any Appeal.

Special to the Post-Dispatch.  
CAPE GIRARDEAU, Mo., April 18.—The jury question arose at the beginning of the hearing here today in Federal Court on 17 of the Government condemnation suits for right of way of the \$3,000,000 Southeast Missouri setback levee, a part of the Mississippi River flood control project.

Government counsel took the position that the flood control act deprived landowners of the right to trial by jury and also of the right to appeal from the decision of the district judge.

The contention was brought out in arguments for the Government's motion to reject the report of the viewers or commissioners placing landowners' compensation at \$331,711 for these 17 parcels in Mississippi County. To support the contention that the court had the right to call for another estimate, John C. Dyott, special Government counsel went into the whole matter of procedure.

He quoted from the flood control act which provides that the court "shall appoint three commissioners whose award, when confirmed by the court, shall be final." He contended that this took the place of a previous law, cited by J. M. Haw, for the landowners, which called the same for procedure as that followed in the state courts. Dyott contended it was eliminating both jury and appeal. He said that the flood control act, in this provision, closely followed laws governing Federal condemnations in the District of Columbia.

"I think I can decide your motion for all time," commented Judge Faris, "if I can decide, no matter how great a right I have to discharge the viewers or send the same viewers back for other estimates, whether it would be worth while to do so."

He overruled a Government motion to require the viewers to itemize their awards, explaining that he failed to see how that would advance the settlement of the cases, since the items would be brought out anyway on trial of the exceptions which, in a majority of the cases, have been filed by both Government and landowners.

Arguments on the Government motion to reject the report of the viewers continued after the noon recess, and it seemed probable that the hearing would continue through tomorrow. Dyott contended, as set forth in the motion, that the viewers had been instructed by counsel representing a land owner.

The setback levee already is under construction between Birds Point and New Madrid, cutting across many farms in Mississippi and New Madrid counties. It limits the Southeast Missouri floodway which will relieve the main Mississippi levees of excess flood waters and is relied upon under the \$325,000,000 flood control project, to protect the city of Cairo.

Court of Appeals Affirms Judgment for Eagle Picher Co. in Quapaw Indian Suit.

By the Associated Press.  
TULSA, Ok., April 18.—Holding that there was no evidence to support charges of fraud in the leasing of Quapaw Indian lands to the Eagle-Picher Lead Co. in 1922, when Albert B. Fall was Secretary of the Interior, the United States Circuit Court of Appeals has affirmed judgment in favor of the company in a \$25,000,000 suit brought by Flora Whitebird.

The Indian woman alleged the mineral leases in Northeastern Oklahoma were obtained fraudulently, that they were not signed by the Indian allottees, that an insufficient remuneration was provided and that the Secretary of the Interior had no authority to make the leases.

In the decision handed down at Denver the Court of Appeals sustained the judgment of District Judge F. E. Kennamer of Oklahoma. The Eagle-Picher Co. received the leases after Charles H. Burke, then Commissioner of Indian Affairs, recommended that they be approved. Burke held that a royalty of 15 per cent should be given the land owners instead of the 5 per cent provided in the leases.

**PLEASANT GREEN BANK CLOSES**  
Cooper County Depository Had Deposits of \$400,000.  
Special to the Post-Dispatch.  
JEFFERSON CITY, April 18.—The Bank of Pleasant Green, at Pleasant Green, Cooper County, was closed today by order of the board of directors and turned over to the State Finance Commissioner. The bank had \$98,000 total resources, according to its last statement.

(Street Floor.)

#### Interwoven Socks for Men

SILK-AND-RAYON mixed, in desirable colors and patterned effects. . . . 75c and \$1

(Men's Hosiery—Street Floor.)

#### BYRD RETURNS TO DUNEDIN AFTER VISIT IN WELLINGTON

His Dog Wanders Away During Stop, but Continues Journey on Next Express.

DUNEDIN, N. Z., April 18.—Rear Admiral Richard E. Byrd returned here today from his visit to Wellington and will remain in Dunedin a week before sailing for Panama on his homeward journey. Byrd returned without his famous dog, Igloo, which became separated from him at Ashburton on the return trip. Igloo wandered away from the station while Byrd was being made a member of the Aero Club during a short train stop. Igloo howled when he saw his master had left him behind, but the dog was taken in hand by the train crew and traveled in the guard's van to Dunedin on the next express.

For his last week in New Zealand Admiral Byrd has only one official engagement, a lecture to assist the fund for endowment of a university chair of obstetrics.

#### ROBBIE MAILED BACK 15 CENTS HE TOOK FROM BOY IN HOLDUP

New Orleans Lad, One of Bank Customers, Gets Dime in Addition.

By the Associated Press.  
NEW ORLEANS, La., April 18.—Wednesday three men robbed the Broadmoor branch of the Hibernia Bank and Trust Co. of \$300 and one of them took 15 cents from the pockets of Jack Spearing, 13 years old, who, with other customers, was held up in the bank.

Today the New Orleans States received a letter signed "Kentucky Bill" who said he was one of the robbers. Enclosed was 15 cents with a request that it be delivered to young Spearing.

"I do wish you would return this 15 cents I took from the pockets of the little fellow, as he wanted to know if he would get this 15 cents back," the letter read. The quarter was delivered to Jack promptly.

#### GEORGIA LABOR TABLES BILL FAVORING DRY MODIFICATION

WAYCROSS, Ga., April 18.—The Georgia Federation of Labor today tabled by an overwhelming majority a resolution favoring modification of the prohibition law so as to permit the manufacture and sale of light wines and beer.

The recommendation came before the Federation's convention here on a favorable report of the Resolutions Committee, but soon after debate was started a motion to table the proposal was made.

#### STATE TAKES OVER AFFAIRS OF LIBERTY TRUST, KANSAS CITY

KANSAS CITY, Mo., April 18.—The affairs of the Liberty Trust Co., dealing chiefly in mortgages, with offices here and in Memphis, Tenn., were taken over by the State Finance Department today. The company is capitalized at \$250,000 and was organized in 1917 by Forest C. Cochran, its president.

## INSTITUTE TO TAKE UP ALL POLITICAL WORLD PROBLEMS

Conference, July 31 to Aug. 28 to Discuss Limitation of Navies and London Meeting.

Special to the Post-Dispatch.

WILLIAMSTOWN, Mass.—Limitation of armaments and political questions in back of the technical problems of the London Naval Conference, as well as questions bearing on intervention by the United States in the affairs of the Caribbean, will be emphasized on the program of the annual session of the Institute of Politics, to be held here from July 31 to Aug. 28, as announced by Dr. Harry A.

Garfield, president of Williams College and chairman of the institute.

Great Britain's troubles in India and the political aspects of aerial navigation are also on the agenda, together with the problems of the Far East. Having in mind the important factors in the current international situation, more than half of the effort of the institute during its session will be devoted to the study of a group of problems which may be described by the phrase, "World Political Stabilization."

In announcing the forthcoming session at Williamstown, which completes a decade of effort to direct public interest toward international affairs, Dr. Garfield said: "In the deepest recesses of the public mind in this country and in Europe is the unanswered question as to the way of peace in the world. Where is it to be found? In what vehicle are we to travel? In Geneva and the League of Nations, in the pact of Paris, with its universal outlawry of war as a national policy, in the Locarno pact, with its limited guarantee, or in a possible London pact, with the reduction or limitation of naval armaments?"

"In the foreground of the

world's thinking, are all sorts of perplexing problems, political, economic, financial, military, social and legal. Nationalistic ambitions and interests are the media through which the various states view these problems. Among these problems are the following: to ourselves, the Caribbean area presents the question of interference with small and backward states. To the English, the independence movements in India and Egypt menace stability. To the Germans, the financial obligations in the Young plan are a disturbing element. To the Russians, their relations with the rest of the world depend on the successful outcome of their experiment with Communism.

"To the French, wealthy and prosperous as they are, the question of security seems perennial. To the Italians, the problem is to find the reasonable ultimate destiny at which to aim. To the Chinese and Japanese, the ownership of Manchuria is the bone of contention. To all alike, but with varying degrees of pressure, the question of markets and outlets for surplus population and the political questions lying back of the technical problems of the London conference are of abiding interest.

"The Institute program has been prepared with all this in mind. The tangle of international interests will be discussed with our own problems in the foreground, though without neglect of the points of view of other nations."

Naval Disarmament First.

In emphasizing those world problems close to our own national policy, in the foreground of which is naval disarmament, the Institute has secured Rear Admiral Arthur J. Heppburn, Chief of Staff, United States Fleet, and one of the naval experts at the London Conference, to conduct a round table on limitation of armaments. Lectures will be delivered on general conferences on this subject will be held by Rear Admiral William V. Pratt, chief naval expert of American delegation at the London conference. Lord Eustace Percy, former Minister of Education in Great Britain, will conduct a lecture course on the "Freedom of the Seas." Dr. Paul Mantoux of Paris, one of the advisers of the French delegation now at London, will give a lecture course on "France and the Disarmament Problem."

"Intervention and Arbitration in Latin America," with particular reference to our policies in Nicaragua and Haiti, will be the subject of a group of general conferences under the leadership of Jesse S. Reeves, professor of political science at the University of Michigan. Reeves, who is attending the Conference on Codification of International Law at The Hague as technical adviser to the American commission will also conduct a round table on "Pan-American Problems."

"India and Nationalism" will be the subject of an address by Lord Meston of London, who it is also expected will be present for three general conferences on India. Lord Meston was a representative of India in the War Cabinet in 1917 and a member of the Governors' General Council. "The Far Eastern Situation" will be reviewed at a round table under the leadership of Prof. George H. Blakeslee of Clark University.

German Jurist to Lecture.

Walter Simons, former Chief Justice of the Supreme Court of Germany, will give a lecture course on "The Evolution of International Public Law in Europe Since Grotius." A series of general conferences on "Western Civilization and the World," with reference to the impact on backward states, will be conducted by Prof. C. de Lisle Burns of Glasgow University. Edwin F. Gay, professor of economic history at Harvard University, will round out the program from the point of view of Europe with a series of round-table conferences on "Recent Economic Progress in Europe."

Among other topics is a series of round table conferences under the leadership of Edward P. Warner, former Assistant Secretary of Navy for Aeronautics and editor of "Aviation," on "The Political Aspects of Aerial Navigation," a group of general conferences, to be conducted by Dr. Laura Martin of Washington, on "Arctic and Antarctic," and another series of general conferences on "Russia and Recognition."

Dr. Walter W. McLaren, executive secretary of the Institute, commenting on the forthcoming session, said: "The Institute of Politics began its annual sessions in 1921. The small round-table or discussion group method which it adopted as the principal means of accomplishing the education of adults in foreign affairs proved so effective that it has been included as an essential part of their programs by nearly all the learned societies. Adults' Education.

"This experiment in adult education has been a success, so much of a success that many other institutes for the study of international and domestic politics have been established in various sections of the country."

"In addition to the round-table conferences, the program of the Institute of Politics offers daily a 'general conference' in which the members of the various round-tables come together to hear a series of arguments for and against the proposed or policy which forms the subject of discussion for this day. At the conclusion of these formal arguments a general discussion follows."

"Attendance at the meetings of the round-table conferences is limited to duly enrolled members of the Institute. Each member will be assigned to one of the round-tables, the assignment depending on the member's ability and intention to contribute to the discussion going on in that conference. The round-tables meet 9 p. m. on alternate days of the week."

**WOMAN SLAIN, HER HUSBAND DEAD OF AUTO GAS IN GARAGE**

Left a Real Estate Salesman in Detroit; Child, 13, Finds Mother's Body.

DETROIT, Mich., April 18.—Mrs. Maud MacPherson, 44 years old, was found hanged to death in her home last night, her husband, Hume MacPherson, 50, real estate salesman, was found dead in his closed garage, the motor of his automobile running.

The woman's body was found by a 13-year-old adopted daughter.

**DRY SUPERVISOR OBTAINS LEAVE TO CLEAR HIS NAME**

Palmer Canfield Asked to Resign as Result of "Near Beer" Permit Evidence, Refuses.

By the Associated Press.

WASHINGTON, April 18.—Seymour Lowman, assistant secretary of the Treasury, said today that a request that Palmer Canfield resign as special supervisor for the national prohibition enforcement unit in Washington had been withdrawn but that Canfield's application for a leave of absence would be granted.

Further action, the chief of the prohibition enforcement arm of the Government indicated, would depend on the result of the grand jury investigation of Canfield's conduct, which probably will be instituted at his request.

NEW YORK, April 18.—Eight of 19 officers and employees of the Columbia Country "Cereal" Beverage Co., Hudson, N. Y., charged with using a near beer permit granted by Palmer Canfield, former prohibition administrator at Albany, as a shield to manufacture real beer, were convicted here yesterday of conspiracy to violate the prohibition law.

Those found guilty were Michael A. Devasto, accused as leader of the plot; George H. Burt, secretary-treasurer of the brewery company; Nicholas Feint, manager of the plant, and five employees. Canfield was recommended for the five employees. The jury acquitted 11 persons, including Albert Cashedollar, vice president of the company and 10 workmen.

Fines of \$10,000 each and three years' imprisonment are faced by those found guilty. Sentence will be pronounced May 5.

Testimony in the trial that \$10,000 or \$20,000 "mysteriously disappeared" at a conference among Canfield and three officers of a brewing company in the basis of an inquiry ordered in Washington.

The Federal grand jury next Wednesday will begin an investigation to determine whether "arrangements" were made with Canfield for the issuance of a near-beer permit to the Columbia company before he took office.

George W. Wickersham, chairman of the National Commission of Law Observance and Enforcement, has issued a denial of statements published in some newspapers that Canfield was an unofficial adviser to the commission. He said Canfield had no connection, official or otherwise, with the commission and never had any connection with it.

**BEATING OF WOMAN BY MAN CLEW IN WASHINGTON SLAYING**

Two Roommates of Mary Baker Questioned and Give Important Information.

By the Associated Press.

WASHINGTON, April 18.—After questioning Olga Skinner and Mildred Sperry, roommates of Mary Baker, who was slain a week ago, authorities investigating the case said today they were following two new developments.

Detectives were on their way to Warsaw, Va., where they expected to question a man. Two witnesses who saw a man beating a woman near the Navy Department Building last Friday evening were to be taken before a suspect here.

After the funeral of Miss Baker, officers who wanted to question her roommates could not find them. They were found in a Virginia town near Richmond and readily consented to answer officers. It was explained that they left Washington because they felt the publicity given them was distasteful.

**POLICE RAID "BUNS" RETREAT**

Beer, Alcohol and Moonshine Seized; Four Men Arrested.

Bowl of pretzels and herring decorated the several tables at the "Buns' Retreat" on the second floor at 900 Market street, raided by police yesterday in response to an anonymous letter.

Behind the bar and in an icebox, the police reported seizing 432 bottles of beer, gallons of alcohol, three quarts of moonshine and a half gallon of gin. A sign on the wall, giving the name of the retreat was not disturbed. Two men in charge there and two men in charge of a saloon downstairs were arrested.

**ITALY'S CORPORATION COUNCIL**

King Victor Emmanuel Names 128 Members.

By the Associated Press.

ROME, April 18.—King Victor Emmanuel has named 128 members of the National Council of Corporations which will be the ruling body to lead new Fascist conception of the corporate state.

The members represent the professions, arts, agriculture, industry, commerce, transportation, banks, the Fascist party and many other institutions. The council will be inaugurated in Rome on April 21.

**Chicago Yellow Cab Earnings.**

By the Associated Press.

CHICAGO, April 18.—Net earnings of the Chicago Yellow Cab Co., Inc. for the first quarter of 1930 amount to \$332,379, as compared with \$364,029 for the corresponding period last year.

**FEWER FARM HANDS NEEDED**

Situation in Oklahoma Not Good, Commissioner Says.

OKLAHOMA CITY, Ok.—Fewer harvest hands will be needed this

year in Oklahoma than in any year previous, it present conditions, pointed out by W. A. Murphy, State Labor Commissioner, do not change by harvest time. If dry

weather continues, the crop will be poor, he said.

An increased number of machines probably will be in the fields to eliminate harvesters and threshing crews, the commissioner

said. He will begin early his efforts to prevent out-of-state farm laborers from rushing to Oklahoma. The situation now indicates there will be plenty of workmen in the State.

**OFFICERS WHO MISTOOK BUNDLE FOR WHISKY BOTTLE FIRED ON**  
One Policeman Wounded in Atlanta, Ga., By Collector Who Mistakes Them for Robbers.

ATLANTA, Ga., April 18.—Two policemen who mistook a bundle of papers for a bottle of liquor were fired on and one was wounded by a bill collector who mistook them for robbers.

M. L. Clinton, the bill collector, was alighting from his automobile when R. R. Davis and C. E. McCrary of the police dry squad drove up in an automobile. Davis mount-

ed the running board of the car which Clinton was leaving. One of Clinton's clients, A. Auerbach, a merchant, in the car, shouted for help and Clinton drew his pistol and fired. Davis was shot in the hip and in the back. The officers returned the fire and Clinton fled, telephoning police he had been pursued by holdup men.

Davis' wounds are not serious. Clinton and Auerbach were held on a charge of "suspicion." Police said Clinton admitted he had no license to carry a weapon. Davis said he thought Clinton's papers were being used to conceal a bottle of liquor.

**TRAIN HITS RACE HORSE VAN**  
Two Men, Four Thoroughbreds Hurt at West Chester, Pa.

By the Associated Press.

WEST CHESTER, Pa., April 18.—William Hayhurst, a jockey, Alfred Baltas, and four thoroughbred horses of the Harry Payne Whitney stables were injured last night in a collision between a Reading Railway freight train and a van on the Baltimore pike near here.

Hayhurst and Baltas, both of Manhasset, L. I., were taking the horses from the Whitney stables on Long Island to the owner's

farm in Virginia. A donkey, which also was in the van, suffered a fractured leg. The van, built especially for transporting horses at a cost of \$25,000, was wrecked.

**\$11,000 OREGON BANK HOLDUP**

Two Men Rob Depository in Suburb of Portland.

By the Associated Press.

PORTLAND, Ore., April 18.—Two men held up the First State Bank of Milwaukee, a suburb, yesterday and escaped with several packages of currency. A. H. Zanders, cashier, said the loss exceeded \$11,000.

## \$100,000,000 CASH MADE

## AVAILABLE FOR FOX FIRMS

Amount Provided by New Syndicate to Meet All Debt, Directors' Names Announced.

Special to the Post-Dispatch. NEW YORK, April 18.—More than \$100,000,000 in cash, sufficient to pay off all debts of both companies and still leave ample working capital, has been provided for the Fox Film and Fox Theaters Corporations by the interests which last week took over control from William Fox.

This result of the compromise plan of refinancing the corporations, under which both the Bancroft-Biell group and Halsey, Stuart & Co. will participate, was announced by Harley L. Clarke, president of both Fox companies and owner of a majority of their voting stock. In addition, Clarke made public the list of new directors, which for the film corporation are, besides himself, Matthew C. Brush, president of the American International Corporation; Charles W. Higby, president of the Hanover Fire Insurance Co.; Oscar L. Gubelman, financier; Winfield R. Sheehan, vice president, and general manager of Fox Film Corporation; Charles B. Stuart of Halsey, Stuart & Co.; Saul E. Rogers, general counsel of Fox Film Corporation, and William Fox.

The new directors of the Theaters Corporation are Clarke, Arthur P. Lafrentz, president of the American Surety Co.; Samuel W. Fordyce, attorney of St. Louis; Robert W. Winnmill of Gude, Winnmill & Co.; Sheehan, Rogers, Fox, Stuart and Walter R. Herrick of Herrick, Berg & Co.

\$15,000 TO PARENTS OF BOY  
WHO LOST LEG IN ACCIDENT

Angelo Santino, 7, Run Over by Electric Truck of Tebelmann Baking Co.

A jury in Circuit Judge Oasing's court today returned a verdict of \$15,000 in favor of Mr. and Mrs. John Santino, 920 Wash. street, against the Tebelmann Baking Co., 1425 O'Fallon street. The suit was for expenses in the care of their son, Angelo, 7 years old, and his services to them, which they are denied, as the result of the boy's loss of a leg three years ago when he was injured by an electric truck belonging to the company.

Witnesses for the parents said the boy was playing along the curb near his home when the truck, parked about 40 feet away, rolled down grade, striking and injuring him so as to require amputation of the left leg. The defense contended the boy and a playmate were in the truck and started it, the injury occurring when it struck another motor vehicle.

About a year ago a jury in Circuit Judge Falkenhainer's court returned a verdict in favor of the baking company in the boy's suit for \$75,000. That case is now pending in the Supreme Court, the baking company having appealed when the Court set aside the verdict and granted the boy's motion for a new trial.

CONVICT WHO FORGED WAY  
OUT OF PRISON GETS 5 YEARS

Leavenworth Prisoner Serving 30-Year Term Convicted at Topeka.

By the Associated Press. TOPEKA, Kan., April 18.—Convicted of forging his way out of the Leavenworth Federal penitentiary, Hayes Van Gorder received five years more to the long term which he must serve before his many sentences expire. After less than 15 minutes, the jury decided yesterday that the writ of habeas corpus on which the 34-year-old forger obtained his release March 2, 1929, was his own handiwork.

After the expiration of his present term of 20 years for mail order forgeries, Van Gorder will serve the additional sentence.

Van Gorder's record discloses he is now serving sentences on commitments from Federal Courts in Missouri, Iowa, Wisconsin, Tennessee, Illinois and Kansas, all for forging money orders.

Richard Von Eschen, former penitentiary inmate, testified that Van Gorder had also forged another writ at about the same time which resulted in Von Eschen's release. Von Eschen later returned voluntarily to the prison. He has since been released.

SENATOR PITTMAN RAKES PAPER  
FOR COMMENT ON SILVER DUTY

Charges McGraw-Hill Publishing Co. Is "Lobbying for Big Interests."

WASHINGTON, April 18.—The McGraw-Hill Publishing Co. was attacked in the Senate today by Senator Pittman (Dem., Nevada), as "one of those companies lobbying for the big interests of the country."

Pittman made the charge in criticizing an editorial in the Engineering and Mining Journal, described as a McGraw-Hill publication, which he said was a "violent and hypocritical attack" on those Senators who voted for a tariff on silver.

Pittman said the duty of 30 cents an ounce he proposed on silver had carried, 55 to 13 and added, "when that editorial reaches the mining industry the subscriptions to this journal will terminate immediately."

Negro Killed in Ditch Cave-In.

Henry Smith, 49 years old, a Negro laborer, was crushed to death yesterday afternoon when a ditch 5 feet deep, in which he was working on Jamieson avenue, near Neosho street, caved in. Other workmen removed the body 30 minutes later. Smith, who was employed by a construction company, lived at 3113 Colorado avenue.

CLUBWOMEN GIVEN 9 RULES  
FOR KEEPING HUSBANDS

Past President of California Federation Says "Make him Think He Has Strength of Lion."

DEL MONTE, Cal., April 18.—Nine rules for keeping husbands were presented today to members of the California Federation of Women's Clubs, by Miss Jennie Partridge, past president of the city and county federation of San Francisco, at their annual meeting here.

They are:  
Dress prettily for breakfast.

Never make your husband dry dishes.

Friend husband should take you out just two evenings a week. The rest of the time let him stay home.

The wife should pay the rent, grocery and butcher bills, before doling up or even buying new furniture.

Never permit mother-in-law to automobile.

## visit on Sunday or holidays.

Listen to your husband. If he likes the sound of his own voice, ask his advice on everything.

Be dependent and clinging, but not too clinging.  
Make him think you are a poor weak creature and he is nine feet high with the strength of a lion and the courage of a Napoleon.

## Filling Station Robbed.

Robert Bell, attendant at the Lorenz Service Station at Belleville, reported to police today that he was held up early there by two men who took \$150 from the cash register. After the robbery, Bell's hands were tied behind him by the robbers. He was released by a passerby. Bell said first one man entered and made him turn over the money in the register, and the other then entered and tied his hands. The men escaped in an automobile.

Irish P

MONTFERRAT

VICTOR IN THE

THIRD RACE,

PAYS \$37.60

By the Associated Press.  
HAYRE DE GRACE, Md., April 18.—The favorite, Irish Polly, won an impressive winner in the mud in the Adorable Purse, at five and one-half furlongs, feature race here this afternoon.  
Betty Beau was second and Red Cross Sister third.  
Irish Polly's time was 1:05 2-3, and the win price in the mutuels was \$5.50.

By the Associated Press.  
HAYRE DE GRACE, Md., April 18.—Abduction, ridden by Colliet, was an easy winner in the opening race, in which 12 juveniles competed over four and a half furlongs here this afternoon. Broad A. was second and Black Lulu third.

Abduction jumped away to the lead, and showing a decided liking for the going, won by three lengths. Broad A. began for the place. The track was heavy.

Miss Blanche Watson's Chatterling, a superior mud horse, added another place to her already long list when she romped home four lengths in advance of the field in the second event. Guide Right was second and Theo Rochester third.

Chatterling, usually a very fast runner, upset the odds by getting away last and trailing the field for a half mile. She came around the leaders in the stretch and drew away to win by four lengths over Guide Right, which in turn beat Theo Rochester one and a half lengths for the place.

The Sagamore's Stable's Montferrat, ridden by the apprentice Glorioso, was an easy winner in the third race. He was neglected in the betting, paying \$37.60 for a \$2 ticket.

Cloudy ran into the lead with Toki second and Montferrat third. In the final furlong Glorioso brought Montferrat up and taking the lead, won by one and a half lengths. Toki defeated Cloudy a head for the place.

### Irish Polly Best in Adorable Purse at Havre

#### MONTFERRAT VICTOR IN THE THIRD RACE, PAYS \$37.60

By the Associated Press.  
HAVRE DE GRACE, Md., April 18.—The favorite, Irish Polly, was an impressive winner in the mud in the Adorable Purse, at five and one-half furlongs, feature race here this afternoon.

Betty Leau was second and Red Cross third.

Irish Polly's time was 1:08 2-5, and the win price in the mutuels was \$5.50.

By the Associated Press.  
HAVRE DE GRACE, Md., April 18.—Adduction, ridden by Cottrell, was an easy winner in the opening race, in which 12 juveniles competed over four and a half furlongs here this afternoon. Broad A. was second and Black Lulu third.

Adduction jumped away—to the lead, and showing a decided liking for the going, won by three lengths. Broad A. beat Black Lulu one and a half lengths for the place. The track was heavy.

Miss Blanche Watson's Chattering, a superior mud horse, added another purse to her already long list when she romped home four lengths in advance of the field in the second event. Guide Right was second and Theo Rochester third.

Chattering, usually a very fast runner, upset the odds by getting away last and trailing the field for a half mile. She came around the leaders in the stretch and drew away to win by four lengths over Guide Right, which in turn beat Theo Rochester one and a half lengths for the place.

Outsider Captures Third.  
The Sacramento's Stable's Montferrat, ridden by the apprentice Glorioso, was an easy winner in the third race. He was neglected in the betting, paying \$37.60 for a \$2 ticket.

Cloudy ran into the lead with the lead, and Montferrat third. In the final furlong Glorioso brought Montferrat up and taking the lead, won by one and a half lengths. Toki defeated Cloudy a head for the place.

#### DOEG DEFEATS BELL, MANGIN CONQUERS PARE IN NET TOURNAY

By the Associated Press.  
PINEHURST, N. C., April 18.—Johnny Doeg, California wizard, and Gregory Mangin of Newark, N. J., Georgetown University sophomore, today won their way to final of the United North and South tennis tournament.

Mangin staged a comeback to defeat Emmett Pare of Dayton, O., in a five-set struggle today after losing the first two sets. The score of their match was 4-5, 1-6, 6-3, 6-4.

Doeg easily trimmed Berkeley Bell of Austin, Tex., 5-6, 6-3, 6-4 in the other semi-final match.

Doeg was master of the situation. His service was so swift as to be unplayable and his return for the most part were accurate. Doeg lost only two services during the match.

The Texan's service was erratic and he rarely was able to place his first ball in the court.

During the third set Bell gained a lead of four games to one, but appeared tired and dropped the next five games in a row.

The Pare-Mangin match ran for nearly three hours. An injured ankle apparently bothered Mangin during the first two sets, but he appeared to "shake off" the injury during the remainder of the match and made an uphill fight to win.

Both players were near exhaustion at the end of their match, but Mangin seemed better able to stand the fast pace than his opponent.

Mrs. Marian Jessup of Wilmington, Del., and Miss Marjorie Morrill of Boston won the women's doubles championship. They defeated Miss Dorothy Andrews of Greenwich, Conn., and Miss Virginia Hillery of Philadelphia, 7-5, 7-5.

#### HIGH SCHOOL HURLER FANS PUT IN 13-INNING GAME, BUT IS BEATEN

PLAINFIELD, N. J., April 18.—A pitching mark and likewise a hard luck record was hung up here recently by Roscoe, star pitcher of the Wardlaw School ball team.

The lad hurled 13 innings and struck out 50 of the Cranford High batters opposing him, allowed but one hit and walked but one man, yet all his team pulled out of the affair was a 1 to 1 tie.

And the hit was a bad break for the youngster, robbing him of a perfect game and a shutout victory. An easy fly was misjudged by a substitute Wardlaw center fielder and sent for a home run, completely ruining things for Roscoe.

#### That \$80,000 Homerun Swing on Display in Philadelphia

Babe Ruth of the Yankees taking a cut at one of Lefty Grove's curves in New York's game at Philadelphia last Tuesday, which the world champion Athletics won. Ruth was cheated out of a home run when his drive hit a loud speaker device on top of the stand, the ball dropping back in the field and Babe being held to two bases.

#### COLD IN CHICAGO KEEPS BROWNS FROM PLAYING

By a Special Correspondent of the Post-Dispatch.

CHICAGO, April 18.—The opening game of the series between the Browns and White Sox, scheduled to be played here this afternoon, was postponed because of cold weather. It marks the second postponement for the St. Louis club this season. Only two games have been played and both resulted in defeats for Killdeer's men.

Walter Stewart, the Browns' southpaw, who has shown to advantage in his outings this spring, will probably tell for the Browns tomorrow if a game is played. Urban Faber, the veteran spitball pitcher, is due for Donie Bush's crew, which has been able to get in only one of its contests to date.

If coming events at their shadows before them, the Browns are going to experience considerable difficulty when confronted with southpaw pitching this season. At least this was the opinion yesterday when Earl Whitehill, veteran left-hander of the Tigers, restricted them to three hits and the Bengals won the second and last game of the opening series, 6 to 1, an affair that was halted after the Browns' turn at bat in the sixth inning.

It took the Tigers quite a while to get credit for the victory though, as the game was halted twice by downpours before Umpire Dinneman finally waved the Athletics to the clubhouse and called it a day.

#### WASHINGTON CREW WILL NOT OPPOSE BADGERS

By the Associated Press.

SEATTLE, Wash., April 18.—Washington oarsmen will not meet the University of Wisconsin on Lake Mendota next June on their way east to the Hudson regatta. Graduate Manager Earl Campbell announced today, explaining that the Badger institution was not in favor of repeating last year's program.

Campbell also said the Huskies' varsity probably would not accept an offer to compete with Marietta College at Marietta, O., as the race would cut two days from the crew's traveling schedule.

#### RACING RESULTS

At Havre de Grace.

#### 15 OF 33 GAMES IN MAJORS HAVE BEEN POSTPONED

It was the late Charles Ebbetts of the Brooklyn club who continually told his fellow magnates in the major leagues that the baseball season was started too early. Ebbetts preached at every scheduled meeting, but nothing ever came of it. The magnates continued on their merry way with the season opening the middle of April.

This spring it was the same and the result has been that the clubs have run into plenty of bad weather, inasmuch as 15 of the 33 scheduled contests already have been called off on account of rain and cold weather.

The American League has been hit harder than the National, in that more than half of the contests scheduled in the National circuit have been canceled. To date the league has had 17 contests scheduled and nine have been postponed. In the National, the total is six postponements out of 16 scheduled.

One of the peculiar angles connected with the cancellation in the National League is the fact that all have come in the East. Western clubs having been able to go through with the complete schedule.

The postponements:

AMERICAN LEAGUE.  
April 15—Cleveland at Chicago.  
April 16—Browns at Detroit.  
Cleveland at Chicago; New York at Philadelphia.  
April 17—New York at Philadelphia; Washington at Boston.  
April 18—Browns at Chicago; Washington at Philadelphia; New York at Boston.  
NATIONAL LEAGUE.  
April 16—Philadelphia at Brooklyn; Boston at New York.  
April 17—Philadelphia at Brooklyn; Boston at New York.  
April 18—Boston at Brooklyn; Philadelphia at New York.

#### Hooper Named Head

NEW YORK, April 18.—Lon Hooper Jr. of Princeton was elected president of the Intercollegiate Football Association today to succeed Hasken Suberbaum, Columbia.

The other officers chosen were: J. Dunn Allen, Harvard, vice president; and Clarence J. Hauck, West Point, secretary-treasurer.

#### La Barba Is Favorite

CHICAGO, April 18.—Fidel La Barba, West Coast featherweight, today ruled a 4 to 5 favorite to defeat Bud Taylor of Terre Haute, Ind., when they meet in Promoter Jack Dempsey's show here Monday night.

Taylor expects to meet KM Chocoma in the Brooklyn ball park in June regardless of the outcome of his fight with La Barba, he said.

## HALLAHAN STRIKES OUT HORNSBY AND WILSON WITH 3 ON

By J. Roy Stockton.

Of the Post-Dispatch Sport Staff.

SPORTSMAN'S PARK, April 18.—The Cardinals defeated the champion Chicago Cubs this afternoon and evened the series, two games to two.

The score was 11 to 1.

Hornsby and Grimm were again on the bench, with Beck and Tolson taking their places in the Cubs' infield.

It was ladies' day and about 5000 women passed through the free gate. There were about 2000 cash customers.

Quigley, Pflum and Jorda were the umpires.

The game:

FIRST INNING—CUBS—English walked. Blair struck out. Cuyler forced English. Gelbert to Adams. L. Wilson grounded to Frisch.

CARDINALS—Bush threw out Douthitt. Adams popped to Beck. Frisch singled to center. Frisch out. Taylor to English.

SECOND—CUBS—Stephenson struck out. Tolson walked. Taylor struck out and Tolson was doubled at second. Wilson to Gelbert.

CARDINALS—Bottomley singled against the right field screen. Chick followed with one of the toughest home runs ever hit at Sportman's Park. The ball landed on the roof of the Pavilion a few feet from the center field bleachers, and bounced into Grand Boulevard toward the Y. M. C. A. building. Bottomley scored ahead of Hafee. Frisch followed with a double down the right field line. Gelbert singled to left scoring Frisch. J. Wilson forced Gelbert. English to Stephens. Hallahan walked. Douthitt lined to Stephens.

THIRD—CUBS—Beck flied to Frisch. Bush walked. English also walked. Blair was called out on strikes. Cuyler walked, filling the bases. L. Wilson struck out.

CARDINALS—Bottomley singled to right. Hafee singled to left. Bottomley stopping at second. Frisch singled to right scoring Bottomley and sending Hafee to third. Gelbert was called out on strikes. Hafee scored on J. Wilson's sacrifice fly to L. Wilson. Hallahan struck out—TWO RUNS.

FOURTH—CUBS—Stephenson lined to Hafee. Tolson flied to Frisch. Adams threw out Taylor.

CARDINALS—Douthitt grounded to Blair. English threw out Adams. Frisch was safe when Tolson missed his grounder. Bottomley drove deep to L. Wilson.

FIFTH—CUBS—Frisch threw out Beck. Bush walked. English forced Bush. Adams to Gelbert. Blair struck out for the third time.

CARDINALS—Hafee singled to left for his third straight hit. Frisch singled to right for his third hit. Hafee stopping at second. Gelbert forced Frisch. Blair to Beck. J. Wilson hit into a double play, English to Tolson.

SIXTH—CUBS—While Hallahan was warming up between innings, his spins caught in the rubber when he jumped up to catch a high return from Earl Smith and he fell to the ground apparently in great pain. Manager Street and the other Cardinals rushed out to give first aid but still recovered after a minute or two and remained on duty. Cuyler flied to Frisch. Adams muffed Wilson's pop fly. Stephenson flied to Frisch. Tolson singled to right for the first hit off of Hallahan. L. Wilson stopped at third. Taylor singled to right, scoring Wilson. Tolson stopping at second. Beck walked, filling bases. Hornsby batted for Bush and was called out on strikes. ONE RUN.

CARDINALS—Warwick went in to pitch for the Cubs. Hallahan walked. Douthitt sacrificed. Warwick to Tolson. Adams popped to English. Hallahan went to third on a wild pitch. Frisch walked. Bottomley singled against the right field wall, scoring Hallahan.

SEVENTH—CUBS—English flied to Stephens. ONE RUN.

EIGHTH—CUBS—Wilson struck out. Stephens walked. Tolson struck out. It was Hallahan's tenth strike-out. Frisch threw out Taylor.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

NINTH—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

TENTH—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

ELEVENTH—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Twelfth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Thirteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Fourteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Fifteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Sixteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Seventeenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Eighteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Nineteenth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

Twentieth—The Cubs failed to score.

CARDINALS—Frisch walked. Gelbert grounded to English. who stepped on second and just about threw to Tolson for a double play. J. Wilson singled to center. Beck threw out Hallahan.

# ST. LOUISANS ARE NAMED FOR TRYOUT WITH U. S. SOCCER TEAM

Bill Lehman, center halfback of the Heltrungs, and Frank Vaughn, left fullback of the Ben Millers, will be invited to participate in the second tryout game at New York from which selections will be made for the United States team which will compete in the international soccer tournament at Montevideo in July. W. R. Cummings, manager of the team which will visit South America, today announced that in addition to Lehman and Vaughn, the West will be represented in the trial match, May 1, by Willie McLean, Chicago forward, and Alec Wood, fullback who played this season in Detroit, but formerly starred alongside Tom Scott for the Chicago Bricklayers. Both St. Louis boys are American-born, whereas McLean and Wood are both products of Scotland.

G. Randolph Manning, chairman of the Foreign Relations Committee of the United States Football Association, is in charge of scheduling the tryout games and is responsible largely for the selection. In a recent communication to Cummings, whose headquarters are in Chicago, Manning names the following players to whom invitations will be sent to play the test match against the Hakoah All-Stars at New York on Thursday, May 1: Vaughn and Lehman, St. Louis; McLean, Chicago; Alec Wood, Detroit; Consalves, Fall River; Aud, Providence; McGhee, Philadelphia; Florio, New Bedford; Bookie, Cleveland; Stradan, Philadelphia; Sousa and Douglas, New Jersey; and Stone, who showed up well in last Monday's Metropolitan trial, will again be invited to compete. Stark, Bethlehem, and Patenaude, Fall River, will be invited at a later date.

## LARMORE TO MEET KAMMANN TODAY IN HANDBALL TOURNAMENT

Bob Larmore and Walter Kammann, two of St. Louis' outstanding handball players, will meet today in a second-round match, the winner of which will oppose Simon Wolf in one of the semifinals of the Downtown Y. M. C. A. tournament. L. N. Kessler and Milton Smith will meet in the other semifinal.

Smith defeated Marshall Lehr yesterday, 21-18 and 21-12, while Kessler eliminated J. R. Stotts by scores of 21-10 and 21-8.

Second round, class A—Simon Wolf defeated Marshall Lehr, 21-18 and 21-12. J. R. Stotts defeated J. N. Kessler, 21-10 and 21-8. J. N. Kessler defeated J. R. Stotts, 21-10 and 21-8. J. N. Kessler defeated J. R. Stotts, 21-10 and 21-8.

## JONES AND MATES TO PRACTICE IN EAST

By the Associated Press. NEW YORK, April 18.—Bobby Jones and his Walker cup golf teammates will get in some serious practice at the national links in Southampton next week before leaving for England.

The National Links were selected, perhaps, because they are some 110 miles from New York where big crowds would have been sure to have been on hand for the team's practice rounds. The Southampton layout also has the advantage of offering a fair sample of the kind of gusty winds the Americans will find at St. Andrews where the Walker Cup matches are to be played.

## WELL TO INVESTIGATE FISHING CONDITIONS

Special to the Post-Dispatch. SPRINGFIELD, Mo., April 18.—C. H. Well, leader in Isaak Walton League circles here has been named special investigator of fish and game conditions in Missouri for the league. It was announced here today. J. C. Whitsett of St. Clair, one of the league's two State investigators, is here conferring with Well.

## Carnera to Meet Baker Next Week

Special to the Post-Dispatch. SAN FRANCISCO, April 18.—Primo Carnera and his string of managers will leave here tonight for Portland, where the bulky Italian fighter has an engagement to meet Sam Baker, Negro heavyweight, next Tuesday night. The affair is scheduled for 10 rounds.

Meanwhile, the State Boxing Commission is marking time on the fiasco staged at Oakland last Monday between Carnera and Leon Chavallier. The Italian was given a technical knockout in the sixth round when one of Chavallier's seconds tossed in a towel, although the Negro fighter, who had been pasting Primo right merrily, was not in distress.

The commission is expected to make a final decision on what action to take against those concerned at a special meeting here this afternoon.

## Rivals in Arena Feature, Monday

KING TUT (left) and PINKY KAUFMAN.

Lagnappe.

GEORGE FISHER in a recent fight. McGraw, as boot did toss; He started out to make the grade Without a moment's loss. Eight binges—seven in a row—Was all that he could smack In nine times at the bat, and oh, The difference to "Mac!"

## Looking Forward.

Burleigh Grimes, to show that there is no ill feeling, says he hopes the Pirates will win the pennant, and is glad of the opportunity to have a hand in building the Braves into a pennant winner. You should live so long, "Bolly."

To show absolutely how much at peace with the world he is, Br'er Grimes says his only regret is that the major leagues have not eight pennants to give so that each club might win one. Which in a way puts "Bolly" in a class with Nathan Hale.

It took two casualties to give George Fisher his chance in right field for the Cards. But George is one of those guys who doesn't believe in letting opportunity wear out his knuckles on his front door. Instead of saying "Who goes there?" he pulled the latch and yelled, "Come in."

Of course George isn't going to turn in an average of 389 for the season. If he bats half of that he'll be satisfied.

While this Fisher boy may be too good to be true, don't forget that John McGraw's fame rests more on his strategy on the field of battle than in the busy marts of trade.

## There Goes Jack!

THE trouble is with Jack De Mave. He just can't make his legs behave.

When Jack beholds a losing game He simply up and pulls his legs free.

The patrons get their money back And the promoter holds the sack.

## Fair Enough.

Seemingly, Mr. De Mave didn't relish receiving a trimming as his sole portion of the gate. Consequently the Boxing Commission gave him the gate for a year.

In explaining De Mave's sudden and mysterious disappearance, Diamond, his manager, says he turned his head for a moment while talking to him and when he turned around Jack was gone and hasn't since been seen or heard from. What do you make of it, Watson?

The trouble is, De Mave picked the wrong man. If he had elected to be smacked over by Primo Carnera he would have come out of the affair with little damage and much profit. When Primo smacks 'em they curl up and after listening to a brief lullaby by the mocking bird, they wake up, pocket the prize and go away under their own power.

## Society Syndicate Will Be Rooting for "Genio Peru" In Schwake Bout, Monday

By W. J. McGoogan.

Eugenio Cheviere ("Genio Peru") of Peru, heavyweight boxer, will be ably seconded in his bout with John Schwake at The Arena Monday night for the ringside will be lawyers, engineers, bankers all members of exclusive social clubs of St. Louis who are interested in Genio's future.

Of course Elsey G. Burkham, E. W. Kopke, Ethan A. Shepley and Harry Papp, among others, will not be sitting in the boxer's corner yelling words of encouragement, advice and commiseration to Genio. That duty probably will be detailed to someone like Jackie Callahan, who has had some success in guiding Peewee Kaiser, Eddie Goldberg and Jack Horner through perilous moments in the ring.

It would be interesting to hear the board of strategy shouting in union some of the favorite words of boxers' seconds, such as "Stay in there and pitch Genio." "That punch didn't hurt you a bit, Genio." "That round was ours by a mile." "Stay up and get a draw." But such will not be the case. The 10 or so members of the Racquet Club who own a share in Peru will be sitting at the ringside pulling for their boy to win.

There will be another interested party. That is Craig Kershaw, formerly an American representative of some U. S. firms in Mexico City, who was Genio's Christopher Columbus. The tale which Kershaw tells of his finding "Peru" and bringing him to St. Louis to launch his boxing career reads like a fine press agent yarn, which indeed it was suspected it was until it was heard from Kershaw himself and corroborated by Shepley.

## Won Over Luis Firpo.

"Peru," it seems, fought and whipped Luis Angel Firpo in 1927 when the American non-wilder than the Bill of the Farnags. And in subsequent bouts—the untamed Peruvian proved that he had the stuff of which ring champions are made.

He came to Mexico City and was under the management of a man who didn't die right by him and his campaign didn't progress. Then Kershaw saw him and took an interest in him and as soon as Cheviere was free signed him to a contract.

About that time E. W. Kopke, vice president of the Fulton Iron Works, was in Mexico City and after seeing "Peru," told Kershaw that if he brought him to St. Louis he would fill the Arena every week, and there was no finer fight emporium in the world than Ben Brinkman's new Arena.

Kershaw says Kopke's approval of "Peru" followed that given by Cornelius Vanderbilt Jr., and the young man says he was so impressed with their statements that he left his business in Mexico City and came to St. Louis with the boxer, with letters of introduction to various influential men here.

This group of St. Louisans provided a fine gymnasium for Peru to work in and brought Tommy Sullivan in to look him over. Tommy saw him punch the bag and decided that the Peruvian knew something about throwing a punch but wanted to see him in action against a boxer, so they sent Peru against Dave Knott and his work looked impressive enough to Sullivan to decide him in favor of giving Genio a chance in the ring.

Bought \$500 in Tickets. Backed by the Racquet Club group, Peru was persuaded to fight Malloy to put him on the card and Malloy matched Genio with John Schwake. The value of this move to the card was proved when Genio's backers bought \$500 worth of tickets from Malloy and it was declared that the wives of the several fight managers are also going to be at the bout.

## ADVANCE SALE FOR SCHMELING AND SHARKEY BOUT \$200,000

By DAVIS J. WALSH

A Special Correspondent of the Post-Dispatch.

NEW YORK, April 18.—On the evening of June 12, next, the first \$1,000,000 that professional boxing has seen simultaneously since the Dempsey-Tunney fight at Chicago three years ago is likely to totter teetily up to the doors of the Yankee Stadium and beg to be taken in charge. The return of the million-dollar gate to boxing has been predicted before without notable success, which means that the promoter lost no more than his waistcoat. But this is more than a prediction, more than a promise. It is a very dastardly threat.

The fulfillment is to come when Sharkey and Schmeling enter the ring for their heavyweight championship brawl in the presence of 30,000 people. The fight, it seems, hardly can miss either its sellout or its million, and the proof is furnished by today's total of advance sales, seven weeks before the fight.

There is more than \$200,000 in the till today, thus breaking all seven-week-old advance records for any fight, any place, any time. It is away out in front of the Dempsey-Carpentier receipts at a corresponding period in its development; this enterprise having cashed neatly with the petty cash until the steam got circulating in its pipes and warmed it. They seem to like this one in June event while it still is cold.

The cash-on-hand situation today also is running well out beyond the early pace of the second Dempsey-Tunney episode, where, they knew what they were going to get—and got it. Therefore, if this fight can start from nowhere and finish \$2,600,000 away, the natural assumption is that Sharkey and Schmeling ought to be able to start from \$200,000 and run right through a million.

If they do, they will turnish the first million dollar gate that boxing has known without the connivance of John Dempsey, the kid himself.

What's the answer? Sharkey isn't it. He has fought some fights around here without inflaming the populace to a point where it is absolutely beside itself. To produce a million-dollar house, the populace has to be very much beside itself.

There is one other answer. Schmeling may be part of the answer but not all of it. The man can hit and they go for that kind in a big way.

The real answer, however, goes back to the fact that the "heavyweight" championship is involved. They have had the title out of circulation for two years, which is just long enough to inspire public curiosity. Show me a curious man and I'll show you one who is not to be deterred until he learns all. Another contribution to public interest is found in the international character of the meeting. This always helps, but never so much as when the invader is a man who can fight as robustly as Schmeling.

Anyhow, one can ask questions of results and the promoters are getting the latter too fast to count them. There was more than 1000 orders filed the day the fight was announced. Two ticket agencies are clamoring for 400 ringside seats without sursease, which speaking in the vernacular, means without tickets. In addition, there is still about \$100,000 worth of orders to come from a source close to the promotion, while the Madison Square Garden Corporation with all upward of 1000 ringside seats with its members and friends.

This one may go wrong. But if it does, I want to get lucky for once and go with it.

## Pat. O'Dea Greatest Kicker Football Has Known; Holds Drop Kick Mark of 62 Yards

By the Associated Press.

MADISON, Wis., April 18.—Pat O'Dea was a football player born a generation too soon. Had he been playing any time within the last 10 years, O'Dea would have been as great a star as Red Grange.

The famous Badger fullback of 1897-1899 had everything which goes into the present day prescription for a sports idol—supreme athletic ability, a winning personality, and what the sports world now calls color. Add to this, the touch of romance lent by his foreign birth—Pat was a native of Australia—the "kicking kangaroo."

He was an inch and a half over six feet in height, and weighed, in condition—which he always was—about 175 pounds. He was beautifully proportioned, had a long, lithe, rippling muscles, a rugged torso and the finest pair of legs a man ever wore, marked him as an athlete the moment one saw him.

When O'Dea stroled into the Wisconsin gymnasium one May morning in 1895, the most astonishing man in Madison was his older brother, Andy, at that time crew coach and football trainer at Wisconsin. Andy O'Dea had left Melbourne some years before, and so far as he knew Pat was at that moment back home on the family ranch in Australia.

A great kicker at 16, Pat had attended Melbourne University and had been an all-Australian football player—the greatest kicker in the Antipodes—from the time he was 16 years old. He entered the University of Wisconsin law school in the fall of 1896 and, though he knew absolutely nothing of the American game, immediately became a football sensation through his remarkable kicking.

After playing a few minutes of the first preliminary game, in which he punted five times for an average of 50 yards, Pat was put out for the season by a broken arm, sustained when he was tackled in practice and thrown into a side-line post. He recovered in time to play a few minutes against the Carlisle Indians when Wisconsin played them in December in the old Chicago Coliseum.

The next fall—1897—Pat made the team and was Wisconsin's regular fullback for three years. He was easily the most sensational player of his day. For three years, Phil King, Wisconsin's great coach, built the entire strategy of his team around O'Dea's marvelous kicking.

There was nothing Pat could do to do with a football. He probably averaged close to 50 yards with his punts during his entire career as a Badger. He held about all the drop-kicking records for years and was equally good as a place-kicker. In a day when athletes received far less prominence in the press than now, Pat O'Dea's fame was nationwide.

Pat had learned to kick in the severe school of the Australian game, where the ball was always in play, unless it went out of bounds, and all punting and drop-kicking was done on the run. Often Pat electrified American crowds by taking the ball from center for a punt, and if opposing linemen were through, dashing half a dozen steps to either side and booting the ball 60, 80 or 70 yards as coolly as if kicking alone in practice.

Occasionally one hears old-time questions of Pat's gameness. There never was a more cruel slander. No gamier player ever trod a field. But O'Dea was such an invaluable asset that Coach King devised all Wisconsin's plays to protect him. By custom, in those days, the fullback was always a line plunger. King never let Pat hit the line until his last year, when the tall Kangaroo was a great safety man, a deadly tackler, a sure catcher of punts and a flash at running them back.

Brief reference to some of his feats will serve to show his "class." In his first season, against Minnesota, O'Dea caught a Gopher punt, ran it back about 20 yards and then, as he was coming down the field, he was tackled by a line plunger. King never let Pat hit the line until his last year, when the tall Kangaroo was a great safety man, a deadly tackler, a sure catcher of punts and a flash at running them back.

Comfort Guaranteed (We mean just what we say!) If you've never experienced the Comfort of Comfort Shoes, do this: Wear Comforts for a month. Try them, test them. Walk in them all day. If you don't think they're the last word in comfort, come back—your money will be refunded to you—and no hard feelings.

So many men have found comfort this way, that we know this direct, fair offer will convince you.

## KEARNEY POSTS \$200,000 FUND TO PROTECT HIS DERBY CLIENTS

By the Associated Press.

BOSTON, April 18.—Three former winners and nine of last year's first 10 finishers will face the start's gun in the tortuous Patriot day Marathon run tomorrow.

Outstanding entries among the 216 listed are Karl Koski of New York, recent winner of the national championship, who finished second here last year; Johnny Miles of Hamilton, Ont., who won the event last year after a previous victory in 1932; and the 41-year-old Clarence McFar of Melrose, who has finished first in six races.

The event will be run for the thirty-fourth time. Rugged, hill country makes up part of the course, which is from Hopkinton to Boston, a distance of 26 miles, 3 1/2 yards.

Y. is the third previous winner. He has been running in the race for years and in 1929 was twenty-second in a field of 188 starters.

Willie Kyrone and Whitey Michelson of New York; Jack Lamb of Boston; Bill Taylor of Sydney Mines, N. S.; Gabriel Routh of Montreal; Roland O'Toole of St. John's, N. F.; and Mike Lynch of Washington, D. C., have returned for another try.

A drawing from numbers, was held this year in an attempt to circumvent the promoters of a lottery. Previously the runners have been numbered by their standing on the entry list.

The prizes are a team trophy, gold medals with diamond chips for the first eight to finish, and silver medals for the next 25.

## Mountain Grove Favored to Win West Plains Meet

By the Associated Press.

MOUNTAIN GROVE, Mo., April 18.—With four outstanding point runners and several other athletes who should place well in the various events, Coach John Simmons' Mountain Grove High School athletes are favored to win the 1936 South-Central Association track and field championship in the annual conference meet tomorrow at West Plains.

West Plains and Houston are expected to give Mountain Grove a close race, but are conceded only a slight chance to overtake the leaders.

Mountain Grove has outstanding men in Faurot, Lindholm, Riggs, and Cooley and Perry Cooley, who is rated as sure point winner in their events. Faurot is expected to place in the high jump and two hundred yards; Lindholm is the favorite in the half-mile race; the conference; Riggs is a crack swimmer; and Cooley is a crack swimmer.

Finishing ahead of the field in the 100 and 440 yard dashes, and Perry Cooley is expected to place second to Faurot in the low hurdles.

## DONOGHUE'S SON LOSES IN U. S. RACE DEBUT

By the Associated Press.

NEW YORK, April 18.—Pat Donoghue, son of the famous English jockey, Steve Donoghue, made his debut on American turf yesterday but it was not a victorious first appearance.

English rider was up on Victor Emmanuel's Stalker in the second race of the United Hurdles meeting at Aqueduct, but failed to finish in the money. The mile and one-half gallop over the brush went to Fair Class.

## COUNTY

MAPLEWOOD AND  
U. CITY ENTER  
ALL EVENTS OF  
ATHLETIC MEET

The Maplewood relays, a new feature in county track activities, will be held at the Maplewood High school field tomorrow. Entries were restricted to county schools, due to the fact that the Maplewood field is too small to accommodate a larger number of entries. Eight schools have accepted invitations and will be represented by one or more teams. There will be five senior relays and three junior. The only schools to enter every race are University City and Maplewood.

The meet will not be run on a point basis, but cups are to be awarded the winners of each race. Spalding is donating one cup, while the others will be furnished by the Maplewood High School. The feature race will be the senior medley relay, in which every school has an entry. The first man will run 80 yards, the second 220 yards, the third 100 yards and the fourth 440 yards.

The referee and starter will be Lee McCandless. The meet will start at 2 o'clock. The schools entered are Clayton, Ritenour, Kirkwood, St. Charles, Hancock, University City, Normandy and Maplewood.

The events to be held are Seniors 440-yard relay, 880-yard relay, one-mile relay, two-mile relay and medley relay; Juniors 440-yard relay, 880-yard relay and medley relay.

Jim Wilson Sets  
New Record in  
Tenpin League

The South Side Chevrolets led by Jim Wilson with a 719 total, which included a new season high game total of 285, collected a 22-3 total and whitewashed the E. A. Schaefer team in the feature match of the weekly round of the Major City League on the Delmar Recreation drives. The Schaefer team totaled 280 for their three games. In addition to Wilson, F. Kastner with 657, R. Plesh with 648 and J. Duchek with 648 were the other contributors to total over the 600 mark. O. Whitehead with 670, H. Summers with 628 and J. Walsh with 640 led the Schaefer team.

Jule Schmitt's Ready Mixers with a 2834 total won three from the Hermanns and moved into a tie for second place with the Lambers. The Hermanns totaled 2686. L. Gronbeck with 618 and H. Deen with 607 were high for the Schmitts, while J. Rigoni with 571 led the Hermanns.

The Golden Eagles with 2870 pins won the odd game from the Wooster Lambers, who totaled 2890. F. Foss with 628 and J. Ludwig and J. Gronack with 614 each led the Eagles while R. Meyer with 615 and J. Weiss with 621 were high for the Lambers.

The Justin T. Flints with 2864 won the odd game from the Fifty-Fifteens, who totaled 2654. W. Kuhnert with 617 and R. Meinhardt with 601 led the Flints while R. Bond with 557 was high for the Fifty-Fifteens.

The Witter Razz, led by E. Rice with 574, totaled 2682 and won the odd game from the Arneson Pattern Works, who totaled 2183. D. Knapp with 550 was high for the Arnesons.

In the other match the Cabannes won the odd game from the United Bakers with 2907 total to the Bakers' 2818. A. Rothwell with 665 and J. Kirk with 625 led the Cabannes, while E. Rice with 624 was high for the Bakers.

**Standing of Teams.**

South Side Chevrolets	74	22	1013
Wooster Lambers	61	22	984
Jule Schmitts	61	22	984
First Lambers	54	24	901
Witter Razz	54	24	901
2. A. Schaefer	43	23	861
Arneson	43	23	861
Golden Eagles	43	23	861
United Bakers	43	23	861
Cabannes	33	31	823
Hermanns	33	31	823
Fifty-Fifteens	23	63	933

## Kansas Beats Haskell.

LAWRENCE, Kan., April 18.—The University of Kansas baseball team pushed over two scores in the ninth inning yesterday to overcome the Haskell Indians, 9 to 6. Kansas opens its Big Six season against the Kansas Aggies at Manhattan April 25 and 26.

Verlyn Smith Is  
Only 14; Denied  
Jockey's License

CHICAGO, April 18.—PREFRANCE JOCKEY VERLYN SMITH, who has been refused a license to ride in Kentucky because he is under age, was one of the sensational young riders on Illinois tracks last season. The youngster booted more than 100 thoroughbreds to victory.

Smith began to ride successfully in New Orleans last winter, but the stewards there took away his license after they learned he was only 14 years old. The action of the Kentucky board indicates young Smith will have to wait at least two years before he can come back to the races.

ST. LOUIS BOYS  
IN THE MINORS

Billy Mui, a former Brownie, now with Beaumont of the Texas League, is playing third base for that club, batting in second place, and doing some neat hitting in the spring games.

Walter Holke, manager and first baseman of the Aetlon team of the New York-Pennsylvania League, is still signing players. He has taken on Ray Friday, veteran pitcher of the American Association.

Herman Choicher, Concordia Semin. boy, last year with Lincoln of the Nebraska State League, is slated as the regular first sacker for Columbia of the South Atlantic League, a Pittsburgh 7 m.

Ernie Koob, former Brownie and veteran hurler, now with Atlanta of the Southern League, has indicated by his showing this spring that he will be a regular on the Crakers' pitching staff this season. In a recent game with the Athletics, he helped in a 5 to 4 victory for the Crakers.

Frank Keck, Kirkwood boy, who had a trial with the Cincinnati Reds several years ago as a pitcher, is continuing to travel. Spending last season with Evansville of the Three-I League, Keck was sold to Fort Worth and this spring was sent to Monroe of the Cotton States League, and is now on his way to join Des Moines of the Western League.

Jack O'Reilly, who played shortstop for Knoxville of the South Atlantic League last season, and who has been assigned to Memphis of the Southern Association, will report to that club until about June 1. O'Reilly, who is coach of athletics at C. B. C. has been granted permission to stay here to coach the school's baseball team.

John A. Stoneham, Wood River (Ill.) lad, who has been with the Pittsburgh Pirates this spring, has joined the Columbia team of the Sally League, where he was sent for further development. Stoneham, who is an outfielder, was drafted from the Nebraska State League, and is expected to be recalled by the Pirates next fall.

Ray O'Brien, veteran outfielder, who was reported as a holdout, has joined the Denver Bears of the Western League.

Irvin Gielow, an infielder, has been released by Des Moines of the Western League.

Harold E. Redmon, a pitcher and a product of the Empire League of the Municipal Association, has been released by Monroe of the Cotton States League.

COUNTRY DAY TRACK  
TEAM GAINS VICTORY  
IN PRINCIPAL MEET

Athletes representing Country Day School defeated Principia Academy, 73 points to 44, on Taylor field yesterday afternoon, in an A. B. C. League meet. Gordon Schechter of Principia was the individual star of the competition, scoring 16 points.

**Summary:**

120-YARD HURDLES—Schechter, Principia, first; Schiano, Country Day, second; Country Day, third, time, 1:18.

100-YARD DASH—Bell, Country Day, first; Norton, Country Day, second; W. St. Louis, third, time, 1:03.

80-YARD DASH—Little, Principia, first; Country Day, second; Country Day, third, time, 1:03.

440-YARD DASH—Richards, Country Day, first; Rollins, Principia, second; Hunt, Country Day, third, time, 5:30.

220-YARD LOW HURDLES—Morton, Country Day, first; Schaefer, Country Day, second; Schinner, Country Day, third, time, 2:27.

220-YARD DASH—Bell, Country Day, first; Schiano, Country Day, second; Country Day, third, time, 2:27.

80-YARD HURDLES—Schaefer, Country Day, first; Rollins, Principia, second; Little, Country Day, third, time, 1:03.

RUNNING HIGH JUMP—A. Shields, Country Day, first; Principia, second; Thompson, Country Day, third, time, 4:18.

DISCUS THROW—Hunkins, Principia, first; Country Day, second; Country Day, third, time, 4:18.

POLE VENT—Thompson, Country Day, first; Schaefer, Principia, second; Schinner, Country Day, third, time, 4:18.

100-YARD HURDLES—Morton, Country Day, first; Schaefer, Country Day, second; Schinner, Country Day, third, time, 4:18.

220-YARD LOW HURDLES—Morton, Country Day, first; Schaefer, Country Day, second; Schinner, Country Day, third, time, 4:18.

220-YARD DASH—Bell, Country Day, first; Schiano, Country Day, second; Country Day, third, time, 4:18.

440-YARD DASH—Richards, Country Day, first; Rollins, Principia, second; Hunt, Country Day, third, time, 5:30.

80-YARD HURDLES—Morton, Country Day, first; Schaefer, Country Day, second; Schinner, Country Day, third, time, 4:18.

440-YARD DASH—Richards, Country Day, first; Rollins, Principia, second; Hunt, Country Day, third, time, 5:30.

BIG TEN TRACK  
STARS COMPETE  
IN KANSAS MEET

LAWRENCE, Kan., April 18.—High scores last year, all but two Big Ten schools will defend their laurels here Saturday at the eighth annual meet of the Kansas University relays.

Track and field men from the Midwestern conference last year won five of the six university class relays, and four of the ten individual events. Purdue and Ohio State will be the only Big Ten schools not represented Saturday.

In 1929 Illinois won the 440-330 and 4-mile relays and took first in the high hurdles when Lee Sentman fought a heavy track to clear the timbers in 13.3 seconds, only three-tenths of a second short of the record. Sentman is entered this year.

Chicago won the two-mile relay; Michigan the distance medley; R. M. Leas of Indiana the 3000-meter run; Portness of Northwestern the broad jump and Tom Warner of Northwestern tied with Otterness of Minnesota for first and a new meet record in the pole vault.

Jack Elder of Notre Dame gave the Midwest another first when he won the century dash. Elder will not compete this year. Cy Leland of Texas Christian University, Claude Bracey of Rice Institute and Eddie Tolan from Michigan promise to give class to the sprint event.

Hundreds of college and university athletes from 15 states of the Midwest, Southwest and Rocky Mountain region, will compete in the relays.

Avery Brundage, president of the Amateur Athletic Union will be referee. Spectators are expected to remain in their seats without fidgeting until the last event is completed late in the afternoon. For that last event is the university mile relay in which is entered Missouri's crack team of Hursley, Ulfers, Dills and Welch.

This group, timed consistently under 3:22 all season, is determined to break the existing record of 3:20 which has stood since 1926 and make an effort to approach the world record breaking time of 3:13.5 seconds established by a Stanford University relay team a week ago. Texas, Wisconsin, Nebraska, Michigan and Iowa, holder of the meet record, also will enter this year.

Moss Team and  
Witters Tie in  
Peterson League

The ending of the most successful season in the history of Peterson's Scratch League finds the Moss Ties team and the Witter Razz tied for first place, with Jule Schmitt's Ready Mixers in third place.

The Schmitts opened the season with 12 straight victories and continued to lead the league for 16 weeks, then losing first place to the Moss Ties, who were setting a terrific pace due to the great bowling of their youthful star, Ray Holmes.

Under the leadership of Jerry Ameling, the Witter Razz ousted the Moss Ties and took first place in the league last week, sweeping everything before them and moving from a bad last to a tie with the Flints for fourth place.

The success of the drive was due to Herman Hahn, who averaged 221 for the last 30 games.

The league had five men with averages better than 200. Holmes 284, Nelson 202, Krems 202, Martin 202, Hahn 201. Other leaders were: Weiss 199, Dunn 198, Mulconery 198, Wilson 197 and Feldmann 197.

Lee Martin held high individual single game home with 299. Holmes 259, Gronbeck 278 and Hahn 277.

High three-game honors went to Ray Holmes 745, Nelson 732, Mulconery 724, Hahn 710, Bruce 710, Neidtrahaus 702 and Johns 702.

The Moss Ties team carried off the team honors with three-game total of 3250 and single game of 1157.

The final night found the Razz leading by one game, the Moss Ties, with 471 runs, to the wall, totaled 3051 to win two from the Justin Flints, who totaled 3006. Al Gehner with 691 and Ray Neidtrahaus with 618 were the big guns for the timbermen, while Fred Krems with 695 and Buzz Wilson with 671 were unsuccessful in staying off the attack for the Laundry men.

The Witter Razz dropped to a tie with the Moss team when they lost the odd game to the Arnesons. Ray Nelson led the Arnesons with 442, while Lee Martin was high for the Razz with 625.

The Heilrungs won the odd game from the Petersons by total of 2022 to 2952. Tom Calto with 637 and Heenan Hahn with 671 led the furniture men, while Oscar Whitehead with 692 and Marvin Feldmann with 621 were high for the Petersons.

Jule Schmitt's Ready Mixers won the odd game from the Sunshines. Harry Deen with 616 was high for the Mixers, while Joe Dunn with 601 led the Sunshines.

Sande Will Ride  
Gallant Fox in  
Kentucky Derby

SPECIAL TO THE POST-DISPATCH.  
NEW YORK, April 18.—Earl Sande committed himself definitely yesterday to a comeback as a jockey. He will ride William Woodward's Gallant Fox in the Wood Memorial stakes at Jamaica L. I., a week from Saturday and later in the Kentucky Derby. If the good 3-year-old is shipped to Louisville for that colorful race on May 17 for which he now is one of the choices.

Sande says that he will ride free lance for the present with Frank Hackett holding his book. Later he may sign a contract. He can make 116 pounds without too much reducing by road work. His decision to return to the saddle was widely approved by horsemen at Aqueduct yesterday.

Ball Park Belongs to School Board  
Erie of Central League will play this year in a park owned by the school board.

Sarazen II Carried High  
Weight in Six Stakes

**SARAZEN II** (High Time Talisman (Collin) 4 0 3 4 Won \$26,500)  
Owned by Fair Stable (Mrs. Virginia Fair Vanderbilt).  
Trained by A. B. Gordon.  
Stakes: Won Tremont Stakes at Aqueduct; won Youthful stakes at Jamaica; third in Great American Stakes at Aqueduct; third in the Saratoga Special.

AT ONE stage of his 2-year-old season, Sarazen II was rated a better horse than Boonjun and Whicheston, Gallant Fox, Caruso, Hi-Jack and almost every other juvenile in training.

That was along in July when the track handicapper loaded 130 pounds on his back in the Flash Stakes at Saratoga. It was scarcely surprising that Sarazen II was beaten for he was giving Gallant Fox 13 pounds, Caruso five and Hi-Jack 18. He finished fourth, beaten five and one-half lengths.

They thought Sarazen II a super horse at that stage of the game and they packed weight on him to give the other 2-year-olds a chance.

But the handicappers went a bit too far and in his last six races of the year, all stakes, he won only once, finished third twice and was out of the money three times.

Sarazen II has never gone to the post with less than 117 pounds on his back and in addition to carrying 130 in the Flash Stakes, he has been asked to struggle along with 127 pounds on two occasions. Nevertheless, in fields of from nine to 12 starters, he never ran a bad race.

and was never worse than fifth. This was in his last effort of the season, in the Hopeful Stakes at Saratoga. He caused a jam just after the start in this event when Jockey Fields sent him across to the rail too sharply, but in spite of the roughing he got he found his footing quickly and finished fast, beaten only a length for third money.

In the Juvenile Stakes, where he was given 125 pounds as compared with 115 pounds for Black Majesty, he went to the front early, swerved and lost his bearing, but then came again in the stretch, finishing fourth, only one length back of Black Majesty, the winner.

There is no definite assurance that Sarazen II can go a long route. He was never asked to go farther than three-quarters as a 2-year-old and he was coming from behind on each of three such races.

No matter what sort of company he encountered, or what weight was packed on his shoulders, Sarazen II always gave a good account of himself.

Next—PETO.

AIR-FLIGHT  
—the new tire sensation

Fisk's great engineer, E. E. Dearth, has created a tire on an utterly new principle. You ride more on air.

So utterly new—so far ahead is the Fisk AIR-FLIGHT that it marks the most startling tire advancement of the decade.

This marvelous tire has been developed on an entirely new principle by Fisk's great engineer, E. E. Dearth. He has united in the new AIR-FLIGHT two tire qualities never before combined in any other tire:

1. The long-sought air-flight ideal of soft, air-cushioned riding comfort.
2. Mileage beyond that which any other has ever experienced.

Riding on the new AIR-FLIGHT tire is a thrilling experience. You literally float over the bumps because you ride on more buoyant, yielding air.

For the new Fisk AIR-FLIGHT is the smoothest riding tire ever built. It is the easiest tire to steer. It gives greater traction. It is safer. It insures faster acceleration. It delivers increased mileage backed by Fisk's Unlimited Guarantee of satisfaction to you.

7 AIR-FLIGHT  
Points of Superiority  
which create a new tire era

1. Large Air Chamber—Your car rides less on the road—more on the air.
2. All-Cord material reduces internal rigidity or weight.
3. Multiple Cable Bead gives added strength at the rim while increasing side-wall flexibility.
4. Increased length of flex area at the side-wall provides greater use of the air cushion.
5. Rim-width, streamline tread, eliminates the useless overhanging tread rubber and allows greater air-cushioning.
6. Greater Road Contact—results in better and longer lasting Non-Skid quality.
7. The AIR-FLIGHT Balance.

## MUNICIPAL

DESIGNED TO  
HALT GROWING  
EVIL; DECREASE  
OF 38 TEARS

By Dent McKimming.

The Municipal Baseball Association this season will reach out to the team sponsors in an effort to settle the growing professional evil that has threatened several times in the past to disrupt more of the principal leagues. It was learned at the last night's organization meeting at the Claridge Hotel that every team sponsor will be required this season to sign a form in which he pledges himself to refrain from paying his players. This is the first time that such a step has been taken. Hereafter, if players alone have been asked to sign an agreement to play without remuneration.

"We discovered," said Carl Kamp, chairman of the Central Executive Committee, "that some of the sponsors of our teams were not aware they were breaking any rules when they offered their players money. Now, they can no longer plead ignorance. We believe we will thus very greatly reduce the professional evil this season and we hope to wipe it out altogether."

Day of Grace Advanced.  
Another step in the same direction was taken last night when it was voted to make it impossible for a player who competes on a professional club after May 1 to join a team of the Municipal Association. In the past this last day of grace was June 1. The result was that many young players, discarded by minor league clubs late in May, returned to Louisville and tried to land jobs on Municipal league teams, unwilling, however, to play without pay. They considered themselves "big baggers" even though they had proved themselves not good enough to stick in minor league company. And the team sponsors, in many cases, were beguiled into paying them every Sunday.

It was also pointed out to the 32 league heads present last night that the May 1 closing date was recommended by the American Municipal Baseball Association, an inter-league body which St. Louis proposes to join. The previous date, June 1, was unacceptable.

Former Team This Year.  
The entire state of officers of the Municipal Baseball Association was elected. The officers are as follows: Chairman, Carl O. Kamp; members of the Central Executive Committee, James M. Rice, John H. King, Theodor Umbrecht; president of the association, Fred Schelling; vice president, V. J. Bischoff; secretary, Treasurer, Beatrice "Widow" Schelling; and Sergeant-at-Arms, Carl Heister.

Thirty-two leagues were represented last night. There will be 172 teams competing in the association this year, playing their games in the public parks, as compared with 111 teams last year. Strangely, the reduction in teams did not come in industrial leagues but in welfare and church leagues. Seventy-four teams will play on Saturdays, 14 on Sunday mornings and 55 on Sunday afternoons.

The leagues which will make up the association are Commercial, Industrial, Employed Boys, Evangelical, Intermediate, Evangelical Senior, Missouri Park, South Side, M. C. A. Sunday School North, M. C. A. Sunday School South, Sunday School West Side, Sunday School South Side, Y. M. C. A. Industrial No. 1, Y. M. C. A. Industrial No. 2, City League, Community House, Concordia, De Molay, Four, Four, Empire, Independent, Intermediate, Mount City, North St. Paul, Roman Catholic, Public Service, South Grand Walker and Williams leagues.

DOSEVELT ATHLETES  
LEAD BEAUMONT TEAM

Roosevelt gained a lead of 60 runs to 25 over Beaumont in the game decided in a dual meet yesterday at the Beaumont Field. Most of the runs were scored in the ninth inning.

The game was well attended by the junior prom as well as the senior prom. The game will be held today.

## SLIGHT EMPLOYMENT GAIN IN ILLINOIS

Payrolls, However, Dropped 2.2  
Per Cent in March, Accord-  
ing to State Report.

By the Associated Press.  
SPRINGFIELD, Ill., April 18.—With temporary work caused by the snowstorm reducing the unemployment rate in many parts of the State, a slight increase in employment was recorded in Illinois during March, although payrolls registered a decline of 2.2 per cent, Howard B. Myers, statistician for the Illinois Department of Labor and Illinois Industrial Commission, reported yesterday. The reduction in payrolls was attributed by the Department of Labor to general decreases in wages and to part-time work. Weekly earnings during March averaged \$30.89 for men and \$18.61 for women, compared with \$31.98 and \$19.18, respectively, a month earlier.

Although on the whole the manufacturing activities of the State went into a slight slump, which was especially marked in Chicago, five of the cities for which factory employment figures were compiled separately showed definite gains in both the number of workers and in their total weekly wages.

Quincy Leads in Gains.

Quincy registered the largest gains in factory employment and payrolls of any of the reporting cities, 10.9 per cent in the former and 18.4 per cent in the latter. This, however, is the first increase in employment since last August, a total of 27.7 per cent of the factory workers having been laid off between Aug. 15 and Feb. 15.

Pump, wheel and incubator plants

were reported to be working overtime and many others were on "all time schedules." The unemployment rate, however, was 18.5 per cent in March, compared with 18.1 per cent in February.

With the exception of 5.1 per cent increase in payrolls during February which was occasioned by the greater activity in the iron and steel industries, Chicago factories have shown an uninterrupted decline in both employment and payrolls since last November, and payrolls since last August. Curtailments during March were 2.5 per cent in the number of workers and 5.3 per cent in their total earnings.

Decrease at East St. Louis.  
At Danville metal industries were reported to be working part time and other plants full time, but with reduced forces. One of the railroad shops closed down on March 14 for the remainder of the month.

At East St. Louis there was an increase in the unemployment index, which rose from 105.3 in February to 143.6 in March. This was a reflection of the decline in factory employment, which totaled 3.1 per cent.

## FAVORS \$111,000 PURCHASE FOR MEMORIAL PLAZA SITE

Bond Issue Committee Tentatively  
Recommends Acquisition of  
Three Pieces of Property.

Tentative approval was given to the purchase of three pieces of property in the Memorial Plaza site yesterday by the Citizens' Bond Issue Supervisory Committee. The action was tentative because of the lack of a quorum—a chronic condition in the committee.

Two of the pieces are in the area set apart for the Municipal Auditorium, and extend from Fourteenth west to Johnson street.

Each has 40-foot frontage and a depth of 150 feet. One is at 115-13 South Fourteenth, occupied by a two-story brick shop and dwelling and owned by Charles Gietner. The price is \$35,000, or double the assessed valuation of \$17,500.

The other is at 22-29 South Fourteenth, occupied by a two-story brick dwelling and owned by the Martin Realty Co. The price is \$35,000, the assessed value \$17,500.

The third piece is a 42 by 109 foot lot at 121-16 Pine street, occupied by two two-story brick buildings and owned by Henry R. Schammell. The price is \$40,500, the assessed valuation \$20,250. All of the prices are those set by commissioners in the pending condemnation.

Approval was given by the supervisory committee also to a \$3000 appropriation for equipment asked by Park Commissioner Page for use on five playgrounds this summer.

attacked and badly injured by a hawk, one of a flock of several

hundred, which swooped into

from a few blocks from the busi-

ness district last night to roost.

When the birds settled into the

trees, Eugene Zandt, Knox College

student, brought down 20 or more

with a shotgun. Hooper was

reaching for one of the injured

birds when it flew toward his face;

its talons tore his face and arm.

# This 2-Piece — Moss-Filled — Loose-Cushion Bed-Davenport Suite

Specially Priced for Our 46th Anniversary Sale

\$5 CASH—Balance Monthly

\$69

This is, without doubt, one of the greatest bargains ever offered the St. Louis public. ART THREE.

GANDHI MEN  
SENTENCED; ONE  
GETS TWO YEARS

Longest Term of Day Given  
Dr. Choithram, Head  
of Provincial Congress  
Committee at Surat.

HATMA'S WIFE  
LEADING PICKETS

and Other Women  
Fighting Against Drink at  
Liquor Shops—She Gar-  
lands Salt Law Violators.

By the Associated Press.  
MUMBAI, India, April 18.—Gov-  
ernment magistrates all over the  
country are sentencing followers of  
Mahatma Gandhi, charged with  
violating the salt laws in his civil  
disobedience campaign. Twenty-  
four prominent Nationalists were  
sentenced yesterday to varying  
terms at New Delhi, including  
Das Gandhi, son of the Mahatma;  
three at Allahabad; 10 at  
Lucknow; and two at Surat. Gand-  
hi was sentenced to three  
months' simple imprisonment. Dr.  
Choithram, president of the Pro-  
vincial Congress Committee at  
Surat, received the longest sen-  
tence, two years of rigorous impris-  
onment.

Gandhi himself still was un-  
molested by the police. He took ad-  
vantage of the full moon, which  
day or two spread to the three  
great cities of Calcutta, Kan-  
pur and Poona, to make a speech  
at Navsari, accusing  
Government of provoking riots  
arresting Pandit Jawaharlal  
and other non-violent cam-  
paigners.

The Government "with-  
outmost deliberation picked on  
the people who are  
to be partial to non-violence  
possess a controlling influ-  
ence. The arrest of the men, he  
said, evoked reprisals from the  
unmolested masses."  
Gandhi discussed the wounding  
of Jai Ramdas Doul, prominent in  
Mumbai Congress, who was shot  
in the thigh.  
"I am delighted," said Gandhi,  
"that it was Jai Ramdas rather than  
an unknown person to have been  
injured. Jai Ramdas is one of  
the greatest persons to be found  
in India. If he was in the crowd  
he would not have been violent  
to prevent it."  
The splitting of innocent blood  
chastens the end, but such cases  
will only result in a mani-  
festation of great response from the  
people. Let me warn those whom  
the Government may reach that if they  
restrain themselves they  
will not interfere with the strug-  
gle. If they do they only retard  
the country's progress toward  
freedom.

Gandhi's wife was in Surat, lead-  
ing a procession of picketing liquor  
shops and singing songs against  
them. She also went to the court-  
house and strung garlands of flow-  
ers for those who are on trial for  
violation of the salt law.

WITNESS, MRS. HOOVER  
RECEIVES MOUNTAIN VISITORS

By the Associated Press.  
WASHINGTON, April 18.—Re-  
siding on a couch in her upstairs  
room, Mrs. Herbert Hoover  
the last touch of satisfaction  
to 150 visiting mountaineers of  
Buncombe County night  
by granting them an im-  
mediate reception yesterday fol-  
lowing their visit with the Presi-  
dent despite her cold.  
She said aside her knitting as  
mountaineers came in. She  
led them about the value of  
education and expressed hope the  
press they had made would  
bring all their future lives. She  
based on them the fact that  
White House was theirs, too.  
Little earlier the group shook  
hands with the President.

Hoover yesterday received  
Japanese girls who came to  
country bearing messages of  
well and gratitude for the as-  
sistance rendered Japan during the  
quake of 1923.

Convicted of Sabotage.  
By the Associated Press.  
TGOZSK, Poland, April 18.—  
Persons were found guilty and  
sentenced today at the  
of 19 members of the Deutsch-  
land, a German organization  
charged with sabotage of Po-  
lish administration decisions and  
sabotage of the Polish econ-  
omy received sentences ranging  
from one month to six months.

Storms in Southeast Europe.  
By the Associated Press.  
BUDAPEST, April 18.—Winter con-  
ditions have returned generally  
to Southeastern Europe.  
Heavy snowstorms today  
blanketed Rumania, Bulgaria and  
Greece. Traffic was blocked by  
snow.

Six-Hour Work Day Quite Near,  
Says Prof. Pupin Who Hopes We  
Will Rush Less and Think MoreScientist Asserts Prolonging of Human Life Is  
of Use Only If Man Lives for Some  
Purpose.

(Copyright, 1930)

NEW YORK, April 18.—People  
of tomorrow will live longer, work  
less and think more as a result of  
the steady progress of science.  
Prof. Michael I. Pupin of Col-  
umbia University, famous scientist,  
has expressed this opinion in an  
interview. The 72-year-old pro-  
fessor's contributions to science in-  
clude inventions which revolution-  
ized telephony, wireless telegraphy  
and the X-ray. He has just been  
elected president of the University  
Club. He succeeds George W.  
Wickersham.

"The six-hour work day is quite  
near," was the startling prediction  
of Prof. Pupin as he sat in his  
study in his home and discussed  
the strides of science.

"Science is going to make it pos-  
sible for mankind to have more  
leisure. There will be more time  
for people to sit and think. That's  
what the world needs. We don't  
think enough. We scatter our men-  
tal energies. We rush too much,  
concentrate too little."

"Great discoveries come from  
men who sit and think. The man  
who hustles is not the man who  
invents. A thinker is not an idler.  
He is an intellectual hustler. We  
are quite near the six-hour work  
day. Time was—not so long ago—  
when the eight-hour work day was  
regarded as visionary."

As Unemployment Relief.

Professor Pupin ventured the ob-  
servation that shorter work days  
would be one way to relieve unem-  
ployment. People of succeeding  
generations are going to live longer  
than they do now, he predicted, be-  
cause science is pointing the way.

"Human life will be prolonged  
by increased scientific knowledge,"  
said Professor Pupin. "We are  
learning more and more concern-  
ing the theory of glands. Fifty  
years ago knowledge of glands was  
achievement of note."

HEFLIN GOING TO ALABAMA  
TO TAKE CASE TO VOTERSFirst He Will Discuss in Senate  
Supreme Court Decision Repeal-  
ing Him Out of Primary.

By Associated Press.

WASHINGTON, April 18.—Sen-  
ator Heflin of Alabama declared to-  
day he would go to Alabama im-  
mediately to appeal to the voters  
from the decision of the Supreme  
Court upholding the ruling of the  
Democratic State Committee that  
those who failed to support Alfred  
E. Smith in 1928 were ineligible to  
run for office on the Democratic  
ticket.

Barred by the decision from  
seeking renomination for the Sen-  
ate on the Democratic ticket in the  
primary next month, Heflin said:  
"There is nothing left to do now  
but to appeal the case to the rank  
and file of the party. They con-  
stitute the supreme court of the  
Democratic party in Alabama and  
I shall take the case to them,  
confident of success."

He said he would go to Ala-  
bama within a few days but that  
he would first discuss the case in  
the Senate.

8 KILLED, 16 HURT, WHEN  
SPANISH TRAIN HITS BUSCrossing Guard Apparently Assum-  
ing the Responsibility, Ends  
His Own Life.

By Associated Press.

VALENCIA, Spain, April 18.—  
Eight members of a holiday party  
were killed yesterday and 16 in-  
jured in a collision between their  
bus and a freight train near the  
village of Samagrelli, between Sa-  
gunto and Valencia.

The crossing guard, apparently  
holding himself responsible for the  
disaster, committed suicide late in  
the afternoon.

Witnesses said the driver of the  
bus apparently did not see the on-  
coming freight train until it was  
too late to avoid a collision. The  
train was partly hidden by a curve  
in the tracks and by rising ground.

JAZZ ORCHESTRA FOR CHURCH  
It Will Play on Easter for New  
York Congregation.

By Associated Press.

NEW YORK, April 18.—Music  
by a jazz orchestra on Easter will  
be played in New York's newest  
church, housed in a 23-story  
apartment hotel costing \$3,000,000.

The Rev. Dr. Edward H. Emmet  
of the Manhattan Congregational  
Church said the dance orchestra  
has been engaged for six Sunday  
evenings to attract young people  
to the church. "The Churches," he  
explained, "have neglected the  
youth of our city too long." The  
selections to be played by the or-  
chestra have not been announced.  
The church occupies the lower  
stories of the apartment building  
at Broadway and Seventy-sixth  
street.

rather meager. Glands regulate  
all the chemical activities in the  
body and science is making great  
headway in the study of them. We  
are learning more about vitamins,  
too—another important factor in  
the prolongation of life."

The distinguished-looking, gray-  
haired scientist smiled as he made  
this observation: "But what is the  
use of prolonging human life if  
man doesn't live for some pur-  
pose."

"Science can enable man to live  
longer," he explained, "but cannot  
lift man up spiritually. Science  
does not do that directly. Man,  
in addition to taking advantage of  
what science can do for him,  
should cultivate the arts and re-  
ligion."

Television Not Important.

Professor Pupin said he could  
not predict what would be the  
great inventions of the next cen-  
tury. It would be "impossible" to  
do so. He asked, would anybody  
have been able to say 30 years ago  
that today we could talk across the  
Atlantic?

Television he regarded as an in-  
teresting "but not important in-  
vention." It merely enables you  
to see the person you are talking  
to, he pointed out. He said it did  
not rate as high scientifically, in  
his mind, as the invention of a  
man in the Krupp works in Ger-  
many who perfected a new type of  
rugged steel that would enable the  
instrument to scrape a steel sur-  
face twice as fast as any other  
similar device.

"This seemingly simple discov-  
ery of rapid tool steel is impor-  
tant, even though it doesn't appeal  
to the popular imagination as does  
television," Prof. Pupin declared.  
"The manufacturers who are using  
it realize that it is important. It  
does the same amount of work in  
half the time. That is a scientific  
achievement of note."

DOHENY TO SEEK \$279,935  
INCOME TAX REDUCTIONSOil Man and Members of Family  
to Sue U. S. on This  
Claim.

By Associated Press.

WASHINGTON, April 18.—Ed-  
ward L. Doheny of Los Angeles,  
oil magnate, recently acquitted of  
bringing Albert B. Fall, former Sec-  
retary of the Interior, for a naval  
oil reserve lease, has given notice  
to the Government of intent to  
sue for a claim for \$279,935, filed  
by the Bureau of Internal Revenue  
against himself and members of  
his family.

The controversy is over income  
taxes due from the Doheny family  
and private corporations repre-  
senting it for the years 1924 and  
1925.

The Government claim does not  
allow a deduction from income for  
a \$25,000 gift made to the Uni-  
versity of California by Doheny's  
son, the petition says, and wrong-  
fully refuses to recognize a loss of  
more than \$1,000,000 reported by  
the elder Doheny in a ranch sale.

NORTH BROADWAY STREET  
WIDENING PLAN APPROVED36-Foot Thoroughfare for Three  
Miles to Be Repaved With

Granite Blocks.

North Broadway, between How-  
ard street and Atholene avenue, a  
distance of about three miles, will  
be widened to a uniform 36 feet  
and repaved with re-cut granite  
blocks under four ordinances ap-  
proved by the Board of Public  
Service today.

Between Howard and Dock  
street, and between Gano avenue  
and Atholene, the street will be  
widened from 30 to 36 feet by  
cutting off sidewalks, while be-  
tween Dock and Gano the width  
will remain 36 feet as at present.  
The improvement will fit in with  
the approved reconstruction of  
Broadway from Marin avenue to  
the northern city limits, to form a  
major north-and-south traffic ar-  
tery. Bond issue funds will be  
used.

38 REPORTED KILLED WHEN  
LIGHTNING STRIKES FACTORYExplosion Set Off in Plant at  
Macao, Portuguese China;

Women Among Victims.

By Associated Press.

LISBON, Portugal, April 18.—  
Reports from Macao, Portuguese  
China, today, said that 38 men  
and women were blown to death  
there when lightning struck a fac-  
tory, causing an explosion.

## Railroad Seeking to Buy Line.

WASHINGTON, April 18.—  
Seeking to divert traffic now going  
to the Southern Pacific Railway to  
the line of the Great Northern  
Railway, the Oregon Electric Rail-  
way applied to the Interstate Com-  
merce Commission today for per-  
mission to acquire the Valley & Si-  
lva Railway in Oregon and to  
build a connection between Orville  
and Independence.

## 8-HOUR FACTORY MEASURE

INTRODUCED IN COMMONS  
In Case of "Continuance Processes"  
Workers May Average 56  
Hours a Week.

By the Associated Press.

LONDON, April 18.—The Gov-  
ernment's bill to regulate the hours  
of work in industrial undertakings,  
based on the Washington Hours of  
Work Convention of 1919, was in-  
troduced in the House of Commons  
yesterday by Margaret Bondfield,  
Minister of Labor.

The bill limits ordinary hours to  
eight a day and 48 a week. Vari-  
ations in daily hours, however, are  
permitted in the case of workers  
employed on "continuance proc-  
esses," in which case the hours  
may average 56 a week over a  
period of three weeks.

Overtime must not exceed 25  
hours a month, however, and pay  
for overtime must be at least at a  
rate of time and a quarter.

The bill does not apply at pres-  
ent to clerical workers, home  
workers, sea-going people, under-  
ground workers and agricultural  
workers. Before regulating the  
working hours of these classes the  
Government must consult an or-  
ganization representing employers  
and workers in each case.

\$25,000,000 IN NEW SHIPS  
UNDER OCEAN MAIL CONTRACTS10 Passenger and Cargo Vessels to  
Be Built by Two Steam-  
ship Concerns.

By the Associated Press.

WASHINGTON, April 18.—  
Postmaster-General Brown today  
signed five contracts with the  
United Fruit Line and the Grace  
Steamship Co. for carrying ocean  
mail, calling for an expenditure of  
\$25,000,000 in American ship-  
building.

Ten new passenger and cargo  
vessels are to be constructed under  
the contracts which are for a 10-  
year period.

Contract No. 39, with the United  
Fruit Co., from San Francisco to  
Puerto Arma, calls for the build-  
ing of three new passenger and  
cargo vessels of not less than  
6000 tons with a speed of 16 knots.

Contract No. 40, United Fruit  
Co., New York to Port Limon, re-  
quires the building of three ves-  
sels of a tonnage of not less than  
6000 tons, 16-knot speed.

Contract No. 41, United Fruit  
Co., New Orleans to Puerto  
Arma, calls for two new vessels of not  
less than 6000 tons, 16-knot speed.

Contract No. 38, Grace Steam-  
ship Co., Tacoma to Valparaiso,  
one combination passenger and  
cargo vessel of not less than 8000  
tons, speed 18 knots.

Contract No. 8, Grace Steamship  
Co., New York to Valparaiso, a  
new 8000-ton ship, speed 18 knots.

Japanese procedure in matters  
of this sort, it is understood here,  
is unusually leisurely and well con-  
sidered. There have been several  
examples of this during the con-  
ference, notably in the long delay  
experienced before approval of the  
compromise agreement reached by  
Senator Reed and Ambassador  
Matsuudaira, involving transfer of  
tonnage from cruiser to submarine  
category.

AMERICAN KIDNAPED IN MEXICO  
REACHES VERA CRUZ SAFELYL. B. Cassidy Thinks Captors  
Sought Revenge for Labor  
Row; Reported Executed.

By Associated Press.

VERA CRUZ, April 18.—Leon-  
ard B. Cassidy, American citizen  
who was kidnaped by Mexicans  
near the village of El Hule, Oaxaca,  
Tuesday morning, arrived here last  
night from Tuxtepec, Oaxaca, near  
the Puebla State border. He said  
the men who captured him he be-  
lieved are motivated with desire  
for revenge for labor difficulties  
they had had with him as manager  
of the Transcontinental Fruit Co.  
at that section.

Cassidy was worn out and com-  
pletely exhausted from his experi-  
ence. He reported that six men  
had been arrested by Gen. Gonzalez  
at a place near Esperanza, not far  
from the Sebastopol banana ranch,  
and that one of them had been  
executed. The other five were  
held as intellectual authors of the  
crime. Another report said all had  
been summarily executed.

COURT UPHELD FOR DENYING  
CITIZENSHIP TO COMMUNISTU. S. Appeals Bench Rules Reds'  
Principles Are Incompatible  
to the Constitution.

By Associated Press.

PHILADELPHIA, April 13.—  
The United States Circuit Court of  
Appeals for the third circuit ruled  
yesterday against the admission  
of communists to American citizen-  
ship.

The decision upheld the revoca-  
tion of the citizenship of Tapo-  
lcsanyi, a member of the com-  
munist party, by the Federal Court  
in Pittsburgh. The Appellate Court  
took the position that the prin-  
ciples of the communist party were  
so "incompatible" with the Consti-  
tution of the United States that a  
person could not be faithful to both.

Tapolcsanyi is a Hungarian and  
has been in this country 17 years.  
He conducts a barber shop in Her-  
minie, Pa., is married and has  
three children.

## LOCUST SWARM OVER 7 ACRES

Insects Invade Jewish Colony Near  
Jaffa.

Jewish Telegraphic Agency.

JERUSALEM, April 17.—An  
area of 67 acres in the Jewish Col-  
ony of Rishon Le Zion, 15 miles  
south of Jaffa, was invaded yes-  
terday by locusts, thought to be  
part of the swarm that has been  
ravaging the entire Sinai peninsula.  
Government officials, peasants  
and volunteers are ready to take  
emergency measures if the invasion  
spreads.

NAVAL DELEGATES  
AWAIT APPROVAL  
OF TREATY DRAFTOn Swiftmess of Japanese  
Procedure Depends  
Whether Pact Will Be  
Signed Next Tuesday.SAFEGUARDING  
CLAUSE FACTORPrinted Copy of Entire  
Agreement, Except Part  
of Preamble, in Hands of  
Committee.

By the Associated Press.

LONDON, April 18.—The print-  
ed draft of the entire naval treaty,  
barring part of the preamble, to  
be placed before the Drafting  
Committee which is sitting at  
St. James's Palace.

The main thing the committee  
has to worry about is the question  
of phraseology since it is now a  
matter of putting into a complete  
grammatical text what has already  
been made clear in meaning. The  
draft is practically finished but it  
needs polishing.

The preamble, which is not quite  
completed, was delivered to the  
headquarters of the naval delega-  
tions this afternoon and will re-  
ceive the further attention of the  
Drafting Committee.

The delegations of four Powers  
are waiting final approval of their  
negotiations, is taken for granted.  
Governments to the treaty draft  
which they will sign, if all goes  
well, next Tuesday in the final  
plenary session. British approval,  
said Prime Minister MacDonald  
himself has largely conducted the  
negotiations, is taken for granted.  
Tokio is believed to hold the key  
which will determine whether the  
parley will be completed Tuesday  
or not, and whether the American  
delegation, after three months of  
discussions, will be held a week  
longer to await another United  
States liner, or can catch the  
Leviathan.

Japanese procedure in matters  
of this sort, it is understood here,  
is unusually leisurely and well con-  
sidered. There have been several  
examples of this during the con-  
ference, notably in the long delay  
experienced before approval of the  
compromise agreement reached by  
Senator Reed and Ambassador  
Matsuudaira, involving transfer of  
tonnage from cruiser to submarine  
category.

Observers see a particular dan-  
ger of just this sort of delay re-  
peating itself in the feeling which  
the Tokio delegation has always  
expressed regarding the so-called  
Leviathan.

Cassidy was worn out and com-  
pletely exhausted from his experi-  
ence. He reported that six men  
had been arrested by Gen. Gonzalez  
at a place near Esperanza, not far  
from the Sebastopol banana ranch,  
and that one of them had been  
executed. The other five were  
held as intellectual authors of the  
crime. Another report said all had  
been summarily executed.

## First Sail Glider in Flight

JOHN DOMENJOS

WHO has been experimenting in glider flying for a year at Old Orchard  
Beach, Me., making the first actual flight in a glider with a sail.  
Domenjos hoists his sail after being towed by an automobile and taking  
to the air. He believes that with both a main sail and a jib he can glide  
through the air, using the sails for motive power just as a ship does.

GREECE SHAKEN  
BY EARTHQUAKE,  
TOWNS DAMAGEDCrowds of Holy Thursday  
Worshippers in Churches  
Alarmed and Many Wom-  
en Faint.

By the Associated Press.

ATHENS, Greece, April 18.—Se-  
vere earthquake shocks last night  
did extensive damage in several  
small inland towns of Greece. Ath-  
ens and the Piraeus were shaken  
badly, and there was great alarm  
among crowds of Holy Thursday  
worshippers in the churches.

Several persons were injured,  
one seriously, in collapse of a  
church tower at Isthmia, and a  
number were hurt at Corinth  
through the collapse of houses. At  
Sparta a church tower fell, but  
there were no casualties.

The most severe shocks were re-  
corded in the Peloponnese and  
the island of Euboea.

There was little material dam-  
age in Athens. Many women, par-  
ticularly among the Easter wor-  
shippers, fainted. The shock, which  
lasted five seconds here, was felt

14 RUSSIANS FEAR EXECUTION  
IF THEY RETURN TO MOSCOWMerchants Dismissed by Their  
Firms in London Say They Are  
Being Trained.

By the Associated Press.

LONDON, April 18.—Fourteen  
Russian business men in London  
have been dismissed from Russian  
firms here, but refuse to return to  
Moscow, saying they have been in-  
formed that they will be shot if  
they go back. They charge that  
agents of the Soviet secret police  
are trailing them.

Under-Secretary Short, replying  
to a questioner in the House of  
Commons yesterday, said the Home  
Secretary had received a list of the  
Russians dismissed who had been  
ordered to return to their home  
country, and said an inquiry into  
their position was being made.

Brazilian Leader Coming to U. S.  
RIO DE JANEIRO, April 18.—

President-elect Julio Prestes, after  
being proclaimed President of Bra-  
zil in the last days of May, soon  
afterward will leave for the United  
States, returning the visit President  
Hoover paid to Brazil before his  
inauguration. According to pre-  
sent plans, Prestes will spend July  
4 in Washington. The Brazilian  
cruisers Bahia and Rio Grande do  
Sul will be his official escort on the  
voyage from Rio to New York. He  
and his party will travel on the  
steamer Almirante Jaceguay.

as far north as Kemotene in  
Thrace. Four people were injured  
there during the panic which fol-  
lowed the tremor.

COURT CONTEMPT  
BILL EXPLAINED  
BY VANDENBERGMichigan Senator, Before  
U. S. Editors, Opposes  
Holding of Trial by Judge  
Who Makes Citation.SAYS LICENSING  
IS NOT DESERVEDThrottled Right of Public  
Expression, He Asserts, Is  
Prophecy of Democracy's  
Disintegration.

By the Associated Press.

WASHINGTON, April 18.—Urg-  
ing passage of his bill to restrict  
the power of a Judge to cite a  
person for contempt and then try  
the case, Senator Vandenberg  
(Rep.), Michigan, today told the  
American Society of Newspaper  
Editors that a throttled press is a  
prophecy of democracy's dis-  
integration.

The bill, now before the Senate  
Judiciary Committee, would give a  
person cited for contempt the right  
to have the case heard by another  
Judge if the contempt arises from  
an attack on the character of the  
conduct of the Judge who brings  
the action.

Vandenberg, a former newspaper  
man, referred to the recent action  
against editors of the Cleveland  
Press in which the decision of a  
Judge who convicted them of con-  
tempt was set aside by a higher  
court.

Vandenberg said the press does  
not deserve license but "it must  
have liberty."

Warns Against Tyranny.  
"This liberty, in turn, always  
must be strictly responsible in law  
for all its acts," he added. "Other-  
wise we should escape from one  
tyranny only to embrace another.  
But so important is the preserva-  
tion of uncensored and unafraid  
opinions in the body of the press  
that we confront the inevitable  
need to write a warrant for the  
surest possible justice when its re-  
sponsibility is called to account."

Discussing the action of courts  
in citing persons for contempt and  
then sitting in judgment, the Sen-  
ator said:

"Mangled powers are the formula  
for tyranny. Powers thus mingle  
when the same Judge acts first as  
complainant, then as an umpire, in  
a proceeding which primarily in-  
volves his own personal status and  
his own personal feelings as dif-  
ferentiated from the status and au-  
thority of his court."

Vandenberg said his measure  
had been with the Senate Judiciary  
Committee since last September.

**HOUSEWIFE REFUSES CENSUS DATA SOUGHT BY HOUSEMAID**

"Ask Your Employer, She Knows All About Me," Woman's Reply to Enumerator.

It took a "trouble man" from Census Headquarters to solve the difficulties of a woman enumerator, whose regular occupation is that of a housemaid, who attempted yesterday to question a South Side woman who knew her employer.

"Go to your employer for your information," directed the woman, recognizing her.

"She knows all about me," continued the housewife, who is about 50, "and you might tell her I'm 70 years old."

Then she shut the door.

**CENSUS TAKERS FIND NEW COMMUNITIES**

"Old Timer" on Street for Six Years—More Anecdotes of the Enumerators.

Many communities of hedges and garden hose have become established since the last census.

"I am an old timer out here," said one woman yesterday, living on a tree-lined street on the South Side. "Yet we've only been here six years. When we built this house, in 1924, there wasn't another house in the block. The street wasn't even paved."

Now it resembles other residential streets, with no vacant lots and scant trace of the comparative newness of the houses.

Neighbors chat over occasional hedges and water their lawns with garden hose. Neighborhood stores are at convenient corners. Churches and schools are part of the neighborhood. Within a decade a prosperous community has been created.

The youngsters, just out of pinafores, annoy the older children who go to school. A 4-year-old pulled her mother's apron as she told a census enumerator yesterday. "No, Betty does not go to school."

"Please, let me go, mamma," the child teased. "I'm almost as old as Junior and every bit as big."

Enumerators are interrupted when the children get home, for they run promptly to their mothers, calling for "something to eat."

They don't stay in the house long, though, only long enough to snatch an apple or gulp down a sandwich. School books are tossed aside and supplanted by baseball bats, skipping ropes or marbles.

A child who has a birthday but once every four years was discovered in a South Side family by a census enumerator yesterday.

"You see, Ruth was born in Leap Year, on Feb. 29," her mother explained, "so she misses out on three out of four birthday parties. When she gets older she will join a Leap Year club we have in our neighborhood. It has 11 members."

"Back in 1899 I was a census taker," related an old man of Kentucky, domiciled now in a rooming house, "and I made my rounds on horseback. There weren't many families in my district and some of the houses were miles apart. I used to carry my lunch in my saddle-bags. If I hadn't I'd never finished. Everybody in that country wants you to eat with them."

"You fellows today don't know what census taking is," he concluded.

Enumerators in certain sections of the city who can speak German have found their work facilitated, dropping into that tongue whenever they find that their informants speak slowly in English. A family of five, all of whom can speak English precisely but not rapidly, were enumerated in German yesterday.

A rather stout woman of uncertain years barred one door with arms akimbo.

"I never let strange men in when I'm here alone," she told the enumerator, but relented when he said that he represented Uncle Sam.

Several whose names were once linked with the belles and beaux of the St. Louis of yesterday are now found living in obscurity, alone with memories of happier days. Other they live in rooming houses which were the private mansions of their youths.

**OKLAHOMA WOMAN CONVICTED OF PLOT TO KILL HUSBAND**

Mrs. Ina Hughes of Tulsa Accused With Neighbor; Life Term Recommended.

DURANT, Ok., April 18.—Mrs. Ina Hughes, farm woman of near Tulsa, was convicted in District Court here last night of killing her husband, Will Hughes, who was clubbed to death last Nov. 27. The jury recommended life imprisonment.

The jury returned its verdict after 20 minutes. Judge Porter Newman set next Monday for the formal passing of sentences.

Mrs. Hughes, mother of three children, testified she feared Andrew J. Eastep would kill her if she did not help him kill her husband, Will Hughes. Eastep, a neighbor, is serving a life term for his part in the crime. The State charged that Eastep and Mrs. Hughes plotted to rid themselves of their mates so they could wed. Eastep was charged with poisoning his wife.

Mount Vernon (Ill.) Banks Merge.

MOUNT VERNON, Ill., April 18.—Merger of the Ham National Bank with the Third National Bank was announced late yesterday. The Ham National was the oldest bank in Jefferson County. The combined resources are listed as \$4,000,000.

**How Doctors Weak Folks to No**

Yeast for Keen Appetite IRON for Rich Red Blood

Combined in Pleasant, Effective

If you drag through life this, weak, nervous, with poor appetite and weak digestive powers, it is a sign your system lacks certain elements necessary to perfect health and strength. Elements found in Yeast and Iron are frequently just the ones needed. If you enjoy healthy, hearty, tireless, robust men and women, start today to get the Yeast and Iron, which may make you feel, look and act like a new person. They are combined in pleasant tasting tablets known as IRONIZED YEAST. At all druggists.

**Good Appetite and Good Digestion Your First Needs**

Doctors prescribe Yeast as one of the quickest and best possible ways to promote a good appetite and good digestion. The Yeast first makes you want to eat hearty meals and then puts your digestion in such good order that you can assimilate what you eat. Doctors advise Yeast even when the appetite is unimpaired, if you are run-down, nervous, weak or constipated. You have often heard that it is not what you eat but what you digest that builds weight and health.

In other words, if you are enervated, eat heartily, and our Yeast will give you the strength, energy and physical appearance.

When you have taken Yeast and Iron in the form of IRONIZED YEAST for a short time, your appetite should improve and be that of a healthy, hard-plying youngster, with equally good digestive powers.

**Brewer's Malt Yeast for Quick Results**

The best form of Yeast is that known as brewer's yeast. This is the kind used in making malt and which makes malt so beneficial. It is richer than most forms of Yeast. It should also be combined with blood-enriching Iron. In this form, many say, it is far more effective than uncombined yeast—gives results quickly. IRONIZED YEAST this brewer's yeast is the kind used. These pleasant little tablets give you all the Yeast you need to build weight and health.

**What Doctors Say About Yeast**

Below are extracts from reports of hundreds of well-known physicians from all parts of the country. For professional reasons their names are not given. Note their preference for brewer's yeast.

"Brewer's Yeast has been a great builder."

**How Doctors Build Up Thin  
Weak Folks to Normal Weight**  
Yeast for Keen Appetite, Good Digestion.  
IRON for Rich Red Blood and Strength  
Combined in Pleasant, Easy-to-Take-Tablets

"Brewer's Yeast more active;  
I find it gives quicker effect."  
"Prescribe brewer's yeast and  
took it myself when in bad health.  
It built me up. I gained 15 lbs."  
"Brewer's Yeast combined with  
Iron is excellent for weight  
building and enriching blood."  
"For weight-building, Brewer's  
Yeast combined with Iron is bet-  
ter than either remedy alone."  
"Brewer's Yeast increases  
weight. I have taken it myself  
with pronounced tonic effect. It  
is even more efficient when com-  
bined with Iron."

And now that we know that  
such quicker benefits are ob-  
tained when the Yeast is com-  
bined with Iron, IRONIZED  
YEAST offers you an even bet-  
ter way to build up than the un-  
adulterated brewer's yeast. IRON-  
IZED YEAST is 2 tons in 1,  
Brewer's Yeast and Iron.

**Iron Brings Rich Red Blood**  
"Iron is added to the Yeast in  
order to make the good effects of  
the Yeast more pronounced—to  
bring results more quickly by  
strengthening the blood."  
Nature depends upon the blood  
to take the foods you have di-  
gested to the parts of the body  
where it is needed to carry out  
its part of the weight-building  
processes. Iron has been pre-  
scribed for generations by physi-  
cians all over the world.

**Why You Need Yeast and  
Iron**

If you are thin, weak, run-  
down, tired; if you are nervous or  
a poor sleeper; if your stomach is  
weak; if you are constipated; if  
your blood has caused skin  
blemishes; if you have one or all  
of the above symptoms, start at  
once to build up weight and  
strength with Yeast PLUS Iron.  
Get IRONIZED YEAST from any

as directed on bottle. If after  
this generous trial you are not  
delighted with your new weight  
and health, your money promptly  
refunded by manufacturer.

Edgcomb of the New York Su-  
preme Court.  
The courts, he said, have no de-  
sire and no power to control the  
press in its "legitimate sphere."  
The jurist said he knew of no  
reason why a Judge was immune  
from criticism any more than any  
other official, asserting that he  
could conceive of nothing so con-  
ducive to making a public official  
arrogant and overbearing as the  
knowledge that he would never be  
called to account.

He told the editors that all cen-  
sorship of the press was prohibited  
by the Constitution, but said that  
they must admit that some "pub-  
lishers have so far overstepped the  
bounds of decency, and have so  
flagrantly abused the privileges  
granted them by the fundamental  
law of the land, that it is not sur-  
prising that some sort of remedial  
legislation is frequently suggested."

He referred to the Minnesota  
law under which publication of a  
small newspaper was suspended  
and said that if the law finally  
were upheld by the Supreme Court  
it was possible that it would be  
found that it would not interfere  
with the freedom of the press as  
much "as may now be feared."

Previous speakers had urged the  
editors to contest the Minnesota  
law before the Supreme Court and  
that efforts to pass similar laws in  
other states be opposed.

Justice Edgcomb said:  
"That the Court has inherent  
power to punish one who is guilty  
of contempt there can be no doubt.  
The press, however, is not so much  
concerned with punishment for di-  
rect contempt—when committed in  
the presence of the Court—as it is  
with the penalty which may be in-  
flicted for constructive contempt—  
when committed away from and  
without the presence of the Court."

**Defines Contempt.**  
"It is fundamental that the  
courts should be free from outside  
influence. If cases were decided by  
public clamor or if articles pub-  
lished by a newspaper were allowed  
to reach the jury and influence  
their verdict, one's liberty or prop-  
erty would never be safe."

"Any outside comment or criti-  
cism of the Court, parties, witness-  
es, or facts, while a case is pending,  
which is likely to affect the de-  
cision, or embarrass, impede or ob-  
struct the due administration of  
justice and deprive a party of a  
fair trial, should not be tolerated.  
An offense of this character strikes  
at the very foundation of justice,  
and the offender should be called  
to answer and be punished for con-  
tempt. The constitutional guaran-  
tee of freedom of speech would af-  
ford him no protection under such  
circumstances."

"After a case has been finished  
and a decision rendered, the objec-  
tion to comment and censure van-  
ishes, and the Court is ordinarily  
subject to the same criticism as  
any individual. Even then such  
freedom has its limits."

**Editors Discuss Press Freedom.**  
Walter M. Harrison of the Okla-  
homa City Oklahoman and Okla-  
homa City Times, president of the  
society, last night told of attempts  
to curb the freedom of the press  
and warned the editors they must  
"stand up for what they know to  
be their privileges."

He urged support of the Chicago  
Tribune's campaign against the  
Minnesota law through which a  
newspaper was suppressed for at-  
tacking a public official. He also  
urged support of bills now before  
Congress intended to permit news-  
paper men to refuse to divulge on  
the witness stand information re-  
ceived as confidential.

This subject also was referred to  
by Marlen Pew, editor of Editor  
and Publisher, who deplored at-  
tempts to curb the press through  
the courts.  
The report from the committee  
on schools of journalism reviewed  
at length the work being done by  
such schools and said:  
"It is the opinion of your com-  
mittee that schools of journalism  
should be graduate schools, as are  
good schools of law and medicine."  
"Not one boy in 10,000, who has  
not a solid academic background,  
is prepared to study intelligently  
such splendid book reviewing or  
dramatic criticism as appears in the  
columns of the New York Herald-  
Tribune and the New York World,  
to mention only two of many ably  
conducted newspapers."

Sam W. Williams, editor-in-chief  
of the St. Paul Dispatch, told the  
editors that, judging from the jour-  
nalism graduates, the University of  
Missouri was turning out more fin-  
ished newspaper workers than any  
other school.

**NAVAL DELEGATES  
AWAIT APPROVAL  
OF TREATY DRAFT**  
Continued From Page One.

"safeguarding" or "escalator"  
clause, that section of the treaty  
designed to protect, particularly  
Great Britain against a French and  
Italian building program.  
Reijiro Wakatsuki, chief of the  
Japanese delegation, gave his as-  
sent to the form of the safeguard-  
ing clause as it was finally evolved,  
however, and it is understood to have  
urged the Tokyo Cabinet to speed  
its action in the matter. The safe-  
guarding clause being a section of  
the treaty to which France and  
Italy will not be signatory, those  
two Governments will have no  
word to say regarding it.

Formal statement by Senator  
Robinson, Democratic leader in the  
Senate, yesterday that the clause  
was satisfactory to him, even  
though he was an opponent of  
Article XXI in the Washington  
treaty, which covers similar con-  
tingencies, is thought to indicate  
Washington approval.

**Lightning Strikes Chimney.**  
A bolt of lightning, which struck  
the chimney of a building at 721  
North Kingshighway and then  
struck an awning in front of a  
bakery next door during the rain  
storm yesterday afternoon, caused  
\$50 damage.

## HOOVER ADVISED TO DEFER ACTION ON NAVAL TREATY

Senate Leaders Suggest He  
Withhold Presentation for  
Ratification Till Tariff Is  
Out of Way.

By the Associated Press.  
WASHINGTON, April 18.—President Hoover may wait until the American delegation returns from the London conference before reaching a decision on whether the Senate will be asked to ratify the new naval treaty at this session of Congress.

The Chief Executive is anxious that the pact be taken up at the earliest possible time, but has been advised by Senate leaders to defer action until their colleagues have had an opportunity to study the treaty. They suggested that he hold it up until the tariff bill is out of the way.

The delegation is expected back in Washington during the first week in May. It includes two members of the Senate, Reed of Pennsylvania and Robinson of Arkansas, and one prospective member, Ambassador Dwight W. Morrow.

Possible forewarnings of opposition were seen in an announcement by Chairman Hale of the Naval Committee, that he believed the treaty embodied a departure from the American policy of building big cruisers and intended calling naval experts before his committee to obtain their opinions.

Hale urged in the Senate today that Senators take no definite position regarding the London naval treaty until the Naval Committee has held hearings on technical points he said would be involved.

Borah Withholds Final Decision.  
Senator Borah, who is chairman of the Foreign Relations Committee, however, gives the treaty his conditional approval. "From what I have been told there are no political conditions in it," he said, "and I do think it helps the cause of disarmament. But I cannot pass finally upon a treaty until I see it."

Senator Watson, the Republican leader, would like to see a clear path ahead, in point of procedure, before the Senate takes up the treaty. He is leaving the question of giving it consideration at this session, however, to the decision of President Hoover.

Watson, Borah and Hale were called to the White House yesterday to discuss the treaty with the President, in conference in which Assistant Secretary Cotton of the State Department also participated.

A definite line-up for or against the pact is being deferred until the complete text is published. Members of the big navy bloc have said they are reserving judgment.

Capper of Kansas, a Republican, is the only member of the Sen-

ate who has taken an outright stand in favor of ratification. He is a member of the Foreign Relations Committee.

Tyding Cites Disadvantages.  
Senator Tyding (Dem.), Maryland, delivering a radio address last night, said it was unfortunate that popular approval had been given the treaty without study or examination. He said that either "unrestrained enthusiasm or unmeasured denunciation of the naval pact at this time would not be wholesome or fair," and that, while the treaty contains some achievements, it has some sides which are not favorable to the United States by a great deal.

Among the disadvantages pointed out by Tydings as deriving from the London agreement were the relative increase in Japan's battleship strength, and the construction of small cruisers not of the "very best" here in the United States. Also he said reduction in American naval strength should lead to reconsideration of the land and air forces, now small "because we have relied upon our navy to preserve our integrity in time of need."

Andrew said the one substantial accomplishment of the conference was the scrapping of "obsolete battleships without replacement." Cruiser tonnage reduction, he said, would only be claimed by comparison to the British proposal at the 1927 Geneva conference—"terms," he said, "we not only did not agree to, but even refused to discuss."

Congressman McClintic (Dem.), Oklahoma, yesterday urged the Naval Committee to do away with the proposed modernization of the battleships Mississippi, New Mexico and Idaho, but his proposal was not acted upon. Chairman Bristen argued that after modernization these ships would be able to "outshoot, outfight and outlast any vessel of the British navy except two."

U. S. to Start Cruiser Program.

In connection with the concern of some Senate leaders over the piling down of the 15-cruiser program by the treaty, Congressman French (Rep.), Idaho, said that President Hoover is about to order the laying down of the first five of these cruisers.

Under the cruiser construction measure passed a year ago by Congress, these 15 cruisers would have to be laid down within three years. The first fiscal year, in which the first three would be started, is nearing a close.

Last year when the naval discussions were going on, the President announced that work on three of these cruisers would be suspended. The announcement of French said that all five of the first allotment will be started.

Five of these 15 cruisers of 10,000 tons each, which Congress ordered would not be admissible under terms of the London agreement. Instead of 23 big cruisers, America would be allowed only 18 by the treaty. This nation would be granted an increased tonnage for light cruisers to offset this and to

bring about parity with Great Britain on cruisers.

But it is the contention of Senator Hale that the needs of the American navy call for the larger cruisers, whereas Great Britain requires the lighter type. It is this point on which he intends to seek the opinion of the navy's high command when the London treaty comes up for discussion.

School Consolidation Defeated.

Special to the Post-Dispatch.  
St. Louis, Mo., April 18.—The proposed consolidation of the Nichols, Lake View, Bluff and Sherwood school districts was defeated yesterday by a vote of 257 to 92.

NEW COMMERCIAL USE  
FOUND FOR PEANUTS

Scientist Produces Variety of Articles From Sweet Potatoes Also.

The Associated Press.

TUSKEGEE, Ala.—Dr. George Carver, Negro scientist of Tuskegee Institute, has found 200 uses for the peanut and more than 100 for the sweet potato.

From the peanut he has extracted products ranging from oils and pharmaceutical preparations to paper, ink, rubber and even synthetic silk and cream.

His peanut list also includes 17 kinds of wood stains, grease, dyes for cloth, syn-

thetic lard, linoleum, breakfast and stock foods, soap, face powder and synthetic coffee, including an instant variety mixed with sugar and powdered cream.

From the sweet potato he has produced a variety of foodstuffs as well as dyes for silks and cottons, vinegar, mullage, ink and stock foods. But starch and tapioca offer two of the best fields for the sweet potato, he says. He made flour from sweet potatoes during the World War.

Alabama and Georgia clay have yielded him a variety of toilet powders and colored powders for making paints and dyes. Egyptologists have told him that one of his deep blue pigment discoveries from clay represents rediscovery of a lost process. He has converted wood shavings into synthetic marble.

Dr. Carver came to Tuskegee after he had been a botanist at Iowa State College. Born in Missouri, he was taken into Arkansas with his mother by Civil War raiders and given up by his captors in exchange for a \$300 race horse.

NUCLEUS OF NELSON GALLERY  
10 Paintings Purchased for \$100,000 for Kansas City Collection

KANSAS CITY, Mo., April 18.—Trustees of the William Rockhill Nelson estate yesterday announced a nucleus of the art collection for which the late William Rockhill Nelson, publisher of the Kansas City Star, left his fortune, had been obtained with purchase of 10 paintings at a cost slightly in excess of \$100,000.

The paintings for the most part were the work of English artists and included two Rabbits and other paintings by Romney, Reynolds, Hoppner, Lely, Cotes, Opie, Corot and Rousseau. The paintings were purchased through local art galleries.

The trustees also disclosed that a permanent organization, in connection with the proposed Nelson Gallery of Art had been set up. The services of Harold W. Parsons of Boston and New York have been obtained, it was announced, as art adviser and European representative. R. A. Holland, director of the Kansas City Art Institute, has been selected as curator of art collections for the Nelson trust.

SOLENN GOOD FRIDAY  
OBSERVANCE IN ROME

Thousands of Persons, on Their Knees, Ascend Holy Staircase.

By the Associated Press.

ROME, April 18.—Before altars stripped of their ornaments and surmounted by veiled crucifixes, with the tabernacles in the center standing open and empty, black-robed priests solemnly proscribed themselves today in all the churches of Rome throughout the Catholic world to commemorate the death of Christ.

Rome's commemoration of Good Friday was, as always, particularly impressive because of the number of purported relics of Christ's passion and death to be found here.

At the hours corresponding to the time Christ is supposed to have suffered his agony, all business was at a standstill, and traffic largely suspended. Rome had almost the aspect of a dead city rather than that of a busy modern capital.

The Scala Santa, or holy staircase, enshrined in the church just across from St. John Lateran, was visited by thousands of penitents, both Italian and foreign. The tradition is that the staircase is the one Christ ascended in the praetorium of Pontius Pilate in Jerusalem, on his way to appear before the Roman Magistrate. The steps, all of marble, are assumed to have been brought to Rome by St. Helena, mother of Constantine, the first Christian Emperor.

All day pilgrims ascended the stairs on their knees, praying at each pause. When they reached the top they were permitted a view through a lattice of the chapel known as the Sancta Sanctorum or Holy of Holies, which contains a very early picture of Christ and some precious relics.

Pope Pius IX ascended these stairs on Sept. 19, 1870, the day before the Italian troops entered the city into Rome and thereby put an end to the papacy's temporal power, not to be resumed until the creation of the Vatican State last year.

In every one of Rome's 400 churches the Good Friday Mass of the Pre-Sanctified was celebrated in the presence of large congregations. In each the Host, consecrated the day before, on Holy Thursday, was borne from the "altar of repose" to the main altar, the choir chanting the ancient hymn, "Vexilla Regis" ("The Banners of the Cross Advance").

U. S. LOOKS INTO THE ASSETS  
OF ELECTRIC BOND AND SHARE

Accountants Tell of \$407,000,000 Gain in Book Value to Trade Commission.

WASHINGTON, April 18.—A \$407,175,827 increase in the book value of assets of the Electric Bond and Share Co. was analyzed yesterday before the Federal Trade Commission as it continued its investigation of public utilities.

Samuel Melsels, a commission accountant, said he had found the old Electric Bond and Share Co. valued its holdings in the American and Foreign Power Co. at \$34,064,127, but that when this company was merged with the Electric Bond and Share Co. in March, 1929, the same investments were shown to have a value of \$495,265,954. Melsels termed the \$392,201,827 appreciation a "writeup."

Another commission utilities expert, A. R. Colbert, said he had found a \$7,974,000 increase in the book value of Electric Bond and Share investments in domestic companies. American and Foreign owns no utilities-operating companies in the United States.

Colbert said the old Electric Bond and Share in 1927 carried its investments in domestic companies at \$20,310,000, while, he said, they had cost only \$9,161,000, leaving a balance of \$11,149,000, which included stock bonuses and stock dividends.

Year for Defrauding Mail Houses. Special to the Post-Dispatch. POPULAR EYE, Mo., April 18.—Because they sought to defraud mail order houses by getting their money for goods they failed to return, although they declared they had done so, Eugene and Freeman Wilkinson, brothers, of Greenville, just north of here, were sentenced to serve a year and a day in Leavenworth prison when arraigned before Judge C. B. Faris in Federal Court yesterday. Judge Faris said the practice was prevalent in this section. The brothers pleaded guilty.

Not Indicted as Arson Plotter. By the Associated Press. HILLSBORO, Ill., April 18.—Alderman George W. Loew of Litchfield, Ill., out on \$2000 bond on a charge of plotting to burn his grocery, was not indicted by the grand jury which investigated the case. Almer Sarchet, held in the same case, was indicted. The grand jury reported to Judge Thomas M. Jett yesterday.

King Boris Frees 104 Prisoners. By the Associated Press. SOFIA, Bulgaria, April 18.—King Boris, in connection with the Easter festival, has ordered the release of 87 civil and 17 military prisoners. A reduction in the terms of 97 civil and 87 military offenders also was ordered.

Fatally Injured by Explosion. By the Associated Press. SPRINGFIELD, Mo., April 18.—C. E. Hankins, 50 years old, died last night in the Springfield Baptist Hospital of injuries received yesterday morning in blasting operations on a highway near Forsyth.

CITY TREASURER FOR 42 YEARS  
Arkansas Also Has Been Bank Cashier 42 Years.

By the Associated Press. MAGNOLIA, Ark., April 18.—Tuesday marked the beginning of J. C. McNeill's forty-third year as City Treasurer. He is 70 years old and has been re-elected to this office every two years since his first election 42 years ago.

McNeill also has served 42 years in succession as cashier of Columbia County Bank. He served the Methodist Episcopal Church South as a member of its board of stewards 35 years and its Sunday school 22 years as superintendent. His favorite sport is fox hunting.

Killed in Car Mishap Near Seneca. By the Associated Press.

SENECA, Mo., April 18.—Robert Ford, 40 years old, of Picher, Ok., was killed yesterday when the motor car in which he was riding with six other persons overturned, seven miles northeast of here. The others received only minor injuries.

Masonic Temple Celebration.

LOUISIANA, Mo., April 18.—The twentieth anniversary of the erection of the Masonic Temple here was observed by Perseverance Lodge No. 92, A. F. and A. M., and the Eastern Star Chapter No. 117, with a banquet at the temple Tuesday night. More than 100 persons attended.

## OPEN VERDICT IN DEATH

## OF NEGRO HIT BY AUTO

Persons Injured In Collision  
on Highway No. 40 Near  
O'Fallon, Mo.

An open verdict was returned by the coroner's jury today in the death of William Hare, 35-year-old Negro, who was killed by a machine driven by a white woman, who was taken to a hospital at O'Fallon, Mo., yesterday.

The coroner's jury, which was composed of J. H. Hare, 35-year-old Negro, who was killed by a machine driven by a white woman, who was taken to a hospital at O'Fallon, Mo., yesterday.

The injured, who were taken to Barnes Hospital, are: Miss Virginia Hare, 35-year-old Negro, who was killed by a machine driven by a white woman, who was taken to a hospital at O'Fallon, Mo., yesterday.

## \$25,000 OF BOND ISSUE

## OF GARAGE FIRM SUBSCRIBED

Subscribed to the proposed \$25,000 bond issue of the Associated Motor Terminals Co., which operates four large downtown garages. The money is being sought to prevent foreclosure on the property after May 1 and to meet other obligations. Stockholders discussed the situation at an informal meeting at the Annex Hotel yesterday. About \$25,000 of the subscription was received at the meeting.

E. M. Grossman, an attorney, and president and new executive of the company following the suspension from duty of William King, president, said today he felt reasonably certain sufficient subscriptions would be received to avoid foreclosure.

It will not be necessary to issue more than about \$200,000 of the bonds which are to be authorized at a stockholders' meeting, Grossman said. Of this amount, a bank syndicate will take \$50,000 in payment of its claim for commissions earned on a previous bond issue and cash advanced. In addition, the company hopes to exchange about \$35,000 of the new bonds for old outstanding debentures and hopes that general creditors to whom about \$110,000 is due will take bonds for their claims.

JAMES G. SCRIPPS' WIDOW  
LOSES SUIT FOR \$6,000,000

S. Appellate Court Holds His Contract With Father Was Not Binding After Will.

St. Louis, O., April 18.—Mrs. Josephine S. Scripps of Miramar, Fla., widow of James G. Scripps, former editor-in-chief of the Scripps chain of newspapers, lost her appeal to United States Circuit Court of Appeals yesterday when that court affirmed the decree of the District Court here in dismissing her suit against her husband's estate.

In her action Mrs. Scripps sought to recover approximately \$6,000,000 she alleged was due her late husband from his father's estate under an agreement with the father to share in the profits and losses of the newspapers and allied businesses of E. W. Scripps for the years 1908 to 1920. The agreement she contended, was made by the father and son when the late husband assumed active management of the combined newspaper properties. In the lower court it was held that while there was an agreement, it was all subject to the will of the father who at final say as to what, if any, profits and increment of the newspaper chain and that it was a legal contract binding on the father or son.

Chief Justice Denison, Moorehead and Hicks considered the Moorehead and Hicks opinion, Judge Denison dissenting expressed the opinion that "arrangement" between the father and son, as interpreted by their conduct, was contractual and that after the death of the father any undisposed of profits arising under it could be divided by the courts.

## PRESIDENT AND WIFE BETTER

WASHINGTON, April 18.—Both President and Mrs. Hoover have been suffering from a cold and influenza, which has been a painful and tedious ailment, was reported today at the White House to be improved.

## AIRMAIL STOLEN IN CHICAGO, DRIVER OF TRUCK SEIZED

Five Pouches Taken While  
Being Transferred From  
Municipal Airport to Post  
Office.

CONTENTS OF TWO  
SACKS WORTH \$25

That of Three Others Unde-  
termined—Driver Finally  
Set Free, Telephones  
News of Holdup.

By the Associated Press.  
CHICAGO, April 18.—The night  
airmail from the North was stolen  
last night, and the driver of the  
truck in which it was being carried  
from the municipal airport was seized.

Five pouches, two containing  
registered mail valued at little  
more than \$25, were taken. The  
truck driver, Adolph Stehno, was  
finally set free, and he ran nearly  
half a mile to telephone news of  
the robbery.

Pilot A. R. Mensing of Oshkosh,  
Wis., landed his plane on the  
lighted airport at 8 o'clock and  
helped Stehno load the mail into  
the truck.

Stehno, driving down the air-  
port road, found his path blocked  
by a sedan crosswise on the high-  
way. Five men, all armed, sur-  
rounded him and compelled him  
to drive the truck behind the sedan  
to a deserted side street. There  
the mail pouches were transferred  
to the sedan. Further along the  
road, Stehno was set free.

Postal inspectors today checked  
a list of past mail robberies in  
their search for suspects.

Bad flying conditions balked the  
robbers' scheme to get a larger  
loot, postal inspectors said.

At Milwaukee, two mail planes  
of the Northwest Airways met;  
one from Minneapolis, the other  
from Green Bay, Wis., picking up  
sacks from Appleton and Oshkosh,  
Wis. The Minneapolis plane car-  
ries the load into Chicago.

The Minneapolis plane was  
forced down by bad weather yes-  
terday at Lacrosse, Wis. A. R.  
Mensing of Oshkosh, pilot of the  
second plane, was unable to fly  
to Green Bay because of fog and  
brought only the Appleton and  
Oshkosh sacks into Milwaukee.

He flew into Chicago without  
waiting for the Minneapolis cargo  
to arrive by rail.

**NORTH CAROLINA JUDGE  
SUMMONED ON DRY CHARGE**  
Liquor Found in Baggage, but It  
Was Said to Have Been Placed  
There by Joker.

By the Associated Press.  
SELMMA, N. C., April 18.—  
Charged with violating the Federal  
prohibition laws, Judge N. A. Sin-  
clair of the North Carolina Super-  
ior Court, has been summoned to  
appear before United States Com-  
missioner I. W. Massey here tomor-  
row for a preliminary hearing.

Commissioner Massey said a war-  
rant for Judge Sinclair's arrest was  
sworn out by C. S. Coats, a Federal  
prohibition agent, who found a pint  
flask of whisky when he searched  
the jurist's bag on March 30.

The warrant now is in the office  
of United States Marshal Goddard  
at Raleigh. Ivan Byrd, chief rep-  
resentative of the United States  
attorney at Raleigh, said Judge Sin-  
clair had been summoned over  
telephone and said he would  
appear before the commis-  
sioner.

Prohibition Agent Coats, acting  
on information which he said he  
received from Williamston, where  
Judge Sinclair had just adjourned  
a term of Martin County Court,  
stopped the automobile in which  
the Judge was riding from Wil-  
liamston to Sanford on Sunday af-  
ternoon, March 30.

A search of Judge Sinclair's bag-  
gage disclosed a pint bottle con-  
taining a quantity of liquor. The  
Judge was not arrested, but pro-  
ceeded on to Sanford, where he  
professed ignorance of the whisky  
and charged a "frame-up." Later,  
William H. Everett of Williamston  
asserted he had put the whisky in  
Judge Sinclair's luggage as a "prac-  
tical joke."

Coats, however, reported the  
matter to District Attorney Fisch-  
er's office and later swore out the  
warrant.

**SUPPER LATE, BRANDS WIFE**  
Chicagoan Gets 3 Months for Burn-  
ing Mail on Hip.

By the Associated Press.  
CHICAGO, April 18.—Andrew  
Bendik, 26 years old, who in a fit  
of jealousy burned the brand "B"  
on his wife's hip, was arraigned  
before Judge Lupe yesterday.

"He tied me to a bedpost and  
branded me when I was a little  
late in getting supper," she testi-  
fied. A policeman testified to the  
injury on the wife's hip. Bendik  
was given three months in the  
House of Correction and compelled  
to turn over all his funds to his  
wife.

**San Francisco Earthquake Day.**  
SAN FRANCISCO, April 18.—  
Just 24 years ago the city was  
shaken by earthquake and more  
than 2500 acres of homes, stores  
and factories razed by fire.

**POLICEMAN HELD IN KILLING**  
He and Rosiclaro (Ill.) Merchant  
Had Tried to Arrest Youth.

By the Associated Press.  
HARRISBURG, Ill., April 18.—  
Jesse Shipp, Rosiclaro police offi-  
cer, and Homer Harris, Rosiclaro  
merchant, are at liberty on \$10,000  
bond each for the fatal shooting of  
Emil Hancock, 22 years old, at  
Rosiclaro yesterday. Charges of  
murder were filed by the victim's  
father, Dr. S. D. Hancock.

The youth was shot twice in the  
back, when Shipp and Harris at-  
tempted to arrest him for the bur-  
glary of Harris' store the night  
before. He is said to have fired  
one shot at the men and Shipp  
fired three shots at Hancock, one  
missing him. Hancock died in-  
stantly. A coroner's jury returned  
an open verdict.

**Man Reported Slain Found Alive.**  
PARIS, Tenn., April 18.—Rela-  
tives of Samuel T. Hollowell, lit-  
tle Rock, Ark., salesman, reported  
killed March 17 near Morrilton,  
Ark., have received word that he  
is safe in Fort Worth, Tex., after  
escaping from men who abducted  
him and held him for ransom for  
several days.

By the Associated Press.  
PEORIA, Ill., April 18.—Max P.  
Seibel, 61 years old, president of  
the Manlius State Bank and chair-  
man of the Bureau County Board  
of Supervisors, died today of an  
apoplexy after a 10 day ill-  
ness. Seibel was stricken two days  
before the election to the chair-  
manship of the board. He was ac-  
tive in the Masonic and Odd Fel-  
low lodges.

## Terminal's Plans for Five New Bridge Approaches Defended Before Aldermanic Committee

President of Manufacturers Railway and Service Board Head Say Improvements Are Necessary to Full Use of Crossing.

The special bridge committee of the Board of Aldermen, under the direction of its special counsel, Mayor Miller, yesterday heard testimony of witnesses to the necessity of the five approaches to the Terminal Bridge proposed by the Terminal Railroad Association to enable it to make full use of the structure, and as to the reasonableness of the differential freight rate on coal to St. Louis over the East St. Louis rate.

Two witnesses, A. E. Wright, president and general manager of the Manufacturers Railway, and R. Kinsey, president of the Board of Public Service, testified that all five approaches were essential for full use of the Terminal Bridge by the Terminal and other railroads as may desire to use it, and that the locations proposed by the Terminal were the best that could be found. Both said the city should own the approaches.

One witness, C. P. Hoy, commissioner of the Fifth and Ninth Street Coal Traffic Bureau, testified that the Terminal's proposed approaches would be a great improvement on the east side had been

fixed at \$1.05 a ton, 25 cents more than the rate to East St. Louis. He said he considered the additional rate reasonable, necessary to compensate the Terminal for the extra service of making deliveries across the river in the large St. Louis switching district over costly trackage and through congested sections.

Two More Hearings. The hearing was the first of a number planned by Chairman Neun of the Bridge Committee for the purpose of pushing to a conclusion negotiations for use of the Municipal Bridge by the Terminal. Other hearings are to be held next Monday and Wednesday afternoons.

A bridge bill sponsored by Mayor Miller was introduced in the Board of Aldermen several months ago, but died with the close of the session that ended April 4. The Mayor has indicated he will not have his bill re-introduced, but the board has authorized the committee to build the necessary approaches, estimated to cost \$3,250,000, and would have obligated the city to purchase

them by applying to that purpose the amount by which the tolls charged against the Terminal exceeded the operating and carrying cost. It also provided that the city lease from the Terminal the vehicular deck of the Eads Bridge at a rental of \$205,500 a year, with the right to abolish the tolls as to vehicles and pedestrians, the rental to be paid out of tolls assessed against the Terminal for use of the Municipal Bridge.

No Objection to Terminal. In the examination of Wright, Neun indicated the purpose was to obtain from him as a practical railroad man views as to the necessity of the proposed approaches and the advantages that would come to the public and to the railroads by use of the Municipal Bridge. Wright was emphatic in his view that full use of the bridge by all the railroads would be of great service to industries in St. Louis and would greatly facilitate the movement of through traffic.

He was asked if his railroad, which has obtained a permit to use the Municipal Bridge, had any objection to the Terminal's using it. He replied, "None, whatever," and added that his company would welcome the widest possible use of the structure in the interest of commerce. He said his road, and the Alton & Southern, which also has obtained a permit, were ready to use the bridge as soon as it is physically possible. He said a crossing of the Missouri Pacific tracks at Leperance street remains to be made and that so far the City and the Missouri Pacific have not been able to agree on the crossing, thus delaying opening the bridge to service.

Estimate of Traffic. Wright estimated the Manufacturers and the Alton & Southern would send 75,000 to 85,000 loaded cars across the bridge the first year, and that this traffic would increase about 10 per cent annually for the next five years. He estimated the revenue to the city under the gen-

eral bridge ordinance the first year would be \$25,000 to \$30,000. He said he considered the ordinance toll rates reasonable, not a burden on commerce, and would be willing to have the ordinance changed to make the rates permanent.

The ordinance now provides for reduction of the rates if at any time they produce revenue materially in excess of the operating and carrying costs of the bridge. These rates are \$1 for loaded freight cars, 50 cents for empty freight cars, \$1.50 for passenger cars, and \$3 for locomotives.

Frank H. Gerhart, one of those who worked actively for erection of the bridge, asked Wright if the proposed northeast approach for which \$1,500,000 bonds were voted in 1923 would not adequately serve all railroads. Wright replied that in his opinion that approach would be "absolutely useless." The city administration long ago gave up the idea of building that approach.

For City Ownership. The principal reason given by Wright in support of his view that the city should own the approaches was that it would enable independent railroads wishing to do so to use the bridge without having to pay the Terminal's transfer charges. He said that in freight traffic a railroad using any part of the Terminal's tracks has to pay the full Terminal tariff, the same as if the Terminal had handled the movement with its own equipment over extensive trackage. Thus, he said, if the Terminal owned the proposed short connecting approaches near the end of the present Eastern approach it would be in position to charge its full terminal rates on all traffic passing over one of those small approaches.

Wright said he believed the recent transfer of control of the Missouri Pacific to the Van Swearingen, who also control the Nickel Plate, which is not a Terminal proprietary line, means that the management of those two roads will seek to send freight through the St. Louis gateway without using the Terminal's services.

The Municipal Bridge, with the city owning the approaches, would provide the way, he said.

Cost of Bridge \$7,750,000. Kinsey testified as to the cost of the bridge, stating that bonds issued for its construction totaled \$7,750,000. He said the approaches should be owned by the city and that even if they were built with funds advanced by the Terminal, to be repaid on a time plan, title should vest in the city at once. He said also he believed the Terminal should guarantee a minimum use amounting to \$600,000 a year. This is the amount President Henry Miller of the Terminal has estimated as the minimum.

As to the present differential rate favoring East St. Louis on traffic originating at or destined to

points within the 100-mile zone, applying principally to coal, Hoy said in his opinion the only way to get it reduced would be to prove to the Interstate Commerce Commission that the cost of the additional service was less than the differential. This might be possible, he said, from the reports railroads making the bridge would be required to keep the cost of crossing separately from other costs.

The ordinance requires that railroads accepting permits pledge themselves to apply for a reduction in the rate if such records show it is more than the actual cost.

Hoy told how the Interstate Commerce Commission overruled the Illinois Commerce Commission when it sought to fix a rate on coal from Illinois mines to East St. Louis as much as 46 cents a ton less than the rate to St. Louis.

East St. Louis interests, represented by W. E. Rosenbaum, argued that the actual cost of making coal deliveries to East St. Louis was 50 cents a ton less than to

St. Louis, and fought to retain the advantage the Illinois Commission ruling would have given them.

The Interstate Commerce Commission, however, set aside the State Commission's rates and fixed the present rates to both cities, basing the 35-cent differential on the actual cost of the added service.

OUT OF WORK, TURNS ON GAS. Railroad Employe Found Dead in Kitchen of Home.

Clarence Michelmann, 33 years old, a railroad employe, was found dead of gas poisoning in the kitchen of his home, 3709A Hobart street, at 5 p. m. yesterday. Four burners of a gas stove were open, but unlighted.

A note reading, "Good-bye, Virginia," was addressed to Michelmann's wife, Mrs. Michelmann, said her husband had been out of work for a month, and had become despondent.

\*Indicates that recipes for dishes so marked in above, will be found in the Home Economics section of today's Post-Dispatch.

## RECIPES FOR DISHES IN WEEK'S MENUS

Baked Corn Fritters and Little Orange Nut Cakes Are Featured.

Baked corn fritters are an accompaniment to roast beef or lamb and may be cooked in the oven while the meat is roasting. Mix together one cup of canned corn, one half cup of milk, two well beaten eggs and one teaspoon of sugar. Sift seven-eighths cup of flour with one-half teaspoon of salt and two teaspoons baking powder. Stir this into the corn mixture and mix thoroughly.

Grease medium-sized muffin pans with butter or meat dripping or grease a dripping pan and place on it six greased muffin rings. Fill the pans or the rings about two-thirds full and bake in a moderate oven for 20 to 25 minutes. Serve hot with gravy.

Mock Bisque Soup.  
Mix two cups of canned tomatoes with two teaspoons of sugar, one small slice of onion and a small piece of bay leaf. Simmer for 15 minutes. When add one-half teaspoon of baking soda and rub through a sieve.

Meanwhile, scald four cups of milk with one-half cup fine state bread crumbs, one-half cup shredded salt cod fish, and a sprig of parsley. Add the strained tomatoes slowly to the scalded milk, stirring constantly. Season with three tablespoons of butter and serve very hot with crisp crackers or with croutons.

Orange Nut Cake.  
Cream together one-third cup of butter and one cup of sugar. When well blended add two eggs and beat until creamy. Sift one and three-fourths cup flour with two teaspoons of baking powder and one-half teaspoon baking soda.

Chop enough pecan nuts to make one-half cupful. Add these to the butter and egg mixture with one-half cup strained orange juice. Then stir in the sifted flour and beat thoroughly.

Fill small greased pans a little more than half full and bake in a moderate oven—375 degrees—for 20 minutes. Cool and cover with orange icing. Sprinkle the icing with chopped nuts.

Shirred Eggs With Bacon.  
Butter individual saucers or shirred egg dishes and break two eggs into each dish. Sprinkle very lightly with salt and pepper. Cut four slices of bacon into small dice and scatter over the eggs.

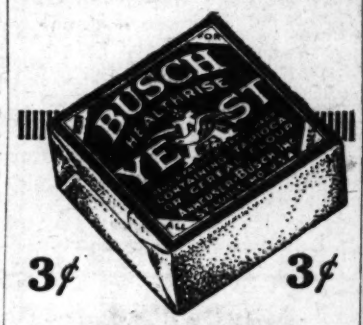

Bake in a moderate oven—375 degrees—for 8 to 10 minutes or until the eggs are as firm as desired. If baked too quickly, the eggs will be tough. Serve at once.

Stewed Kidneys.  
Wash one small beef kidney, remove the fat and cut in small pieces. Melt three tablespoons butter, add one tablespoon minced onion and cook slowly for three minutes. Sprinkle the kidney with one tablespoon flour, stir into the butter and brown quickly. Then add two cups boiling water, reduce the heat, cover closely and cook slowly for 40 minutes.

Thicken with flour, season with salt, pepper and Worcestershire sauce and serve very hot.

Peach Tart.  
Mix two cups sliced canned peaches with two tablespoons sugar, one tablespoon flour,

one tablespoon melted butter, one teaspoon lemon juice and fill into pastry-lined tart shells. Bake in a hot oven, 450 degrees, for about 15 minutes. About five minutes before done, open oven and place a marshmallow on each tart and continue baking until candy is melted and brown.

## PARTICULARLY TEMPTING WAY TO COOK LAMB SHOULDER

Delicate Way of Preparing an Inexpensive Lamb.

Remove bones from a six to eight pound shoulder of lamb. Peel or cut off the outer skin from the fat side of the meat. This skin gives the meat its strong wooly flavor. Rub with a bit of garlic. Season with salt and pepper, allowing three-fourths teaspoon salt and one-eighth teaspoon pepper for each pound of meat.

Fill space where bone was removed with a moist bread dressing. Roll carefully and tie.

Place in a roaster. Lay strips of bacon over the top. Add two to three cups of boiling water. Cover and let the whole simmer gently and steam for an hour to make it tender and delicately browned. Use the liquid remaining for gravy. Serve with mint jelly, asparagus tips or caper sauce.

Braised Lamb on Casserole.  
Brown the meat on both sides, add the vegetables and make a gravy with the hot water and a little fat. Place the meat in a covered baking dish, cover lightly and bake slowly until the meat is very tender.

THIS DISH IS PORK-U-PINE  
Savory Meat Dish Which Has a Very Peculiar Name.

Take one pound of hamburger steak or leftover cooked meat, four tablespoons drippings, one medium-sized onion, one medium-sized green pepper, one cup mashed

potatoes, one teaspoon salt, one-half teaspoon pepper, one-half cup uncooked rice, one egg, one cup water, one cup tomato soup.

Put drippings or oil in frying pan, add when hot, but not smoking, add finely sliced onion and chopped green pepper; cook five minutes, being careful not to brown.

Remove from fire; add meat; mashed potatoes, salt, pepper and rice; stir till thoroughly mixed. Drop in egg and stir again. Shape into even sized patties and place in covered roaster. Mix water and soup and pour over patties. Cover and bake in moderate heat for one hour.

Escalloped Vegetables.  
Add sugar and salt to canned tomatoes with sliced onions. Dot with butter and sprinkle with toasted bread crumbs. Bake 30 minutes in a moderate oven.

Remove from fire; add meat; mashed potatoes, salt, pepper and rice; stir till thoroughly mixed. Drop in egg and stir again. Shape into even sized patties and place in covered roaster. Mix water and soup and pour over patties. Cover and bake in moderate heat for one hour.

## PLANNING MENUS FOR THE FAMILY MEALS

Lamb, the Easter Sunday Meat,  
Given Prominent Place in  
Sunday's Menu.

In most households the person responsible for planning the meals is confronted with the necessity of providing appetizing combinations that will fit into the changing season.

Variations in the methods of serving should be sought for, and a variety in seasonings as well as a variety in the kinds of foods used.

Reports from the large packing houses tell us that lamb is lower in price than it has been in some time; therefore, it is a good plan to take advantage of this fact and make good use of it. Select roast leg of lamb for Sunday's dinner, serving it with mint sauce and baked corn fritters.

Serve with lamb those vegetables that blend well with the delicate flavor of the meat. Green peas, browned parsnips, broiled or braised carrots, celery or Romano; asparagus plain or with Hollandaise sauce, artichokes, squash, creamed cauliflower and baked or stewed tomatoes are perhaps the best.

Seafood Supper Platter.  
In planning this week's meals, choose a cold sea food platter for Sunday night's supper. This is a good suggestion for many a spring and summer meal as well.

There are a number of combinations that might be used, but one liked very much calls for salmon, shrimp and oysters. Either canned or fresh boiled salmon may be used. In either case chill it and place in the center of the platter, covering it with cold Hollandaise sauce or with mayonnaise made quite tart with lemon juice.

Around the salmon place a border of chilled, boiled shrimp mixed with an equal amount of sliced raw celery and seasoned with French dressing.

Small cups made of lettuce leaves filled with oysters that have been scalded, chilled and dipped in French dressing are next arranged around the shrimp. Decorate the platter with slices of cucumber, radishes and olives and see that it is served very cold.

Soup for Luncheon.

Soups are popular luncheon dishes. If you do not care to take the trouble to make soups at home, there are a wide variety of excellent ready-to-serve canned soups at the grocer's. Some of these may be mixed with milk and then have added food value, especially for children's meals. Soup with crackers or toasted cubes of bread and a fruit dessert with a few cookies makes a splendid midday meal for children of school age.

The special menu this week comes on Wednesday and takes the form of a spring vegetable dinner. Recipes and directions for carrying this out are given in another column.

Shad is one of the most delicious fish for the spring season and as its stay in market is so short, it is good to use it as often as possible. Broiled or baked and served with lemon or cucumber sauce, it has much to recommend it for Friday's dinner. If the family is small, dealers are willing to sell half of the shad—a convenient amount for two or three people.

**Simple Balanced Meals.**  
Baked macaroni with cheese, creamed cauliflower liberally sprinkled with grated cheese and browned in the oven, salad served

with Roquefort dressing, or cheese used as a final course—in any of these ways, or others that may occur to her, the housewife may secure a balanced meal.

## SALAD VARIATIONS FOR SPRING MEALS

Good Combinations of Fresh Young Vegetables for Salad Plates.

Salads are enjoying a well deserved popularity if one can judge by the reports of hotels and restaurant associations, dietitians and food experts. People seem suddenly to have awakened to an appreciation of the wholesomeness of these green foods.

So many varieties are possible in salads that there is little chance for them to become monotonous. If, however, the family begins to be a little finicky over the salad course, take heed and the next day give them a change in the kind of salad used.

A steady dose of plain mayonnaise does grow tiresome in time, as does a constant repetition of any one flavor.

French dressings may be flavored with catsup or chili sauce, lemon or orange juice, chopped chives, onion or garlic, minced parsley, fresh mint or tarragon vinegar, to mention only a few of the possible combinations.

Roquefort cheese dressing is popular with Romaine, endive or hearts of lettuce and is made by mixing the cheese with French dressing to make a thin paste.

Sour cream dressing, variations of mayonnaise and cooked salad dressing should all be included in the list for the family food shelf.

**Savarin Salad.**

Arrange a finger-thick slice of firm head lettuce for each service. On this place halves of canned pears. Fill their centers with creamed Roquefort cheese, obtained by blending cheese with a small quantity of cream and mayonnaise. Cover with chopped pecans and serve with mayonnaise or whipped cream dressing.

**Apple and Celery Salad.**

Put one slice of head lettuce on plate, cut half apple and a stalk of crisp celery in dice. Mix thoroughly, cover with mayonnaise, to which a little cream has been added, and sprinkle with chopped English walnuts. Serve with cheese crackers.

"A wipe and it's bright"

THAT'S me... BAB-O. Especially created for enamel and porcelain, I make kitchens and bathrooms gleam... free of all tell-tale water-marks, dull film, stains. I am modern, efficient. I brighten sinks and ranges, refrigerators, walls and floors... tubs, tiles, basins and bowls with magical ease. Tried once, you will never be without me. Ask for me by name, BAB-O!

# Domino

the housewife's name  
for granulated sugar

### Domino Old Fashioned Brown

Gives a rich, zesty flavor to gingerbread, candied sweet potatoes, baked beans, baked apples. Sprinkle it on "bread-and-butter."

### Crystal Domino Tablets

Brilliant, sparkling. Domino Tablets dissolve quickly and completely in hot tea and coffee. They add charm and distinction to every dining table.

### Domino Superfine Sugar

Dissolves almost instantly in hot chocolate and iced drinks. Perfect for fruits, cereals, desserts.

### Domino Confectioners Sugar

Does not lump or cake. Mixes perfectly with fruit juices, cream, butter, egg whites, melted chocolate. Domino Confectioners makes luscious cake icing without cooking.

### Domino Powdered Sugar

A powdered sugar of the highest quality. Dust it over pies, doughnuts, freshly baked cookies.

### Domino Granulated Sugar

is the sugar you will want for most household uses—cooking, baking, preserving, candy-making. It is pure cane sugar of the very highest quality. Refined under ideal conditions. Never touched by human hands.

It comes to you in sturdy cartons and strong cotton bags—protected against all dirt. Always full weight. Be sure to ask for it by name. The word Domino is your guarantee of excellence.

## EASTER MEAL CALLS FOR TEMPTING FOOD

Attractive Decorations Add a Festive Air to the Company Dinner.

Easter entertaining in America is confined largely to the Easter Sunday dinner. Sometimes this meal is quite elaborate, with a large number of dishes served as the main course and for dessert with soup, fish and salad courses added.

Decorations for the Easter dinner table may be made symbolic of the day with candy Easter rabbits, cunning little baby chicks of paper products and various colored large and small candy eggs effectively used with colorful spring flowers for the centerpiece.

Green and white, orchid and green, pink and green and yellow and white are color combinations particularly appropriate for the day. The spring blossoms which harmonize with the various color schemes mentioned are lilacs of the valley, sweet peas, Easter lilies, jonquils, marigolds and larkspur.

Most housewives who plan to prepare and serve a company meal on Easter day will find it more convenient to open the meal with a strawberry cocktail which may be any type of fruit cocktail to which strawberry juice has been added and a few whole berries used to garnish the cocktail.

Custom suggests lamb for the main dish at an Easter Sunday dinner. Some hostesses, however, prefer chicken.

When lamb is selected, a roast leg of lamb or a stuffed shoulder will be found very satisfactory, though the crown rib roast is the most festive. Mint sauce or mint jelly is the accepted accompaniment for lamb, particularly spring lamb.

Spring chicken, planked chicken or fricasseed chicken are probably the best ways to prepare this fowl at this season of the year for formal dinner service.

When springers are selected if the fowls are very small serve one to each guest. The larger size may be split and one-half a bird served on each plate.

Almost any of the spring vegetables may be served with lamb or chicken. Peas and carrots, young turnips and creamed potatoes with parsley butter dressing are fine with lamb.

Corn fritters, asparagus, young beets, creamed peas, boiled potatoes with parsley and drawn butter dressing are tasty with chicken dishes.

For most formal dinners the choice of salads is restricted mainly to salad greens, lettuce, Romaine, watercress and endive. A fashionable green salad is made with a combination of the four, using the white lettuce hearts for the salad bed. French dressing is served with this salad.

Home cooks who aim to be extremely up to the times in serving a company dinner will probably serve some kind of a cheese accompaniment with this salad like a cheese cracker, cheese sticks or cheese biscuit.

Celery, olives, tempting young radishes and pickles may also be included in the menu.

Coming to the dessert course, icy cold desserts are probably the easiest to serve for the hostess who prepares and serves a company meal.

This being the beginning of the strawberry season, strawberries may be used in combination with ice cream, or used to make a frappe or to decorate a lemon, orange or pineapple ice. A small service of strawberry shortcake might be substituted for the icy cold dessert if the meal is limited to members of the family.

Coffee served in after dinner style, black and rich and strong and fragrant, is a fitting drink at the close of a formal or company dinner. Ginger ale may also be served either during or at the close of the meal.

### EGGS MOLDED IN ASPIC

Lustrous Salad Which May Be Used as a Main Dish. This is a hearty salad which is appropriate for a company luncheon.

To make it use one-fourth cup strained tomato juice, one-fourth cup cold water, one cup consommé, one tablespoon gelatine, two hard cooked eggs, one-half cup cooked and one-half cup asparagus tips.

Soak gelatine in cold water about five minutes. Scald tomato juice and consommé and add gelatine. When gelatine is dissolved pour some into a wet mold to the depth of half an inch.

Stand mold in crushed ice and salt and when aspic is firm arrange peas about the edge and place asparagus tips upright around the sides. Arrange slices of eggs and tomato in center of mold and cover with aspic. When aspic is firm continue filling mold with alternate layers of egg, tomato and aspic.

Chill mold thoroughly. To serve unmold on lettuce leaves and garnish with mayonnaise.

### VARIOUS TYPES OF CHEESE

Different Kinds Suitable for Different Dishes.

Cheese for cooking purposes is selected according to flavor and consistency. For purposes of grating, a hard cheese is preferable to a soft one, for melting or cutting, softness is a desirable quality.

Individual tastes are responsible for the choice between a strong and mild flavored cheese. Some people prefer the former, while to others the latter is more acceptable.

One of the Best Ways. The best toast is made by cutting bread the night before, and by heating toaster a few minutes before bread is put on. Then turn bread on toaster several times to get a delicious crisp golden brown slice of toast. Butter immediately and serve.

equalled  
ONLY  
by itself

You sometimes hear that some other loaf is "as good as Bond Bread." When people want to speak in the highest terms of anything, they say that "it is as good as gold." Of course, it is not as good as gold unless it is gold, and no bread can be as good as Bond Bread unless it is Bond Bread.

After all—there is no bread like

**We need more than nourishment**

good cheer is as important as good food!

Breakfast is more than a mere matter of nourishment. The morning meal should also be a stimulant to the spirits. Food that is merely "good" is not enough. We should have interesting food—above all things, breakfast must not be a bore. Tomorrow morning try an experiment. Serve pancakes—the modern kind, made with the new Pillsbury's Pancake Flour. Note the difference in the atmosphere at breakfast—zest, eagerness, signs of an interest in life. There's proof of a perfect breakfast—good food, plus good cheer. You've found the scheme—keep Pillsbury's Pancake Flour in the house—use it, regularly!

Made according to a modern, improved recipe

**Pillsbury's Pancake Flour**

### ABOUT ROLLED SANDWICHES

One type of rolled sandwich is made from a thin slice of bread spread with soft butter and sandwich filling. Roll slice tightly and hold in place with a thin ring of green peppers.

The second type is made by cutting fresh sandwich bread in very thin slices the long way of the loaf. The entire slice is spread with soft butter and sandwich filling. The strip of bread is rolled tightly, starting at the end. Wrap the roll in a damp cloth. When ready to serve, cut the roll crosswise into very thin slices.

are sold at all grocery, hardware and department stores

### FANCY SMALL CAKES FOR PARTY MENUS

Prospective Hostesses Will Find These Attractive Pastries Delicious.

Most persons have a sweet tooth and that is the reason why all festive meals and company refreshment menus include cake.

Cakes of the small or cookie type are being rapidly popularized for dessert service with ice cream and loaves.

These small cakes are very easily made by the home cook. The great charm in these small cakes is in the various types and the attractive ways in which they may be decorated to harmonize with the color scheme of the menu foods and the table decorations.

The cookie variety of small cake may be dressed up in colored sugars, frosting, nut meats, small colored candles and bits of candied orange and pineapple.

The ice box cookie may incorporate several different colored doughs in which case the cookies may be made into heart cookies, checkerboard cookies or pinwheel cookies.

**Standard Cookie Recipe.**

Ingredients needed are one cup butter, two cups sugar, two eggs, one-fourth cup milk, three and one-half cups flour, two teaspoons baking powder, one-fourth teaspoon salt and one teaspoon vanilla or rose extract.

Cream butter or substitute; add sugar gradually and cream again. Add unbeaten eggs and beat all thoroughly. Add milk and fold in sifted dry ingredients. Add flavoring. Set in icebox to chill overnight. In morning roll to one-third inch thickness, cut with small cutter and bake in a moderately hot oven 10 to 12 minutes.

**Heart Cookies.**

Color half of cookie dough red, using vegetable coloring, and shape into long roll, about one and one-half inches in diameter. Roll white dough to one-fourth inch thickness and wrap around red roll, which has been brushed with milk.

With hands mold into heart shape, by making a depression at top and forming a point at bottom. Chill, slice, brush with egg white and bake on cookie sheet in a moderately hot oven 10 to 12 minutes.

**Checkerboard Cookies.**

Roll white dough one-half inch thick and brush with milk. Cover with chocolate dough, also rolled to one-half inch thickness. Trim edges and cut dough in lengthwise strips, one-half inch wide.

Alternate light and dark strips to form checkerboard; press together, and place in icebox to chill. Slice and bake on cookie sheet in a moderately hot oven 10 to 12 minutes.

**Pinwheel Cookies.**

Roll white dough one-fourth inch thick and brush with milk. Cover with chocolate dough, also rolled one-fourth inch thick; cut off uneven edges. Pat lightly and roll up like jelly roll.

Place in icebox to become firm, about two hours. Slice thin, brush with egg white and bake on cookie sheet in moderately hot oven 10 to 12 minutes.

**N. B.—Red and white dough may also be used for pinwheel cookies.**

Another type of popular small cake is the macaroon. The coconut macaroon is a simple variety of this cake which is readily made by the home cook who uses this recipe.

**Coconut Macaroons.**

Beat one egg until white, then fold it into a mixture made with one and one-fourth cup coconut and one-half cup sweetened condensed milk and one-half teaspoon vanilla. Drop by spoonfuls on a greased baking sheet and shape into cakes. Bake in a moderate oven until lightly browned. Variations may be obtained by coloring a small portion of the mixture with red coloring and by coloring another small portion by adding melted chocolate.

**MAKE STRAWBERRY ICE FOR EASTER COMPANY MEAL**  
Delicate Icy Cold Desserts May Be Readily Made by Home Cooks.

Strawberry ice cream made with the fresh fruit is a dessert which may be served at the most de luxe meal or entertainment.

To make it mash one quart of hulled strawberries with three-quarters of a cup sugar and two teaspoons of lemon juice. Let stand for an hour or two in the refrigerator before using.

Prepare a custard foundation from a pint of rich milk, one tablespoon cornstarch moistened with a little cold water, a quarter of a teaspoon salt, two beaten eggs and a half cup sugar. Cook over hot water until well thickened, stirring constantly.

Remove from the fire, cool and fold in one pint of chilled double cream, whipped stiff. Turn into ice cream freezer or mechanical refrigerator pans and partially freeze.

When the mixture begins to get stiff add the fruit puree. Continue to freeze until firm and smooth. If the berries are sour be sure to add more sugar, because frozen desserts containing fruit require more sugar than cooked desserts made from the same materials.

## ROAST OF LAMB IS THE EASTER MEAT

Directions for Cooking This All-Important Dish and for Mint Sauce.

American cookery contains no section dedicated to Easter cookery. Eggs have become symbols of the day and lamb is the recognized Easter meat. Lamb shoulders and a leg or crown roast of lamb are cooked like any other baked meats.

### Roast Leg of Lamb

Wash and remove all stringy portions from a leg of lamb; put a bit of lard in roaster and place on top of range, near the meat on both sides; then place roaster in the oven with bottom barely covered with water, and roast slowly for about three hours, basting frequently. A few slices of onion or a bit of garlic over top gives good flavor.

Many cooks baste a roasting leg or rolled shoulder of lamb once or twice with equal parts of currant or mint jelly and hot water. This should be done when the meat has cooked about a half an hour and again at the end of an hour. The difference in flavor is well worth the slight extra expense.

There should be enough lamb left over to serve reheated with a good brown mushroom sauce, or, if preferred, a currant jelly or a combination of currant jelly and grated orange rind might be used instead of the mushroom sauce.

### Mint Sauce

Fresh mint can be had, so, by all means, use it in making sauce. One small bunch will be needed. Strip off the leaves and chop them fine or cut them in very small pieces with the scissors.

Put them in a small saucepan and add one tablespoon of powdered sugar. Crush the leaves and the sugar together with a wooden spoon until the sugar dissolves.

Next add one-third cup of mild vinegar and stand the pan in a warm place (the top of the oven is convenient) for 15 to 20 minutes. Serve without straining.

### Mint Jelly

A nice mint jelly to serve with the roast leg of lamb is made with one cup vinegar, one tablespoon gelatine, one-half cup cold water, one cup sugar, one cup finely chopped mint leaves, one-half teaspoon salt and green coloring.

Soak gelatine in water about five minutes and then dissolve in a syrup made by boiling sugar and vinegar five minutes. Add salt and the green coloring. Add the chopped mint leaves.

Let stand five minutes and then strain. Pour into molds which have been rinsed in cold water. Mint extract may be used instead of fresh mint leaves.

### VARIOUS WAYS OF SERVING

#### THE BREAKFAST ORANGE

At This Meal Attractively Served Fruit Is a Good Appetizer.

There are few fruits that equal the orange in popularity for breakfast, but again variation is necessary in the methods of serving to make them always pleasing to the appetite.

In this case, it is not the flavor that becomes tiresome, but the sameness in appearance.

Instead of always serving orange juice, alternate with sliced oranges, with oranges cut in dice and flavored with a teaspoonful of honey or maple syrup, by occasionally combining equal parts of grapefruit and oranges and serving in half an orange skin, or by serving the pulp well chilled in sherbet cups.

Experiments have proved that the whole of the orange, that is, the pulp and the juice have more nutritive value than the juice alone.

## GRAHAM CRACKER CAKE IS AN ENTICING PASTRY

The Crumbled Cracker Crumbs Are Used in the Same Way as Flour.

Graham crackers furnish the basis for a very delicious cake. Use 33 graham crackers, one-fourth cup margarine or butter, one cup sugar, two eggs, two teaspoons baking powder, one-fourth teaspoon salt, three-fourths cup milk, one cup nut meats, one nine-ounce package mince meat and one cup water.

The mince meat should be broken into small pieces and placed in a large shallow pan with

the one cup of water and boiled for 15 minutes. Add occasionally and cool before mixing with other ingredients.

Cream the shortening, add sugar and egg yolks.

Mix and sift in a coarse sifter the graham crackers, which have been crumbled into fine particles or put through a food chopper; the baking powder and salt.

Add alternately to creamed mixture with milk. Blend thoroughly. Fold in two egg whites beaten stiff, finely cut nut meats and the cooled mince meat. Bake in two layers in a moderate oven.

Put together with a plain white frosting.

IN COUNTLESS HOUSEHOLDS...

Some one is Suffering in Silence

—from troubles caused or aggravated by harsh or impure toilet tissue.

RECTAL trouble is one of the least "talked about" of all human illnesses, yet one of the most prevalent.

A prominent New York hospital surgeon conservatively estimates that between ten and twenty million people in the United States are suffering from ailments of this nature.

An astonishing statement. But not so surprising when you consider the careless attitude of most people toward the quality of toilet tissue used in their homes.

Today, however, women are beginning to realize the importance of bathroom tissue from the health standpoint. To assure absolute protection, careful housewives insist upon the tissues that physicians and hospitals have thor-

oughly approved—Scott Tissue, Sani-Tissue and Waldorf.

These three health-protecting tissues are made from specially processed fibres—"thirsty fibres." Crumple a sheet in your hand. Feel its unusual softness.

Treat a sheet of ordinary glazed tissue this same way. You can actually feel its cutting edges—frequently sharp enough to cause a seriously inflamed condition.

Thirsty fibres are extremely absorbent—yet tough and strong.

Scott Tissues are chemically pure—neither acid nor alkaline in reaction. The sheets tear easily and squarely at the perforations.

Why risk your family's health . . . when it costs no more to buy these fine quality toilet tissues.

They fit the built-in fixtures

**Scott Tissues**

NOTE: Scott Tissue and Waldorf are the two largest selling brands in the world . . . Sani-Tissue is the new popular priced white toilet tissue embodying the famous thirsty fibre qualities.

YOUR DOLLAR BUYS MORE AT A KROGER STORE

WHEY CONTAINS FOOD  
ELEMENTS OF VALUE

Recent Research and Experi-  
ments Establish Health-  
fulness of Whey.

Co-operation between industry and science to develop new products of value to mankind has scored another outstanding success. The most recent discovery indicates that the whey of milk, the watery part which remains after the curds have been removed in the manufacture of cheese, and which for years has been discarded, contains food elements of incalculable health value.

Research leading to the new discovery was carried on at the Rutgers University College of Pharmacy. Dr. Lloyd K. Riggs was in charge of the research. The whey contains valuable minerals which are especially necessary in building bones and teeth, as well as for every other cell in the body. These mineral salts include calcium, phosphorus, potassium and magnesium, which are extremely valuable in the prevention and cure of rickets and other bone diseases.

One of the chief values of the new discovery is the fact that a person may now obtain a sufficient quantity of the important elements contained in whey in compact form, whereas formerly,

to obtain the same amount, it would have been necessary to drink a very large quantity of milk. Also, many persons, because of their condition, or because of milk intolerance, were very deficient in these food elements which they greatly needed.

Speaking in general of the co-operation of industry and science which resulted in the present discovery, Dr. Riggs praised such an alliance, and pointed out that in the present instance alone it had stopped the wasting of hundreds of tons of valuable health food. Experiments of this type are stimulating clinical experiments which may result in a general betterment of health and happiness and an addition to medical knowledge, he said.

## FIG PUDDING IN MOLDS

These individual desserts nice for a home meal.  
For a delicious fig pudding three tablespoons of gelatin, two cans figs, 10-cent size, one-fourth

cup of sugar, two teaspoons of lemon juice, two teaspoons of orange juice, make a dessert for five or six.  
Open and drain the figs. Add the lemon and orange juice to the fig juice and then add sufficient water to make one and three-fourths cups of juice.

Moisten the gelatin with one-fourth cup of cold water. Heat the fruit juice and add the sugar and gelatin (do not boil). Place the whole figs in the molds and pour the hot gelatin over the figs. This may be served with sweetened whipped cream, but a thick custard sauce or a nutmeg cream is fine.

## Banana Fritters

Dip ripe banana in batter, then fry in deep fat until golden brown. Serve with jelly sauce made by adding enough warm water to jelly to reduce jelly to sauce consistency. Batter is made of two well beaten eggs, one cup of milk and one-half cup cracker crumbs.

Libby's wonderful  
California Peaches  
—famous around  
the world

THEY'RE juicy, yes, and tender. Your spoon will cut through at a touch. And yet famous chefs have chosen them for their most elaborate cooked desserts. It's because they're so exquisitely firm that they hold their shape.

Long, sunlit California days have given them a matchless flavor. And scientific care has made them large and flawless.

Libby's world-famous Peaches come from carefully pruned trees grown in the most fertile peach orchards of America's garden state. Their full bloom freshness is consistently the same because it is scientifically produced.

You'll enjoy trying Libby's California Peaches. You can get them at your neighborhood grocer's. Libby, McNeill & Libby, Chicago.

Your grocer can get Libby's California Peaches through Libby, McNeill & Libby's local branch

## DON'T SUFFER FROM THIS TROUBLE

Prevent It This Pleasant,  
Healthful Way

Beware of the frequent headaches,  
the listless feeling, bad breath and  
sallow complexion.

If allowed to continue, constipation  
may get its grip on you and  
serious sickness can result.

The poisonous wastes in your system  
must be removed. Kellogg's  
ALL-BRAN is guaranteed to do this  
safely, completely. Just eat two  
tablespoons daily—recurring cases,  
with every meal.

Doctors recommend Kellogg's  
ALL-BRAN. Because it is ALL-  
BRAN it brings complete results.  
Far better than habit-forming drugs  
or pills that are often dangerous.  
Kellogg's ALL-BRAN not only pre-  
vents and relieves constipation pleas-  
antly—it also supplies your blood  
with the iron it needs to keep a  
healthy color and a strong body.

Ready to eat with milk or cream.  
Delicious with fruits or honey  
added. Recipes are on the package  
for muffins and breads. Sold by all  
grocers. Served by hotels, restau-  
rants and dining-cars. Made by  
Kellogg in Battle Creek.

### VEGETABLE RING FOR A PLATE DINNER

Spinach Ring With Spring  
Vegetables Makes a Pal-  
atable Main Dish.

There is no gainsaying the popu-  
larity of vegetable dinners and the  
fresh spring vegetables lend them-  
selves in a most appealing manner  
to some excellent combinations  
that are especially good for meat-  
less days.

In planning any vegetable meal,  
it must be kept in mind that flavor  
combinations must be considered,  
the nutritive value estimated, color  
combinations and textures of the  
foods used taken into account and  
the meal as a whole visualized as  
it will appear when served.

At first glance, this may seem to  
be asking a great deal, but it is  
really not difficult and it counts  
the difference between a successful  
and a very mediocre vegetable  
meal.

**SPRING VEGETABLE DINNER.**  
Vegetable bouillon  
Spinach ring with creamed  
mushrooms

Hearts of lettuce with Russian dressing  
Tapoca cream with crushed straw-  
berries

Coffee

There are several very good vari-  
eties of canned vegetable soups on  
the market. Some of them need  
only the addition of boiling water  
to make delicious and nutritious  
bouillons or clear soups. Served in  
cups with a thin slice of lemon, they  
provide an excellent start for a vege-  
table dinner.

As an occasional variation, small  
cubes of bread dipped in milk,  
rolled in grated cheese and broiled  
in a hot oven, may be added to the  
bouillon.

**Spinach Vegetable Ring.**  
Chop very finely one-fourth  
peck fresh spinach. This is best  
accomplished by letting it soak for  
at least a half hour in plenty of  
cold water. Then cut the root stem  
from each bunch and place in more  
fresh cold water. When clean, put  
in a large kettle, cover closely and  
cook for 25 minutes. Drain and  
add very fine. Season with two  
tablespoons of butter, one teaspoon  
salt and two tablespoons of cream.  
Pack in a buttered ring mold or  
into six individual molds. Stand in  
a pan of hot water to reheat.

Meanwhile, wash two bunches of  
very small new carrots and boil  
without peeling in just enough wa-  
ter to cover. After they have  
cooked five minutes add one tea-  
spoon of sugar, one-half teaspoon  
of salt and one tablespoon of but-  
ter. Continue cooking for 15 min-  
utes or until tender and the water  
absorbed.

Peel one-half pound mushrooms,  
cut in pieces and add to two cups  
thick white sauce. Cover and cook  
slowly for 10 minutes—a double  
boiler is the best to use. The  
sauce must be thick as the juice  
from the mushrooms will thin it  
somewhat.

Turn the spinach ring or molds  
out on hot plates, pour the creamed  
mushrooms over the spinach and  
surround with a border of tiny  
carrots.

Arrange French fried potatoes  
in a border around the carrots  
and serve the whole dish very  
hot.

**Tapoca Pudding.**  
Scald one quart of milk and stir  
in one-fourth cup granulated tap-  
poca and one-half cup sugar. Stir  
until the mixture thickens and the  
tapoca becomes transparent. Beat  
the yolks of two eggs and gradu-  
ally add the hot tapoca to them,  
stirring constantly.

Beat the egg whites until stiff  
and whip into the mixture, adding  
one teaspoon grated lemon rind or  
any desired flavoring. Remove  
from the fire and set aside to  
cool. Chill before serving.

**Strawberry Sauce.**  
Crush a pint of fresh, ripe  
strawberries and sweeten with  
one-fourth cup powdered sugar.  
Chill and pour around the tapoca  
in the serving dish.

### TEMPTING LUNCHEON DISH

Also Highly Appropriate for a  
Formal Sunday Breakfast.

Brains and shrimp fried in deep  
fat make a very nice dish for  
breakfast or luncheon.

The brains are diced in one-inch  
cubes. Then the brains and the  
shrimps are dipped in beaten egg,  
removed with a fork or skimmer,  
rolled in flour and fried to a nice  
brown in deep fat.

When they are done they should  
be removed from the fat with a  
skimmer, placed on a platter with  
a paper dolly under them and gar-  
nished with sliced lemon. The  
lemon should be cut in eighths  
from end to end, instead of being  
cut in circles.

### FOODS CONTAINING LIME

This Mineral a Necessary Essen-  
tial for Bone Building.

Calcium, or lime, is one of the  
minerals that is absolutely essen-  
tial to the building of firm strong  
teeth, and it is found in a number  
of foods. In spite of this, most  
American diets are said to be lack-  
ing in a sufficient amount of lime.  
Milk is the best source of this min-  
eral which is present also in vege-  
tables and in fruit.

Pleasant quantities of these  
foods are needed specially by grow-  
ing children in order to check den-  
tal decay and to make firm healthy  
teeth and bones.

Aside from the lime that these  
foods contain, they supply valuable  
vitamins and some of the other  
minerals that help promote the  
formation of good teeth.

### SEVERAL NEW SALADS MADE WITH RAW VEGETABLES

Easily Digested Raw Vegetables  
Are Good for the Human  
Body.

Here are several ways of pre-  
paring salads with raw vegetables:  
Cucumber and Endive.

Chop enough cucumber and tart  
apple to make six tablespoons and  
mix them lightly together. Fill  
into the lower, wide end of endive  
spikes. Arrange the spikes on a  
small plate. Top with mayonnaise  
and with bits of cucumber or aspic  
jelly.

**Cabbage and Pepper.**  
Shred and chop fine about a  
third of a medium-sized head of  
young cabbage, cover with ice wa-  
ter and crisp an hour. Drain, dry  
and add a fourth of a cup each of  
finely minced green pepper and  
chopped celery, moisten well with  
mayonnaise and garnish with small  
diced pieces of fresh pineapple.  
Serve on glass salad plates.

**Tomato and Pepper Salad.**  
Cut the stem end of green or  
sweet red peppers, remove the  
seeds and stand in cracked ice.  
For each pepper cut in halves a  
small tomato, squeeze out the seeds  
and cut in cubes; add a quarter of  
an onion, finely chopped; half fill  
the pepper cases, add a whiff of  
mayonnaise and sprinkle the top  
with minced watercress or parsley.

Green pepper cases may also be  
filled with equal parts of tart,  
white apples diced and green pep-  
per mixed with mayonnaise.

**Children Like This.**  
If children will not drink milk  
add cocoa or grated chocolate to  
it and place a spoonful of whipped  
cream on top.

### YOUNG SPRING TURNIPS HAVE A DIFFERENT TASTE

Especially Tasty When Cooked in  
Combination With the Fresh  
Green Tops.

Young turnips cooked with the  
more tender stems and leaves of-  
fer a vegetable which will add new  
flavors.

Select the bunches of white tur-  
nips which have fresh leaves.  
Freshen them and then cook the  
sliced turnips in boiling salted wa-  
ter for ten or twenty minutes be-  
fore the turnip greens are added.

When both are tender drain  
away any excess water and season  
by one of the following ways:  
Bacon fat and lemon juice or  
vinegar add the richness which is  
lacking in this type of dish and  
also blend with the tartness of the  
greens.

Sour cream dressing is fancier,  
and, when served on the drained  
turnips and greens gives a hot  
relish dish.

**Sour Cream Dressing.**  
Whip one cup of sour cream and  
add one tablespoon of lemon juice,  
two tablespoons of vinegar, one  
teaspoon of prepared mustard, few  
grains of cayenne, and one-half  
teaspoon of salt. This is a lightly  
seasoned sauce. One may add  
more lemon juice, vinegar and  
mustard to give a tart sauce.

### ROAST LOIN OF PORK

How to Cook It with a Rich Gol-  
den Brown Gravy.

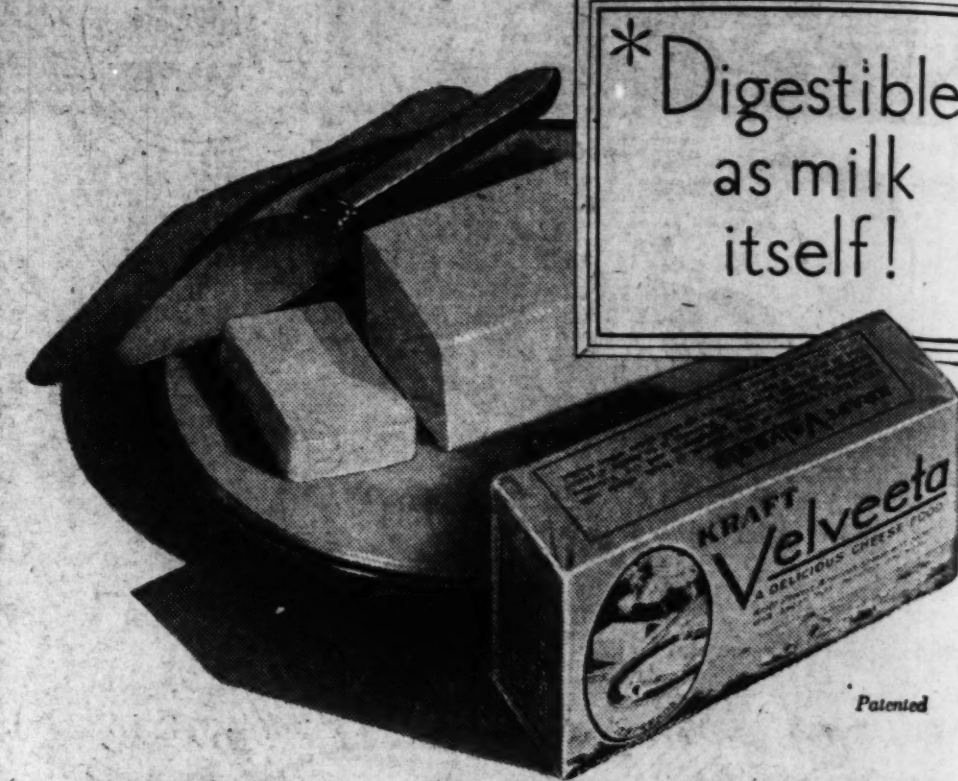

Dredge pork with flour, season  
with salt and pepper and sear in  
broiler. Place in roasting pan in  
a moderate oven and bake 30 min-  
utes for each pound.

**Gravy.**  
To make gravy, remove meat to

serving platter and pour liquid  
into saucepan; skim off fat.  
To juice remaining in the pan  
(there should be two tablespoons)

add two tablespoons flour and stir  
until thoroughly mixed. Place on  
flame and cook gently until it  
bubbles.

Strain poured-off liquid onto  
flour mixture in pan and stir until  
it boils; reduce heat and simmer  
gently 20 minutes.  
This makes a golden brown, de-  
licious gravy.

## Try this delicious new Cheese Flavor today

Something utterly new and different  
in flavor—plus precious health qual-  
ities! In Velveeta, Kraft-Phenix new  
cheese food, all the valuable milk  
sugar and minerals are retained. A pat-  
ented process. Young children... active

adults... sedentary elderly people—  
everyone can digest Velveeta. Velveeta  
spreads like butter, slices when  
slightly chilled, and is perfect for cook-  
ing and toasting. Your grocer has it in  
half pound packages. Try it today.

## More and more Women buy bread this way..

First they make the test-by-toasting  
to prove several facts

Housewives learn that  
since Wonder Bread makes  
better toast, it is best for  
their every household need.

Slo-baked Wonder Bread has replaced other  
breads in more than ten million American  
homes. This largely through the results of  
the famous test-by-toasting.

Women saw this demonstration—that  
shows Wonder Bread's superior qualities in  
baking and ingredients—at stores and home  
institutes everywhere.

Then they bought Wonder Bread and  
made the test at home. Invariably the re-  
sults were the same. Wonder Bread made  
better toast... hence was best for every  
bread need.

So this bread quickly found its way to  
their tables... where families praised its  
true bread flavor and delicate texture.

Why does the fact that Wonder Bread  
makes better toast prove it a better bread?  
Because only from a scientifically perfect  
bread can you make perfect toast.

Thus the better toast you get is due to  
the super-quality ingredients and the ex-  
clusive slo-baking process... which elimi-

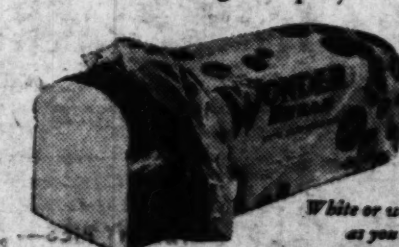

nates all excess moisture and gives you  
bread of fine, delicate texture.

The test is simplicity itself. Just take a  
slice of Wonder Bread and a slice of any  
other bread. Place both in your toaster.

See which slice is toasted first. Which is  
an even, golden brown from edge to edge?  
Which is crisper, with a new delicate toast  
flavor and a delightful aroma?

We have won ten million women with  
this test. If you find the result of your test-  
by-toasting convincing, we believe you will  
want only Wonder Bread hereafter.

BAKERS ALSO OF WONDER PAN ROLLS AND HOSTESS CAKE

Yo Ho! Yo Ho! Yo Ho! for the Happy Wonder Bakers. On the air every Tuesday  
evening at 8:30, over KSD and associated National Broadcasting Company stations.

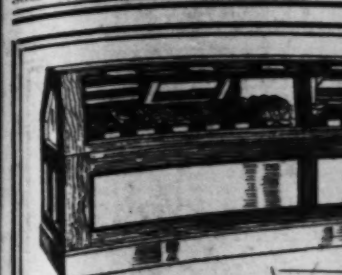

They made the same  
test at home. Saw for  
themselves how sci-  
entifically perfect Won-  
der Bread makes  
better toast...

So housewives decided that since Wonder Bread made  
better toast, it was the ideal bread for every home use.

Member of  
Tom Boy Stores

Gentlemen:

That Spray Cold Case and Baker Refriger-  
erating unit we bought from you is surely a  
trade holder. With this case we can give  
our patrons real service. The foods are  
in sight, easy to select and always have that  
fresh appearance and flavor, keeping the  
moisture in and not taking it out of the  
foods. It is sanitary and no trouble to take  
care of.

We appreciate the service you rendered  
in getting us interested in this mechanical  
refrigerator.

Yours respectfully,

**EUGENE JOLY**

ly Refrigerated

**ST. LOUIS BUTCHERS' SUPPLY CO.**  
1545 N. 15TH ST. Central 5451

*Certainly!*

**LIGHT  
FLUFFY  
BISCUITS . . . every time you try!**

Light, fluffy, piping hot . . . all ready to melt  
in one's mouth . . . is there any man anywhere  
who doesn't relish biscuits like that? Or any  
woman who doesn't want to bake them . . .  
quickly, easily, without fuss or bother?

You can bake such biscuits every time you  
try. You can also bake delicious cakes, pies,  
pancakes, waffles, "quick" breads and pastries.  
Even if you've had little or no baking experience.

You can do it with Jenny Wren

Jenny Wren is the Ready-Mixed Flour in which all  
the hard-to-mix dry ingredients are scientifically  
blended in the exact proportions necessary for per-  
fect results. It does away with all measuring and  
mixing of baking powder, salt, soda and yeast. It  
eliminates the need for all leavening agents. It saves  
time, saves steps, saves dispositions. It eliminates  
guess-work, inaccurate measurements and omissions.

No other flour like Jenny Wren

Jenny Wren is made from carefully selected hard and soft wheats.  
It is rich in phosphates and calcium, which are so essential to  
proper tooth and bone formation. These are usually lost in white  
flour milling, but are included in Jenny Wren thru our exclusive  
process of preparation. This is especially important in families  
where there are growing children to consider.

Use it entirely at our risk

Jenny Wren is such a superior flour that we are able to back it  
with the most liberal guarantee imaginable. We say . . . buy a  
package from your grocer. Use half of it. If not delighted,  
return the unused portion to your grocer and the full purchase  
price will be refunded.

**Jenny Wren**  
Ready-Mixed  
FLOUR

**HEALTH-GIVING QUALITIES  
OF VITAMIN D DISCUSSED**

"Sunshine Vitamin" Is the Familiar  
Name for This Important  
Substance.

With the widespread dissemination  
of information on the health-  
giving qualities of Vitamin D ap-  
proving scientists to new efforts, un-  
usual sources of the "sunshine vita-  
min" are being discovered almost  
daily. The latest is the lowly snail.  
French scientists have discov-  
ered ergosterol, a fatty substance  
also found in the human body, in  
the bodies of edible snails. The  
ultra-violet rays of the sun ac-  
tivate this ergosterol and vitamin  
D is the result. Thus the snail,  
already a Paris table delicacy, is  
now being studied in the labora-  
tory as well as the kitchen, accord-  
ing to a report of the Academy of  
Science in Paris.  
Few foods, however, contain Vi-  
tamin D in quantities sufficient to  
be of material benefit and the dis-  
covery, by an eminent scientist, of  
a method of irradiating foods, has  
therefore been greeted with ac-  
claim in medical and scientific  
circles.  
Common yeast is the richest food  
source of ergosterol and when ex-  
posed to the concentrated rays of  
the mercury quartz sunlamp, ab-  
sorbs large quantities of these  
properties which make the sun  
nature's greatest physician.

**CREAMED EGGS ARE NICE**

**STUFFED WITH TUNA FISH**  
One of the innumerable ways of  
Preparing Hard-Cooked  
Eggs.

This recipe calls for eight eggs,  
one small can of white tuna fish,  
or three-fourths of a cup of fish  
flakes, two teaspoons of lemon  
juice, one teaspoon of salt, a few  
grains of cayenne, one cup of white  
sauce. Paprika is used for a gar-  
nish with part of the grated egg  
yolks.

Remove the eggs from the fire,  
drain and let the cold water run  
over them until they are cool. Peel  
and cut in half. Then remove the  
yolks. Retain two or three yolks  
for a garnish over the service.

Mash the tuna until it forms a  
smooth appearance. Rub the egg  
yolks through a coarse strainer and  
mix them evenly with the tuna.  
Season with two teaspoons of  
lemon juice, one-half teaspoonful  
of salt, a few grains of cayenne.

Mix these ingredients well and  
stuff the half shells of egg white.  
Heap the stuffing on the shells.

Make a white sauce of one cup  
of milk, one tablespoon of flour,  
one tablespoon of butter and one-  
half teaspoon of salt.

While the sauce is being pre-  
pared place the stuffed eggs in a  
moderate oven to warm.

Serve the sauce over the eggs,  
garnish with grated egg yolk (rub  
the egg yolk through a sieve) and  
a touch of paprika. The hot sauce  
will further heat the eggs.

A Secret Worth Knowing.  
The secret of good fudge is in  
letting it cool before it is beaten.  
Fudge made according to the  
standard fudge recipe will give a  
pan of candy of that inviting  
creaminess for which we always  
strive.

**LEFTOVER COOKED POTATOES  
NEED NOT BE WASTED**

Many Tasty Dishes May Be Pre-  
pared With These Cold  
Vegetables.

Even the careful housewife who  
cooks a baked potato for each per-  
son to be served at dinner, fre-  
quently finds a potato or two left-  
over.

Cold baked potatoes when  
scooped out, the portions mashed,  
softened with milk, seasoned with  
pepper and salt to taste make po-  
tato cakes.

Cold baked potatoes may also be  
reheated by removing the inside  
portion, seasoning it and stuffing  
it back into the skins. Sprinkle  
with grated cheese and put in  
oven until vegetables are well heat-  
ed and cheese melted.

Cold cooked sweet potatoes may  
also be utilized. They may be re-  
heated in their entirety if they  
were originally cooked unpeeled.  
If they were cooked with the  
peel on, peel the leftover ones and  
mash them.

They may then be served plain  
with butter, glazed by baking in  
the oven dressed with a little  
sauce made with a couple spoons  
of water and a little brown sugar  
and a little butter or molasses  
may be used to produce the glaz-  
ing. If the molasses is very thick  
add a little water.

The mashed sweet potatoes may  
also be used to make potato puff  
or as an ingredient in home baked  
brown bread.

**COMPANY BREAKFAST DISH**

Scrambled Eggs and Mushrooms  
Appeal to the Appetite.

Saute one pound of fresh mush-  
rooms until tender—a can of pre-  
pared mushrooms may be substi-  
tuted—season with salt and pep-  
per and a few drops of onion juice,  
cool and put through a coarse  
sieve.

Scramble one dozen eggs and  
remove to a hot platter. Cover  
with the mushrooms, garnish with  
parsley and toast points and send  
to table while hot.

This makes a fine Sunday break-  
fast dish for six people.

## TO SEEK REVOLVING STATE BUILDING FUND

Caulfield Wants Appropriation  
Created for Replacement of  
Structures in Emergency.

By the Jefferson City Correspondent  
of the Post-Dispatch.

JEFFERSON CITY, April 18.—Creation of a revolving fund for reconstruction of State buildings destroyed by fire or otherwise damaged, if the damage occurs when the Legislature is not in session, likely will be recommended by Gov. Caulfield to the 1931 Legislature, as a result of destruction by fire last Sunday of the hospital building of the State Federal Soldiers' Home at St. James, Mo.

Loss from the fire was estimated to be between \$100,000 and \$150,000. No funds will be available for reconstruction until the 1931 Legislature convenes and appropriates money for the work. No other funds are available, as State money cannot be expended without a specific appropriation by the Legislature, stating the purpose.

No insurance was carried on the buildings, under the State policy of not carrying fire insurance on State buildings. Fire insurance formerly was carried by the Federal Soldiers' Home, but the practice was discontinued several years ago when the State Auditor ruled there was no legal authorization for paying fire insurance premiums from funds appropriated for the institution.

Except for some of the State teachers colleges which carry fire insurance by paying the premiums from incidental fees collected and not from regular appropriations, the policy is not to carry insurance on State buildings. This is based on the theory that the cost of insurance premiums on all State buildings over a period of years would be greater than loss that might be incurred by fire in the same period.

Gov. Caulfield said a revolving fund of possibly \$500,000 or more should be appropriated for emergency reconstruction in the event of fire at any of the State hospitals or institutions. When it was necessary to draw on the fund for emergency reconstruction, the revolving funds could be replenished by an appropriation by the next Legislature, he said, while under the present system it is necessary to wait for an appropriation by the next Legislature before damaged buildings can be rebuilt.

## PRESBYTERY WOULD WITHDRAW FROM FEDERAL CHURCH COUNCIL

Overture to Southern General Assembly Protests Against Alleged Political Activity.

By the Associated Press.  
CHARLOTTE, N. C., April 18.—Alleged political activities of the Federal Council of Churches of Christ in America were under fire today in an overture of the Mecklenburg Presbytery to the General Assembly of the Presbyterian Church of the United States (Southern).

The Presbytery urged the general church body to withdraw from the Federal Council of Churches, because, it was asserted, the council "is now being investigated by the Congress of the United States for its political activities on questions which Christ did not commission the church to settle."

The overture further declared that the church council "has been charged from reliable sources with being in sympathy with communism and with Russian Soviet propaganda" and "that the Federal Council of Churches radio program has been the means of widespread error or fundamental truth."

The overture was adopted yesterday at the Presbytery's meeting at Mint Hill. It will be presented for consideration at the Southern Presbyterian General Assembly at Charlottesville, Va., May 22.

Rev. J. G. Garth of Charlotte, clerk of the Presbytery, said. The Presbytery embraces 94 churches.

## INVESTIGATION IS RENEWED IN NEBRASKA BANKER'S DEATH

Former Cashier Says He and Ex-President, Who Was Burned

Fatally, Received Threats.

By the Associated Press.  
OMAHA, Neb., April 18.—A new investigation of the death of Oscar J. Millus, former president of the First National Bank, who recently was burned fatally in the wreckage of his automobile near Omaha, has been opened by County authorities on information furnished by J. T. Hartnett, former cashier of the bank.

Hartnett told authorities that both he and Millus had received threatening letters signed by "a depositor of the bank" for several weeks prior to the time the former bank head was abducted by a highwayman and left to die in the flaming wreckage of his car.

Police learned that three insurance companies carrying a total of \$84,500 on Millus' life are conducting an independent investigation of the case. Much of the insurance, taken out but a short time before his death, had a double indemnity clause, covering death in an automobile accident.

Wants Five New Pacific Ships.

By the Associated Press.  
WASHINGTON, April 18.—A proposal for construction by an unidentified Portland (Ore.) firm of five-passenger cargo ships at a total cost of about \$15,000,000 to operate between Portland and the Orient will be laid before the Interdepartmental Board of Ocean Mail Contracts Tuesday by K. D. Dawson, Portland.

**AL JOLSON IN "MAMMY"**

**All for Fun and Fun for All!**

Three musketeers of merriment—Al Jolson, Irving Berlin, and Vitaphone—united in the common cause of Comedy!

"Mammy" is for laughing purposes only.

Back to blackface, as you like him, here is the cinema's sweetest singer in the style of show that won him his first stage fame—a Jolson you've missed even in "The Jazz Singer" and "The Singing Fool"!

Al as an "end man" begins your biggest evening in the theatre...

And then come more exciting features than you've ever found in a Jolson hit:—Full color scenes—songs by America's master hit-writer—a mammoth minstrel show—and a cast studded with such stars as Lois Moran, Lowell Sherman, Louise Dresser and Hobart Bosworth...

Put them all together they spell "MAMMY", the grandest talking comedy yet!

**He made the First—now he's made the Best**

**VITAPHONE Picture**

**A Sure Set.**  
If the milk that is heating for  
junket should accidentally boil, let  
it cool to the lukewarm tempera-

ture for junket, add the tablet and  
it will be just as good as usual.  
Only never add the tablet until the  
milk has cooled, as junket will not  
set with hot or even warm milk.

**Neapolitan Noodles.**  
Two packages of fine noodles; six  
tomatoes, one green pepper, one  
onion, two teaspoons salt, one tea-  
spoon black pepper. Parboil the  
noodles. Cook chopped onion and  
pepper in butter and add quartered  
and peeled tomatoes. Cook the  
sauce slowly for 15 minutes. Add  
salt and pepper and noodles and  
cook until noodles are tender, but  
not soft. Serve on a heated platter,  
sprinkled over with grated sharp  
cheese and paprika.

**Brussels with Cheese.**  
Make a cream sauce of three ta-  
blespoons flour, three tablespoons  
butter, one and one-half cups milk.  
When smooth add one and one-half  
cups cooked Brussels sprouts and  
two-thirds cup grated cheese and  
cook until cheese melts. Serve on  
buttered toast.

SOME 400-year-old rules for han-  
dling wives will soon be pub-  
lished in London in connection  
with a new book on Rabelais.  
The rules were drawn up by Ti-  
ragueau, friend of Rabelais, who  
had considerable experience with  
wives.  
First of all, he sets forth the dic-  
ta that "woman is man's inferior."  
Having established his premise,  
Tiragueau goes on to say, "She is  
not to be struck or mistreated in  
any way."  
"The wife is to be educated by  
example and by caresses mingled  
with severity. She may be threat-  
ened when necessary."  
All Shriveled.  
If your hands are the sort that  
wrinkle and shrivel when in water  
for a length of time, rub them with  
salt or vinegar, well into the skin,  
and you will find that unpleasant  
feeling leave and the flesh be soft  
and fine.

YOU will be able to use your  
small saucepans on the gas  
stove without having them tip  
over if you place under them one  
of those coarse wire squares that  
can be purchased for a dime. With  
one of these over the opening of  
the range you will be able to use  
the smallest of cooking vessels and,  
as the wire protector is open work,  
there is no restriction to the flame,  
so the cooking process is not in-  
terfered as it is with the iron plates.  
Protecting the curtains from  
rain and dust when windows are  
wide open is a problem for most  
housekeepers. There is now a cov-  
ering on the market that will do  
this effectively. The curtain, also  
overdraped, if desired, is inclosed in  
the protector, which is of water-  
proof material, in a large range of  
colors and the draperies are abso-  
lutely protected.

**GUARDS ARE RUSHED  
FROM FORMER CIT**

**Armored Cars Placed  
Service — 17 Persons A  
rested at Headquarters  
All-India National Co  
gress Committee.**

By the Associated Press.  
CALCUTTA, India, April 19.  
One hundred Indian Nationalists today attacked the police armory at Chittagong, across the Meghna estuary east of here, and killed six of the defenders. The dead include one Sergeant-Major.

Before assaulting the armory the insurgents cut telephone and telegraph lines leading out of the city, which is of about 30,000 population, and derailed a train about 10 miles away, blocking the railway line.

A detachment of Eastern Frontier Rifles under command of Lieutenant-Colonel Dallas Smith was ordered from here to Chittagong this morning.

Strong guards were established at all gun shops here, while armored cars and armed police took up positions in strategic locations. Authorities ordered an immediate search of the city for arms and ammunition.

**Congress Headquarters Raided**  
Headquarters of the All-India National Congress Committee were raided and 17 arrests made. Five of those arrested belong to the Bengal Provincial Congress Committee, and six to the South Calcutta Congress Committee.

An official Government bulletin issued regarding the attack read: "The Government regrets to announce that the railway and police stations were attacked by a body of insurgents estimated to number 200 and were gutted. The details are not yet fully known but from information received up to the present it appears that one Sergeant-Major, one Anglo-Indian and four Indians were shot dead.

"Otherwise so far as can be ascertained all civilian railway employees are safe, including women and children who have been accommodated at the jetties."

**Leader of Nationalists in Bombay Suburb Sentenced.**  
By the Associated Press.

**BOMBAY, April 19.**—Jamanadas Kelta, leader of the civil disobedience movement at Virar, a suburb of Bombay, was sentenced today to six months' imprisonment and ordered to pay a fine of 200 rupees (about \$70). He was arrested yesterday at Virar.

Mahatma Gandhi's wife today urged the women Nationalist volunteers who are following her in a campaign for Indian independence to go into the interior and uproot the palm trees from which India derives the constituents for their alcoholic drinks.

She, accompanied by a group of women devotees, marched to local temples near Jalapur frequented by habitual toddy drinkers, singing a shortoration to the residents to abandon strong drink. The volunteers went from house to house and urged wives not to give their husbands food if they continued to drink liquor.

### Mr. Besant Wants Britain Make Definite Promise.

MADRAS, April 19. — An  
 rant, who is strongly opposed  
 the civil disobedience move  
 though allied with the Indian  
 onalists, today sent a telegram  
 Redwood Benn, Secretary  
 ate for India, in which she  
 among other things:

There is increasing restlessness in India while English policy is uncertain. A definite declaration that the work of the project and the round table conference is to secure the dominion status and a constitution for India would place matters on the right foundation and move in the right direction."

A private meeting of politicians, leaders and merchants will be held tomorrow to devise means for an effective boycott of foreign goods.
